REPORT

OF THE

AUDITOR GENERAL

FOR THE

YEAR ENDED 30th JUNE

1891

PRINTED BY ORDER OF PARLIAMENT

OTTAWA:
PRINTED BY S. E. DAWSON, PRINTER TO THE QUEEN'S MOST EXCELLENT MAJESTY.
1892.

[No. 1—1891.] *Price* 85 *cents.*

AUDITOR GENERAL'S REPORT, 1890-91.

I have the honour to submit the Appropriation Accounts and the Details of Expenditure for the Fiscal year 1890-91 and the Revenue Accounts for the same period.

Shortening time for payments.

I have to again call attention to the advantages which would result from shortening the period after the end of each financial year during which liabilities which have been incurred before the 30th of June may be paid. I am sure that no inconvenience would follow the shortening the three months period to one month, while this office would be able to get out the annual report for Parliament a month earlier than it now can and with less labour and worry.

Departmental Salaries paid from Outside Votes.

At page C—287 will be found a discussion which has taken place with the Public Works Department regarding the charging of the salaries of clerks and other employés whose headquarters are at Ottawa, and whose principal work is done here, to the appropriations for public works in different part of the Dominion.

The fact that a man's salary for a month was never broken, that the whole of it has always been charged to one appropriation and it being evident that it was not possible to divide the work of each of a large number of employés, so that each employé would have been engaged a full month and no more on duties connected with a particular harbour or building, shows that the appropriation charges have not been correct. See my report of 1889-90, note at foot of page A—63.

I am glad to learn that it is under consideration to ask for a specific appropriation for next year to cover these salaries as well as the travelling expenses and other contingencies connected with the duties on which the employés are to be engaged.

It will be observed that very full details are given of the travelling expenses of all employés at Ottawa, distinction being made between the amounts charged against Civil Government Contingencies and those charged against Public Works Appropriations. This information with that regarding Ottawa salaries charged to outside votes which is in this report as it was in previous ones, will give Parliament full knowledge of the expenses at headquarters which have been borne on those votes and will assist in determining the amount of the appropriation which should be set apart for similar purposes next year.

It is not necessary to enlarge upon the extent to which such a change would tend to economy by limiting the amount to be spent for the purpose. Another advantage would be the simplifying of account keeping in the Public Works Department and in the Audit Office.

Settlement of matters of principle in travelling expenses and in gratuities.

It is hoped that the full details of travelling expenses which are given will enable the Public Accounts Committee to settle the matters of principle involved in the strictures which have been made from time to time in this office on this kind of expenditure.

I should be glad if the committee could also see its way to the disposing of the question of small gratuities and other minor points on which I feel it my duty to comment as long as there are no valid regulations warranting the payments.

Amounts due to the Government.

It will be noticed, that in dealing with the Revenue, amounts due to the Government have been specified. I would respectfully suggest that a sub-Committee of the Public Accounts Committee examine these accounts with a view of determining those which it is expedient to endeavour to collect and of recommending Parliament to wipe off the remainder.

It appears to me that the regulations as to the settlement of accounts due to the Government are now sufficiently precise to prevent the speedy addition of many new claims which will be difficult of liquidation. Such a disposal as is recommended of the existing accounts would do away with the necessity of a repetition of a statement of them in the annual report of this office.

The sub-Committee might also take up the cases in which on reference to the Treasury Board the rulings of the Audit Office have not been sustained and provide the office and the departments with general regulations on cases similar to those which have been the subject of review.

Revenue.

The correspondence in connection with the Revenue has been given at length, that Parliament and all officials employed in the collection of the Revenue may know the progress which is being made in applying the Parliamentary Audit to this part of the Public Accounts and the manner in which the work is being pursued. As will be observed some progress is being made each year.

Certificates.

The examination of pages C—301 and C—307 will show that the consideration of this office has been given during the year to determining the wording of certificates and the classes of persons who should give certificates as to works and to other expenditure.

I have also considered the question of certificate in connection with the investigations which occurred into departmental irregularities, but have been unable to see that there was any deficiency in the certificate under which the irregular payments were made. The Civil Service Commission, by which this question was considered, took the same view.

Two months' Gratuities to Families of deceased Officials.

It has been the habit, with the tacit approval of Parliament, to give to the family of a deceased officer who was in a permanent position, a gratuity of two months' salary. I am advised that these payments, although they have been of general application for many years, are not strictly legal. If they are to continue they should be recognized by an Act of Parliament.

J. L. McDOUGALL,
Auditor-General.

AUDIT OFFICE, Feb. 25, 1892

NOTE.—The Treasury Minutes will be found at page A—21.

J. L. McDOUGALL, *Auditor-General.*

J. S. STEVENSON.

TREASURY DECISIONS, &c.

Advances to Contractors—Wm. Davis & Sons.

AUDIT OFFICE, OTTAWA, April 20, 1891.

SIR,—Let me acknowledge receipt of your application No. 457 for $60,000, being for an advance to Wm. Davis & Sons on the security of their plant in use on the Cornwall Canal.

I have again to raise the objection of July 11, 1889, and April 8, 1891 : "That Government money is only paid out either for expenditure under authority of Parliament, or to banks for safe-keeping."

I have not yet received a copy of the Order in Council of March 26, quoted in the application.

I am, Sir, your obedient servant.

J. L. McDOUGALL, *A.G.*

The Secretary, Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, May 15, 1891.

SIR,—Let me acknowledge receipt at this moment of your applications in favour of Wm. Davis & Sons for $21,340, on their estimates for work on the Cornwall Canal.

Before passing these certificates, I shall need to be informed of the disposition made of the $60,000 recently advanced to the Chief Engineer of Canals for expenditure on the Davis sections.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Railways and Canals Dept.

RAILWAYS AND CANALS DEPT., OTTAWA, May 16, 1891.

SIR,—In reply to yours of the 15th instant I am to say that under authority of an Order in Council dated March 26 last, approving of an advance being made of $60,000 under a certain agreement dated April 6, 1891, with the firm of William Davis & Sons, the cheque for that amount was paid to them through the Quebec Bank.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 18, 1891.

SIR,—Let me acknowledge receipt this morning of your letter of May 16, stating that the $60,000 has been paid to Wm. Davis & Sons, and that this was done under authority of the Order in Council of March 26.

I am unable to recede from the position previously taken : that advances can be made only to Government officers, and not to outside creditors ; and I did not interpret the Order in Council as passing this advance out of the hands of the Chief Engineer before the work was done. Until this decision is over-ruled by the Treasury Board, I cannot certify further payments to the Messrs. Davis until their estimates cover the $60,000.

As I understand that an appeal to the Board will be asked for at once, I shall state my objections at greater length in the course of the day, and shall send you a copy as soon as ready.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, May 18, 1891.

Sir,—I am sorry that there is again occasion to trouble the Board with the consideration of the position which I feel obliged to take with reference to payments for the Wm. Davis & Sons' work on the Cornwall Canal.

The Order in Council dealing with the $60,000 application from the Messrs. Davis reached me while the subject was recently before the Board on an appeal from the view which I had formed on what I had understood, before I saw the Order-in-Council, was its full import.

The Order ends with these words, "and that the advance so made be spent under the supervision and direction of the engineer in charge of the work."

While continuing to hold the view that it is both illegal and impolitic to pay a Government contractor for work which has not been performed, I then felt justified in passing the $60,000 application in favour of the Deputy Minister of Railways, under the restrictions of the Order in Council. Notwithstanding any other words in the Order, those which I have quoted seem to direct clearly that payment for no part of the work is to be made until after the completion of such part of the work. I now learn that the $60,000 has been advanced to Messrs. Davis & Sons. There is also an application from the Department of Railways and Canals to the Audit Office for the payment to the Messrs. Wm. Davis of $21,340, the full amount of the April estimate.

It seems to me that to obey the Order in Council as far as it is now possible to obey it, the whole amount of the April estimate must be retained against the $60,000, the payment of which to the contractors before there was work to represent it, was not warranted by the Order in Council.

Then if part of the April estimate is payable, 15 per cent at least of it is to be retained.

Another objection which I feel bound to make is that the payment, if sanctioned by the Governor in Council, has not parliamentary authority.

There is nothing in the Order in Council which makes the payment of the $60,000 anything but an ordinary loan. Although the payment is to a contractor, it is before his work is done and the work may never be done. The loan is without interest.

Sections 28 and 30 of chap. 29 of Revised Statutes describe how public money is to be kept, that is, in a chartered bank. If this money may be legally loaned to Wm. Davis & Sons, any other part of the money of Canada may be loaned to any other person, whether he has a contract with the Government or not. The fact that there is an appropriation for a canal, part of which Messrs. Wm. Davis & Sons are building, does not help the matter, because there is no connection between the work and this money. This sum after it left the hands of the Government may have been used to buy a mine or for any other purpose.

Although the almost invariable practice with contractors has hitherto been to require a deposit for the performance of the contract and to retain until the completion of the contract a portion of the money for which work has been done, I do not maintain that no circumstances would justify the giving up of the deposit, paying all the money represented by work performed, and making an advance besides. To secure work on account of which money has been paid or to complete speedily work immediately required by the people of Canada would be reasons for such an advance, the Government afterwards to describe to Parliament the unusual circumstances which made it necessary to do what under usual circumstances would have been illegal.

Other reasons to justify the course might in the interest of the country exist but they do not occur to me now.

The interest of the contractor has no claim for consideration.

The precedent of making this advance is in my view as bad a one as can be established. It will be impossible to close the door when it has been opened.

Assuming that the objection to this loan, that it is not subject to interest, were removed, there would still be the objection that every contractor would be in a position to use the argument that Wm. Davis & Sons, without any public interest requiring it, were given a large advance on their plant, and why should he not be favoured in the

same way. The pressure would of course be much stronger from the financially weak than from the strong. The men with numbers of creditors in danger of losing their claims would not lack friends to support their cause. The business of the country is under any circumstances sufficiently difficult and expensive, without attaching to it an onerous and troublesome branch, which if faithfully managed would in its working please but few and lead to annoyance to many and to complaints by them of favouritism to those who would have received advances.

What loss has the Government suffered by the system now in existence? What advantage would it reap from the proposed change? All the gains would be the contractor's. All the losses would be the Government's, with old plant as an off-set.

One of the two bad pays is the pay beforehand.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary of Treasury Board.

TREASURY BOARD, OTTAWA, May 20, 1891.

SIR,—Pending the drawing up of the papers, the Treasury Board decided to allow payment to Davis of the amount of his April estimates, less 15 per cent.

Pray see Sir John Thompson and settle the case as soon as possible, so it can be put on record.

Yours very truly,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 21, 1891.

SIR,—I am informed by the Secretary of the Treasury Board that my decision concerning the advance to Messrs. Davis has been over-ruled, but that the 15 per cent reduction should begin with the April estimate. Enclosed please find your application which will need to be amended accordingly.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Advance to Contractors — O'Neil & Campbell.

AUDIT OFFICE, OTTAWA, April 8, 1891.

SIR,—I have received your application No. 430 for an advance of $16,000 to O'Neil & Campbell, under the Order in Council of April 2nd, the bond of Messrs. O'Neil & Campbell being attached.

This case is similar to that of the Canada Atlantic Railway, concerning which I wrote to you July 11, 1889, as follows :—

"Let me point out that Government money is only paid out either for expenditure "under the authority of Parliament, or to banks for safe keeping."

I am still of the opinion that services cannot be paid for until they are rendered.

I have not yet received a copy of the Order in Council, but am writing this now to save delay.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 11, 1891.

SIR,—The Minister of Finance has given me a statement, that my objection to the O'Neil & Campbell advance has been over-ruled, and that a Treasury Minute in that direction is preparing.

I have passed, therefore, your application for the advance of $16,000, less the two estimates which have gone through since its date—leaving $13,345.37 cash paid to-day.

This deduction is made in view of the fact that the Order in Council makes no mention of how long the advance is to be left intact.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

Cape Breton Ry. :—Isbester & Reid.

AUDIT OFFICE, OTTAWA, Jan. 20, 1892.

SIR,—I am in receipt of your letter of yesterday, with reference to the payment of the sum of $20,202.20 to Messrs. Isbester & Reid, for work on the Cape Breton Railway.

In reply, I beg to say, that my ground of objection to the payment is that the money is not justly due under the contract, (see Audit Act, sec. 32, sub-sec. 1), (*c*).

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Jan. 21, 1892.

SIR,—I have the honour to inform you that under date the 8th instant, an Order in Council has been passed authorizing the payment to Messrs. Isbester & Reid, contractors for certain works of railway construction in Cape Breton, of the sum of $20,202.20, the details of the case and the grounds for such payment being stated in the said Order, and in the papers attached to it; further, the Order authorized the provision of the necessary funds by the issue of a special warrant.

Under date the 20th instant, the Auditor General has objected to the proposed payment, his position being that "the money is not justly due under the contract."

Under these circumstances the Minister of this Department directs that a decision of the Treasury Board be requested, under the provision of the Audit Act to that effect, as to the sufficiency of the objection so raised.

The Auditor General has been duly informed of the intention of the Department to bring the case before the Board for its ruling.

I enclose the Order in Council in question, and also the letter from the Auditor General referred to.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. T. TRUDEAU, *Acting Sec.*

AUDIT OFFICE, OTTAWA, Jan. 22nd, 1892.

SIR,—With reference to the appeal from my refusal to pass the application to pay Messrs Isbester Reid $20,202.20 on account of the work done by them on the Cape Breton Railway, I beg to state my reasons for my action.

The work was carried on under contract, there having been provision in the contract for each kind of work for which charge is made in the sum which it is now proposed to pay the claimants. There is no evidence that there was even a statement to the Government or its agents who were superintending the work, from the contractors during the time the work was going on, that it was expected by the contractors to obtain from the Government any payment in excess of what the terms of the contract would warrant. Certainly there was no promise or intimation even from the Government that such excess would be allowed or recommended. It appears to me that now after the work has been completed under the contract, the Government cannot go beyond the contract. If during the progress of the work it had been found impossible, through the incapacity of the contractors, to secure the completion of the work at the contract rates, and

if the contract had been then modified, the modified prices might, it appears to me, have been paid for work done subsequently to the modification of the contract. If a private individual were in the situation which the Government holds under this contract, he might make a gift of his own money; but the Government, being in the position of a trustee for other persons' money, cannot make a payment for work calculated at rates which are beyond the rates which are fixed by contract.

It may be urged that this is a case of hardship. If so it may be the duty of the Government to recommend to Parliament the authorization of the payment. Parliament will in all probability meet within two months, and the knowledge of the intention of the Government to make the recommendation would be of benefit to the claimants in making financial arrangements should such arrangements be a matter of convenience to them.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, Feb., 2, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd January, enclosing certain papers in connection with the claim of Messrs. Isbester & Reid for $20,202.20, on account of the Cape Breton Railway contract.

The papers show that an Order in Council was passed authorizing the issue of a Governor General's warrant for the payment of the claim in question; but that the Auditor General refused to certify on the ground that the money was not justly due under the contract, his objection being elaborated in a letter to the Secretary of the Treasury Board, dated 22nd January last. I have now, by direction, to state as follows:—

In my judgment the Auditor General appears to be in error in his criticisms of the amount so far as items 1 and 2 of the claim amounting to $18,968.50, are concerned. In respect of these items, there is no claim for payment "in excess of what the terms of the contract would warrant." The papers show that the work referred to in these items was performed, even although it may have happened that the estimate therefor was only allowed after the full completion of the contract.

The papers further show that the price for such work was the contract price, and therefore the Auditor General's objection to these items is untenable.†

I am, however to state that the question is not one in respect to which this Department is necessarily called upon to advise, but is one for the Treasury Board alone, under Section 32, sub-section C of the Audit Act to consider.

Then, in regard to the remaining items of the account amounting to $1,233.70, while it would appear that these items may not be payable under a most strict construction of the contract, yet it is for the consideration of the Treasury Board likewise to deal with them under the provisions of the sub-section which I have just quoted.

Papers returned herewith.

I am, Sir, your obedient servant,

ROBT. SEDGEWICK, *D.M.J.*

The Secretary of the Treasury Board.

†Note by Auditor General.—I still hold that these prices were not the contract prices.—J. L. McDOUGALL, A.G.

Treasury Minute, Feb. 2, 1892.—The Board having had under consideration a case prepared by the Auditor General and the Deputy Minister of Finance under Section 32, sub-section 1 (*a*) of the Consolidated Revenue and Audit Act, the Auditor General having objected to the payment to Messrs. Isbester & Reid under Order in Council of the 8th January, 1892, of the sum of $20,202.20 on the ground that the money was not justly due, are of opinion that as regards the undermentioned items claimed by Messrs. Isbester & Reid, viz.:—

1. Gypsum borrow returned in Estimate at earth prices . .	$ 6,443 50
2. Ballast materials used in embankments in place of inferior material at hand	12,525 00
	$18,968 50

the sums so claimed are justly due and should be paid to Messrs. Isbester & Reid, notwithstanding the objection of the Auditor General, and they so direct.

With regard to the items making up the balance of the claim, viz. :—

3. Repairing works at McDonald's Gulch	$ 549 82
4. Replacing wind-mill at West Bay	346 50
5. Repairing engine house	337 38
	$1,233 70

the Board are of opinion that they constitute a fair claim against the Government and may be placed in the Estimates to be submitted to Parliament at its next session.

J. M. COURTNEY, *Secretary.*

Beaverton Wharf: Local Contribution.

AUDIT OFFICE, OTTAWA, July 29, 1891.

SIR,—Let me acknowledge receipt of your application No. 14 for $500 in favour of David Porter, on account of the final estimate for Beaverton Wharf.

The Votes for this structure are as follows :—

1890 : Beaverton Wharf—(the local authorities furnishing $1,500)	$ 5,000
1891 : Beaverton Wharf—(the local authorities furnishing $1,500)	500

The $500 voted is the interim tenth of the estimate of $5,000 for 1891--92.

The first local contribution of $1,500 came to account in November, 1890, and was credited to the expenditure of 1890--91.

I am unable to make payment out of the Vote for 1891--92 until the second contribution of $1,500 comes in from the municipality.

I am, Sir, your obedient servant,

The Secretary, Public Works Department. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF PUBLIC WORKS, OTTAWA, Sept. 11th 1891.

SIR,—In reply to your letter of the 29th July last, stating that you are unable to pass the application for $500 in favour of David Porter, on account of the final estimate for Beaverton wharf, until the second contribution of $1,500 comes in from the municipality, I have the honour to inform you that only one contribution of $1,500 was to have been made by the municipality and that one the municipality has paid.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secretary.*

Treasury Minute, December 16, 1891.—The Board had under consideration a memorandum from the Hon. the Acting Minister of Public Works, stating that on the 9th February, 1891, Mr. David Porter, of Wiarton, entered into a contract with the Department of Public Works for the construction of a wharf at Beaverton, Ontario, and that the works being completed the final estimate had been rendered in favour of Mr. David Porter; that the votes made at the Sessions of 1890 and 1891 were conditional upon the municipality of Beaverton contributing a sum of $1,500 for the work,

and that said contribution had been paid by the municipality; that upon application being made to the Auditor General for a payment of $500 to Mr. Porter on account of the final estimate, the Auditor General claimed that the wording of the vote for 1891-92, being as follows: "Beaverton wharf—the local authorities furnishing $1,500"—meant that the municipality had to make a second contribution of $1,500, and he declined to make the payment of $500 applied for until the second contribution had been paid in by the municipality; that the wording of the vote for 1891-92 was only a repetition of the wording of the vote for the previous year, and it certainly was not intended that a second contribution was expected from the municipality, the sum last asked being merely to complete the payments on the work.

The Board, on the advice of the Department of Justice, and under the authority of Section 32 of the Consolidated Revenue and Audit Act, direct the issue of the cheque in question.

J. M. COURTNEY, *Secretary.*

Security from Public Officers.

DEAR SIR,—Please let me know of any action which may have been taken by the Treasury Board on my letter of May 21, 1890, concerning the security to be given by public officers.

This letter will be found on page A-6 of my report for 1889-90.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

Labour Pay-Lists to Specify Days of Work.

AUDIT OFFICE, OTTAWA, Dec. 17, 1891.

SIR,—Let me call your attention to my letter of June 11, 1890 (shown on page A-6 of my report for 1889-90), which asked the approval of the Treasury Board for a blank form to be used in making out pay-lists of temporary labourers.

I understand, from oral inquiry, that the original letter and form were mislaid shortly after they were sent. I therefore enclose herewith another copy of the same blank form. Kindly obtain an early decision of the Board on the question.

I may add that the Department of Canals has used this form for two years, and the audit of their pay-lists has been facilitated greatly thereby.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

Post Office Dept.—Purchases from Pritchard & Andrews.

AUDIT Office, OTTAWA, May 20, 1891.

SIR,—In connection with the accounts rendered your Department by Pritchard & Andrews, Ottawa, I beg to direct your attention to the Act of Parliament respecting the Department of Public Printing and Stationery. Under Section 6 of this Act, it is provided that all articles of stationery required for use in the several Departments of the Government of Canada shall be purchased and supplied through the Superintendent of Stationery. It appears to me that, in view of this enactment, all the supplies furnished the Post Office directly by Pritchard & Andrews should be obtained through the Government Stationery Office.

I should like further, with reference to these accounts, to call your attention to the absence from them of the certificate required by Section 33 of the Audit Act. Some of them are marked "correct" over the initials "O. F. for Supt." They should be

certified by the Superintendent himself, or, in his absence, by the officer in charge and duly recognized, that the articles enumerated in the account were received and that the prices charged are fair and just.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

POST OFFICE DEPT., OTTAWA, June 1, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th ult., in which you point out that all the supplies furnished to this Department directly by Messrs. Pritchard & Andrews, of this city, should be obtained through the Government Stationery Office in accordance with 51 Vic., cap. 17, which provides that all articles of stationery shall be purchased and supplied through the Superintendent of Stationery, and I desire to say, in reply, that having taken occasion to ask the Minister of Justice for his interpretation of the enactment in question as it bears upon the point raised, the reply received is to the following effect :—

"I have now to state that the articles referred to by you (such as metal stamps for post-marking letters and sealing mail bags, and the stamping material used in connection therewith ; also letter and parcel scales and weights, wooden bag labels, etc.,) are not stationery, and that there is no legal objection to your purchasing them as heretofore."

In accordance with this opinion it is proposed to continue, for the future, the existing practice as respects the order and supply of such articles as those mentioned.

To disturb the present arrangement with Pritchard & Andrews, as indicated in your letter, would result in great inconvenience, and tend to retard seriously the expeditious and efficient working of this portion of the supply service of the Department, in connection with which it is highly desirable that in dealing with the firm in question the Department's action shall not at any time be hampered by the necessity for doing so through a circuitous channel.

For very many years the firm mentioned have satisfactorily furnished to the Department the class of Post Office material in question, and in order to meet the requirements of this Department they have at heavy expense imported expert workmen, special machinery and material, from Great Britain, and hold themselves prepared to supply at a moment's notice—such as in the event of the destruction of post offices by fire, the establishment of new post offices, etc.,—any of the articles described.

From every point of view, therefore, it is, in my opinion, essential in the best interests of the postal service, that all the prevailing arrangements with Messrs. Pritchard & Andrews should continue as at present existing.

I may add that, for the future, care will be taken to have all accounts from Pritchard & Andrews duly certified as prescribed by Sec. 33 of the Audit Act.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G.*

AUDIT OFFICE, OTTAWA, June 13, 1891.

SIR,—I have your letter of the 1st inst., giving the opinion of the Department of Justice that the articles purchased from Pritchard & Andrews are not stationery, and stating that you intend continuing to purchase from that firm.

The part of your letter in which this office is most interested is that which virtually affirms that the Department of Justice has the power to overrule the office. By reference to the Audit Act you will see that an appeal from a ruling of the Auditor General with reference to expenditure regulations lies to the Treasury Board, and to that body alone.

I am rather surprised that the Department of Justice should claim the right to determine whether an article is stationery or not. It seems to me that the value of an

opinion in this case depends not upon the knowledge of law, but of stationery, possessed by the person who gives the opinion.

I beg to suggest that if you come to the conclusion that you are free to make this class of purchases where you desire, an appeal be made to the Treasury Board to set aside my decision.

You should in the meantime make the purchases through the Stationery Office.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, July 29, 1891.

SIR,—Referring to your letter of the 13th ult., respecting the articles purchased from Messrs. Pritchard & Andrews, I beg to observe that this Department did not appeal from a reference of the Auditor General, with regard to expenditure regulations, but requested the opinion of the Department of Justice as to the construction of an Act of Parliament, which the Postmaster General considers is quite within his province to do. Your suggestion that this Department should appeal to the Treasury Board, appears to the Postmaster General to be at variance with the 47th clause of the Audit Act, which seems to require that such references shall be made by the Auditor General to the Treasury Board.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *D.P.G.*

AUDIT OFFICE, OTTAWA, Nov. 21, 1891.

SIR,—I have the honour to submit a correspondence with the Post Office Department regarding purchases of stamps from Pritchard & Andrews. It is evidently intended that in such cases there should be an appeal from my decision to the Treasury Board. The Deputy Postmaster General thinks that the reference is under the 47th Section of the Audit Act, and therefore should be made by me. It appears to me that that section refers only to a difference of opinion as to the appropriation to be charged. However, there is some doubt about the question, and it is important that the Board should deal with it. My reasons for thinking that the Printing and Stationery Department should make the purchases and distribute are given, as are those of the Deputy Postmaster General that the purchases should be made by the Post Office Department directly and without other control.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Treasury Minute, Nov. 27, 1891.—The Board had under consideration the correspondence between the Auditor General and the Post Office Department in connection with the purchase of sundry articles by the Post Office Department directly from Messrs. Pritchard & Andrews, of the City of Ottawa.

The Auditor General holds, under the provisions of Section 6 of the Act of Parliament respecting the Department of Public Printing and Stationery, providing that all articles of stationery required for use in the several Departments of the Government of Canada, shall be purchased and supplied through the Superintendent of Stationery, that all the supplies furnished the Post Office Department directly by Messrs. Pritchard & Andrews should be obtained through the Government Stationery Office.

The Board, after due consideration, are of the opinion that the articles in question purchased from Messrs. Pritchard & Andrews, such as metal stamps for postmarking letters and sealing mail bags, and the stamping material used in connection therewith, also letter and parcel scales and weights, wooden bag labels, etc., cannot, as intimated by the Hon. the Minister of Justice, be deemed as stationery within the meaning of the

above-cited Act, and they hereby authorize the purchasing of such articles by the Post Office Department directly as heretofore.

J. M. COURTNEY, *Secretary T. B.*

Interior Dept-:—P. V. Low.

AUDIT OFFICE, January 12, 1891.

SIR,—With reference to the Order in Council of the 29th June, 1889, placing Mr. P. V. Low on the permanent staff, and your inserting his name this month on the regular pay-list, I beg to point out that subsection 4 of the 47th section of the Civil Service Act, quoted in the Order in Council, does not, in my opinion, apply to any temporary clerks except those employed under the Act. While your permanent employees are under the Civil Service Act, your temporary clerks are not. I have therefore removed Mr. Low's name from the pay-list.

I have the honour, &c.,

The Depy. Minister, Interior Dept. J. L. McDOUGALL, *A.G.*

DEPT. OF INTERIOR, OTTAWA, January 13, 1891.

SIR,—I have the honour to transmit herewith the papers connected with the case of Mr. P. V. Low, a clerk in this Department, for whose appointment provision was made by Order in Council of the 29th June, 1889, but whose name was not placed on the list transmitted to the Auditor General from time to time for payment out of the appropriation for Civil Government until recently, for reasons which are within the knowledge of the Minister of Justice and the Auditor General. I am, by direction, to request that you will submit this correspondence to the Minister of Justice, and ask him to be good enough to advise what steps are necessary to have Mr. Low's name placed on the permanent list and his salary paid out of the appropriation for Civil Government.

I have the honour, &c,,

The Deputy Minister of Justice. A. M. BURGESS, *D.M.I.*

JUSTICE DEPT., OTTAWA, April 20, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Jan. 13 last, relating to the case of Mr. P. V. Low, a clerk in your Department, and of the accompanying papers, fyle No. 52848.

You request that I shall submit the correspondence upon this fyle to the Minister of Justice and ask him to be good enough to advise what steps are necessary to have Mr. Low's name placed on the permanent list and his salary paid out of the appropriation for Civil Government. I have done so, and I am now, by direction of the Minister, to state that, in his opinion, the position taken by the Auditor General in this matter is not warranted by the law. The Minister of Justice adheres to the opinion conveyed to you in my letter to Mr. Hall of Jan. 15, 1889, with reference to the case of Mr. McInnes, a temporary clerk in the Geological Survey Branch of your Department. The position of Mr. McInnes, so far as the point in question is concerned, was exactly parallel to that of Mr. Low, and the Minister thinks that the latter, as well as the former, may receive a permanent appointment under the subsection added by 51 Vic., Chap. 12, Sec. 11 to Sec. 47 of the Civil Service Act as Subsection 4, notwithstanding that his salary or remuneration has heretofore been paid out of the Dominion Lands appropriation and not out of one of the two funds referred to in the Civil Service Act, section 47, subsection 3. The Order in Council of June 29, 1889, was therefore, in the opinion of the Minister, fully warranted by the Act and is a sufficient authority for placing Mr. Low upon the permanent list and paying his salary out of the appropriation for Civil Government.

As to the steps which, in view of the position taken by the Auditor General, you should take, in order to have the Order in Council carried into effect, I am to state that the proper course would seem to be for you to make snch a formal application as will procure from the Auditor General a report that there is no Parliamentary authority for the issue of a cheque chargeable to the appropriation for Civil Government for the amount of Mr. Low's salary. Upon such a report being made and being referred in due course to the Attorney General and upon a written opinion being given by him that there is such Parliamentry authority, the Minister of Finance and Receiver General may under the provisions of Section 32 (*a*) of the Consolidated Revenue and Audit Act, authorize the Deputy Minister of Finance and Receiver General to prepare such cheque irrespective of the Auditor General's report.

I am, Sir, your obedient servant,

ROBT. SEDGEWICK, *D.M.J.*

The Deputy Minister of Interior.

AUDIT OFFICE, OTTAWA, May 18, 1891.

SIR,—I have the honour to acknowledge receipt of the supplementary pay-list of your Department amounting to $647.50.

The names removed from the pay-list were struck off because, in my view, Sub-section 4 of the 47th Section of the Civil Service Act does not apply to persons who were not paid out of Civil Government Contingencies.

I am Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

DEPT. OF INTERIOR, OTTAWA, May 30, 1891.

SIR,—I have the honour, by direction, to enclose herewith fyle 263804 of this Department, covering a letter from the Auditor General, dated the 18th instant, explaining why he struck from the paylist of the Deptment of the Interior, the original of which is herewith, the names of certain persons for whose appointment provision was made by Orders in Council dated the 1st instant.

I also have the honour to transmit herewith fyle 52848 of this Department, relating to the case of Mr. P. V. Low, and I would particularly direct your attention to the letter of the Deputy Minister of Justice, dated the 20th April last, which deals fully with the question at issue.

I beg to request that you will be good enough to place these papers before the Treasury Board as soon as possible ; and I have the honour to submit that on the report of the Deputy Minister of Justice, referred to the Board would be justified in over-ruling the objection of the Auditor.

I have the honour, &c.,

A. M. BURGESS, *D.M.I.*

The Secretary Treasury Board.

TREASURY BOARD, OTTAWA, June 6, 1891.

SIR,—I have the honour to enclose herewith certain papers from the Department of the Interior, in connection with your objection to placing on the permanent staff sundry temporary clerks, whose appointments have been authorized by Orders in Council ; and to ask you to be good enough to let me have, at your very earliest convenience, a report thereon.

I am, Sir, your obedient servant,

W. FITZGERALD, *Acting Sec.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 6, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of this date, enclosing for report certain papers from the Interior Department, in connection with my objection to placing sundry temporary clerks on the permanent staff of that Department, they not having been paid from the Civil Government Contingencies appropriation.

I reply, I beg to say that I have nothing to add to what was stated in my letters of Jan. 12 and May 18, 1891.

I am, Sir, your obedient servant,

The Acting Secretary Treasury Board. J. L. McDOUGALL, *A.G.*

Treasury Minute, June 6, 1891.—The Board had submitted to them by the Department of the Interior for decision, the objection of the Auditor General for the placing on the permanent staff of sundry clerks, whose appointments, under the provisions of subsection 4 of section 47 of theCivil Service Act, have been authorized by Order in Council, they having been temporarily employed prior to 1st July, 1882.

The Auditor General is of opinion that subsection 4 of the 47th section of the Civil Service Act applies only to temporary clerks who are paid out of Civil Government Contingencies.

The Board, on the opinion of the Department of Justice, deem the objection of the Auditor General as insufficient, and hereby authorize the placing of such clecks on the permanent staff.

W. FITZGERALD, *Acting Secretary.*

Inland Revenue Dept.—R. Nettle.

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—I have received a copy of the Order in Council of October 14th, promoting Mr. R. Nettle, of the Inland Revenue Department, to a firstclass clerkship at a salary of $1,450 from July last.

It is, I believe, illegal, without the specific authority of Parliament to promote an officer from a date anterior to the date of the instrument making promotion. The appropriation under which Mr. Nettle's promotion is made is in the following words: "To increase the salary of Mr. R. Nettle to $1,450," and therefore does not specifically provide for his promotion from July 1.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, OTTAWA, Dec. 3, 1891.

SIR,—I have the honour to inform you that your letter of the 11th November, 1891, reference the promotion of Mr. R. Nettle, of the Inland Revenue Department, to a first class clerkship from the 1st July, 1891, at a salary of $1,450 per annum, which promotion was authorized by Order in Council of the 14th of October, 1891, was referred to the Department of Justice for an opinion on the subject.

I enclose herewith a copy of the opinion of the Minister of Justice thereon, and ask that you will be good enough at your very earliest convenience to let me have any remarks you may care to make on the matter in order that I may bring the question before the Treasury Board at an early date.

I am, Sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, Nov. 24, 1891.

SIR,—Sir John Thompson desires me to acknowledge the receipt of your letter of the 21st instant, referring to the case of Mr. R. Nettle, and requesting to be advised as to the legality of the Order in Council, dated October 14, 1891, and purporting to promote Mr. Nettle to a firstclass clerkship, at a salary of $1,450, to take effect from July 1, 1891.

I have now, by direction, to state that the promotion of Mr. Nettle can only take effect from the date of the Order in Council promoting him, but that so far as salary is concerned, it was the clear intention of Parliament that his salary for the fiscal year ending July 1, 1892, should be $1,450. In other words, that during that year he was to receive that sum. It is, however, questionable whether this special vote in favour of Mr. Nettle authorizes the Governor in Council to promote him, out of a class in which he was, into a firstclass clerkship. Papers returned.

I am, Sir, your obedient servant,

ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, Dec. 7, 1891.

SIR,—I have your letter of 3rd inst., enclosing the opinion of the Minister of Justice with reference to the promotion of R. Nettle, of the Inland Revenue Department.

It appears to me unnecessary that I should make any remarks, the opinion of the Minister of Justice being that my objection is well taken.

I say, "It is, I believe, illegal, without the specific authority of Parliament, to promote an officer from a date anterior to the date of the instrument making promotion . . and that the appropriation in the case does not specifically provide for his promotion from July 1st."

The Minister of Justice says "that the promotion can only take effect from the date of the Order in Council promoting him. . . It is, however, questionable whether this special vote in favour of Mr. Nettle authorizes the Governor in Council to promote him out of a class in which he was into a first class clerkship."

The Minister is of opinion that it was the intention of Parliament that his salary for the fiscal year ending the 1st of July, 1892, should be $1,450, I presume not without another Order in Council authorizing it. If so there is discretion with the Governor in Council to authorize or not, and I trust that a precedent will not be established for a salary of one class being given to a clerk of a lower class. The difficulties in the working of the Civil Service Act are now sufficiently great without adding to them what may be avoided.

If Mr. Nettle were now authorized to receive $1,450 from the 1st of July his salary would, I presume, drop after the 30th of June, 1892, to $1,400 and continue at that rate until the 1st of January, 1893, when he would get the statutory increase consequent upon his promotion. Under the Civil Service Act he can on his promotion get only $1400, the minimum of his class.

I am, Sir, your obedient servant,

The Secretary Treasury Board. J. L. McDOUGALL, *A.G.*

Post Office Dept.—D. G. Courtney.

To the Accountant of Contingencies.—Cheque 4,216 covers a payment of $10 to D. G. Courtney, an extra messenger, for delivering mails from 1st of July, 1890, to 30th June, 1891. This payment is illegal and should be refunded. Section 51, sub-section 1 of the Civil Service Act, as amended in 1888, provides that no extra salary or additional remuneration of any kind whatsoever shall be paid to any employé in the Civil Service of Canada.

J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, Sept. 11, 1891.

SIR,—The payment of $10 to D. G. Courtney for services rendered from July 1, 1890, to June 30, 1891, was not intended as an extra payment, but was rather understood as to bring his remuneration for the year up to $310. I will draw the attention of the Deputy Postmaster General to your remarks.

The Auditor General. W. H. HAYES, *A.C*

FINANCE DEPT., Ottawa, Sept. 16, 1891.

SIR,—The following is an extract from a letter received by me from the Auditor General relating to the contingent expenditure of the departments for the months of May and June :—

Post Office Department.—Cheque 4216 covers a payment of $10 to D. G. Courtney, an extra messenger, for delivering mails from July 1, 1890, to June 30, 1891. This payment is illegal and should be refunded. Section 51, sub-section 1 of the Civil Service Act, as amended in 1888, provides that no extra salary or additional remuneration of any kind whatsoever shall be paid to any employé in the Civil Service of Canada.

I have the honour, &c.,

W. H. HAYES, *A.C.*

The Deputy Postmaster General.

POST OFFICE DEPT., OTTAWA, Sept. 18, 1891.

SIR,—Requisition was made by this Department on June 25th, 1890, upon the Accountant of Contingencies for the payment of the sum of $10 for the year ending June, 1890, to a temporary messenger in this Department, Mr. D. G Courtney (salary $300,) for delivering mails at the residence of the Deputy Postmaster General, at a distance of about a mile and a-half from the Department. The requisition was duly honoured and amount was paid to D. G. Courtney. A similar requisition was made at the close of the financial year, June, 1891, and payment was made.

A letter has been received from the Accountant of Contingencies to the effect that the Auditor General has taken exception to the payment made in June last, and asks that the amount be refunded, it being contrary to Section 51, sub-section 1 of the Civil Service Act. But I would respectfully submit that the section quoted by the Auditor General does not apply to persons temporarily employed, and would request therefore that payment made may be authorized, the work having been performed and being in the interest of the service.

I have the honour, &c.,

The Deputy Minister of Finance. WM. WHITE, *Dy. P.M.G.*

OTTAWA, Sept. 21, 1891.

SIR,—With reference to the enclosed I may say that there are very few evenings in the year that I do not work at home in connection with Departmental work, and I do not think it is unreasonable to ask that a small gratuity may be given to the messenger who carries my papers to and fro.

Yours faithfully,

The Deputy Minister of Finance. WM. WHITE, *Dy. P.M.G.*

TREASURY BOARD, OTTAWA, Sept. 23, 1891.

SIR,—I have the honour to send you herewith copy of a memorandum and other papers in connection therewith from the Deputy Postmaster General, reference, your objection for extra remuneration to Mr. D. G. Courtney, a temporary messenger in the Post Office Department, for the delivery of mails at the residence of the Deputy Post-

master General, and I have to ask you to be good enough to let me have at your earliest convenience your report thereon.

I have the honour, &c.,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Oct. 1, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 23rd ult., enclosing a copy of a memorandum and other papers in connection therewith from the Deputy Postmaster General in reference to his appeal from my decision with regard to the extra remuneration paid to Mr. D. G. Courtney, a temporary messenger in the Post Office Department, for delivering mails, in which you ask for my report thereon.

In reply, I beg to refer you to my letter of 19th March last reporting on the cases of T. H. Morgan and John Thompson, of the Agricultural Department. These cases and that of Mr. Courtney appear to me to be analogous, a decision in the one involving a decision in the other.

I shall be glad to receive a ruling of the Treasury Board for future guidance in similar cases.

I have the honour &c.,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Treasury Minute, Oct. 2, 1891.—The Board had under consideration a memorandum, and other papers in connection therewith, from the Deputy Postmaster General in reference to the objection of the Auditor General for the payment of an extra allowance to D. G. Courtney, a temporary messenger in the Post Office Department, for delivering mails at the residence of the Deputy Postmaster General.

The Board, referring to an opinion given by the Department of Justice under date January 26, 1891, authorized the payment to Mr. Courtney of the allowance in question.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Nov. 20, 1891.

SIR,—On the 7th instant, you sent me the Minute of the Treasury Board over-ruling my objection to the payment of an extra allowance to D. G. Courtney, a temporary messenger in the Post Office Department, for delivering mails at the residence of the Deputy Postmaster General.

These words are part of the Minute: "The Board, referring to an opinion given by "the Department of Justice under date January 26, 1891, authorize the payment to "Mr. Courtney of the allowance in question."

I would respectfully point out that the opinion of the Department of Justice to which reference is made does not necessarily cover this case. The extra payment then under the consideration of the Department of Justice was one for service performed in one Department (Justice) by Miss E. M. Armstrong, an extra clerk in another department (Customs). In this case the extra payment is to an extra messenger who performs both services in the same Department, Post Office.

I had a lengthy correspondence last year with the Department of Agriculture regarding extra payments to temporary employés (clerks and messengers) under the Civil Service Act, and the correspondence ended in a reference of the question to the Treasury Board. I send herewith a copy of my letter to the Treasury Board on the subject.

I would respectfully submit that it is on every account better to dispose of the general question as it was brought up in the cases of Morgan and Thompson in the Department of Agriculture, where my objections were stated at length, and on which a decision of the Board would have established a line of action for all the Departments and

this office to pursue for the future, than to treat an individual reference in such a way as to leave all concerned in doubt as to the governing principle in subsequent cases.

I may be wrong in supposing that the Treasury Board intends to confine its Minute to the single payment to Courtney, but intends (1) that all extra payments to extra messengers should come under it, (2) that all extra payments to both extra messengers and clerks should come under it. Please inform me.

It appears to me advisable that the objections of this office should be required by the Treasury Board, after the appeal to the Board.

It is difficult, in the daily correspondence with Departments, to deal as fully with each case as one feels called upon to do when a principle is under the consideration of the Board.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Agriculture Dept.—Messrs. Morgan and Thompson.

AUDIT OFFICE, OTTAWA, March 19, 1891.

SIR,—I beg to make the following observations on the extra pay of T. H. Morgan and John Thompson, employed in the Department of Agriculture,—an appeal from my decision on the question having been made by the Department.

Section 51 of the Civil Service Act may be divided into two parts :—

1st. No extra salary or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employé of the Civil Service of Canada.

2nd. No extra salary or additional remuneration of any kind whatsoever shall be paid to any person, not in the Civil Service of Canada, but who is permanently employed in the public service.

In other words, "permanently employed" is used exclusively with reference to persons who are not employed under the Civil Service Act. This is shown by the fact that the 1st part is the exact wording of the clause in the Revised Statutes in which the 2nd part was wanting

Assuming that my division of the section into parts may be made, my interpretation of the 1st part is that an employé in the Civil Service of Canada is a person employed under the Civil Service Act, and may therefore be an extra clerk. Why is the interpretation confined to persons permanently employed? I can see reasons why it might be injurious to the interests of Canada to tie the hands of the Government with reference to the pay for overtime of skilled or professional men, temporarily employed on questions of great importance requiring immediate dispatch, and can thus account for part 2 of the clause. But what possible reason could there be for limiting a 3rd class clerk to $400,—he being considered fit for permanent employment and being obliged to work after office hours if unusual business requires him to do so,—and leaving the Departments in the position of being subjected to pressure for extra pay from temporary clerks for work continued beyond the usual office hours, the clerk receiving as his regular pay, the $400 allowed to the permanent for regular and unusual work together. Then if the Department has a right to pay for extra work, the clerk has, I presume, a right to demand pay for such extra work, no matter when given. He can say, "I fulfilled between 9.30 and 4 o'clock the duties for which I was paid, and although I did not put in my bill at the time here it is now." The Departmental authorities cannot pay the claim unless it is a legal one. If they can pay for extra work, the claim for all extra work of temporary clerks must be legal. If the claim is legal it can be exacted, no matter when the extra work was done, and therefore the army of claimants can press bills for services running back any length of time.

I don't find anything in the Civil Service Act which fixes the hours which form a day; but the Government has, I think, by its Order in Council of 27th July, 1882, taken out of the hands of the Departments the power to pay for work beyond the usual hours. In Section 9 of that Order are the words,—"also, that at any time, if the Public

Service requires it, the Heads of Departments or Deputy Heads to have the right to call for the attendance of all or any of the officers or clerks at an earlier or later hour than those named."

The pay of an extra clerk is at the discretion of the Governor in Council, the statutory restriction being that it is not to exceed $400 per annum. It must be assumed that the pay given by Council is in connection with the hours of work which are, under the Order quoted above, as long as there is work to do. It is quite clear that pay for extra work done in the Department in which the regular work is performed must be sanctioned by Order in Council, even if Section 51 does not apply to extra clerks.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

NOTE.—The previous correspondence *re* Messrs. Morgan and Thompson will be found on pages B—210 to B—218 of the Auditor General's Report for 1889-90.

Agriculture Department.—Gregory, Bourret & Morency.

AUDIT OFFICE, OTTAWA, Dec. 16, 1890.

SIR,—I have before me Mr. Lowe's letter of Nov. 6, with reference to the Messrs. Gregory and Bourret and Mrs. Morency. I would ask you to point out to him with regard to Sec. 47 of the Civil Service Act, that although the words "preliminary or qualifying" are used as he mentions, he will find near the beginning of the section the words: "The head of the department may—if he is satisfied that such necessity exists—"on the requisition of the Deputy Head of the Department, select from the lists of "qualified candidates for whom no vacancies have, up to that time, been found, such "number of temporary clerks as are required." It appears to me that the interpretation of these words is that the persons from whom temporary clerks may be taken are persons who are eligible for third class clerkships. In all the discussions which I have had on this subject with Deputy Heads, including the Deputy Minister of Justice, I have never heard it thrown out as a possible interpretation that this included persons who were eligible for no higher position than that of messenger. It is true, that persons who have passed the preliminary examination may be employed as temporary copyists, but I do not understand Mr. Lowe to contend that Mrs. Morency and Mr. Bourret are employed in this capacity.

With reference to the case of Mr. Gregory, I do not think that anything can be gained by discussing the question further. I shall, therefore, be obliged by your suggesting to Mr. Lowe the advisability of his referring the matter to the Treasury Board. It is much better to obtain uniformity in dealing with such cases by getting the Treasury Board to dispose of the question.

Mr. Lowe's letter is returned herewith.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF FINANCE, OTTAWA, Jany. 27, 1891.

SIR,—I enclose papers sent in by the Department of Agriculture in connection with differences of opinion between Mr. Lowe and yourself. Will you kindly look over them and return them with any remarks you may deem proper.

The Treasury Board will meet very shortly, and it is desirable that the answer should be sent quickly.

Yours truly,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AGRICULTURE DEPT., OTTAWA, Jan. 12, 1891.

SIR,—At the request of the Auditor General, I have to make the following representations, in appeal from his decision respecting the position and pay of the following named supernumerary and temporary clerks in the Patent Office, appointed by Order in Council in virtue of the provisions of Section 47 of the Civil Service Act respecting such employment: Mr. Geo. Bourret paid at the rate of $1.50 per day, Mrs. Elmire Morency at the rate of $1.25 per day, and Mr. Samuel E. Gregory at the rate of $2 per day.

The Order in Council appointing Messrs. Gregory and Bourret is dated July 25, 1888. It recites that they had been for some months previously employed in the Department as extra clerks, their salaries having been paid from specific votes.

Mrs. Morency's name was added by Order in Council dated June 26, 1888, on precisely the same grounds.

The employments in question have since been continued, by Order in Council, from six months to six months.

Mr. Bourret and Mrs. Morency have passed the preliminary examination, as provided in Section 47, as a qualification for employment as supernumerary and temporary clerks, and the Order in Council referred to recites that,—

"With respect to Messrs. Bourret, Gregory and Gleason, their services in the Patent Office, in virtue of its particular requirements, have become special in such way as to bring them within the meaning of Section 47 of the Civil Service Act." The reference being to the definitions of qualifications under the letters *a*, *b*, *c*, of Section 37, Civil Service Act.

The exception taken by the Auditor, as I understand it, is twofold,—1st, that the provisions of Section 37 of the Civil Service Act cannot be held to apply to the appointment of supernumerary and temporary clerks, under the provisions of Section 47; and 2nd, that he objects to the rate of pay assigned to the temporary clerks in question.

The Auditor asks in his letter of December 15 ult., the Accountant of Contingencies to point out to me the following words at the beginning of Section 47, Civil Service Act:—

"The Head of a Department may, if he is satisfied that such necessity exists, on the requisition of the Deputy Head of the Department, select from the list of qualified candidates for whom no vacancies have, up to the time, been found, such number of temporary clerks as may be required."

And on this extract he remarks:—

"It appears to me that the interpretation of these words is that the persons from whom temporary clerks may be taken are persons who are eligible for third class clerkships."

I fail to see that the extract cited, or the comments of the Auditor on it, in any way affect the position,

Section 37 is a substantive enactment containing an unrestricted definition applying to appointments to all "vacancies" under the Act, the supernumerary and temporary, as well as the permanent appointments; and it seems to me that in the absence of any provision or restriction in the Act to the contrary, that it is the *reductio ad absurdum* of logic to say, the qualifications which shall be sufficient for a permanent appointment, shall be insufficient for a temporary, in the same service.

There is no question as to the fact of the qualification in the case of the three temporary clerks in question, as alleged in the Order in Council above referred to.

As respects the rate of pay to temporary clerks in this position, I have to state, in view of the conditions connected with the service of the Patent Office, that the fact of continuous service and continuous performance of the special duties required, make the services of persons so employed special and technical, in so far as the Patent Office is concerned, within the meaning of Sub-sections *a*, *b*, *c*, of Section 37, Civil Service Act.

I submit that the fact of a preliminary examination which is sufficient for entry into the service, under the provisions of Section 47, has no relation whatever to the special qualifications which arise from continuity of service in the Patent Office, a fact which brings such services specifically within the definitions in Sub-section 2 of Section

47, which expressly provides that when such qualifications as I have stated are present, a higher rate of pay than the minimum of a third class clerk may be given.

I respectfully submit, in making an appeal to the Honourable the Treasury Board, which the Auditor has desired, from his ruling, that he had not adduced sufficient reasons for over-riding the provisions of the Order in Council above referred to, in relation to the three supernumerary and temporary clerks in question.

I therefore respectfully request that no step be taken to alter the effect of such Order in Council,— and that the three clerks in question continue to be employed and paid as heretofore under its provisions.

I have the honour, &c.,

The Secretary, Treasury Board. J. LOWE, *D.M.A*

NOTE.—Previous correspondence on this subject will be found on pages B—90 and B—91 of the Auditor General's Report for 1889-90.

Justice Dept.—Miss E. M. Armstrong.

DEPT. OF JUSTICE, OTTAWA, Jan. 26, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th inst. enclosing an extract from a letter from the Auditor General to the effect that the payment by this Department of $2.40 to Miss E. M. Armstrong for typewriting was contrary to "The Civil Service Act" and should be refunded, inasmuch as Miss Armstrong was at the same time an employé of the Customs Dept.

I have now, by the direction of the Minister of Justice, to state that if the Auditor General, by his reference to "The Civil Service Act," refers to Section 51 of the "Civil Service Act" as altered by the provisions of Chapter 12 of the Acts of 1888, he is in error in supposing that that provision has any relation whatever to temporary employés. It only relates to persons in the permanent employment of the Government.

Under these circumstances, and holding this view of the law, I cannot ask Miss Armstrong to refund the amount paid to her.

I am, Sir, your obedient servant.

R. SEDGEWICK, *D.M.J.*

Printed on page B—104, Report 1891.

Extra Clerks not to be paid for Days of Absence.

(*Circular.*)

AUDIT OFFICE, OTTAWA, Aug. 1, 1891.

SIR,—I have written to the Accountant of Contingencies that extra clerks cannot, in my opinion, under the law, receive pay for days of absence, except Statutory holidays and Sundays. It will therefore be necessary when sending in accounts for services of extra clerks to put a certificate in the following words on the Contingencies backing :—

"I hereby certify that the applicants have been in attendance at this office every day except Sundays and Statutory holidays since the last payment."

I am, Sir, your obedient servant,

The Dy. Minister, ——— Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Aug. 15, 1891.

SIR,—I understand that some Departments have taken exception to the requirements of my recent circular with reference to extra clerks, and I think it well to explain my reasons for the circular, so that you may convey them to the Board.

It is not necessary to argue that any person employed by the month, whether as a temporary or a permanent clerk, is not expected to work on Statutory holidays and Sundays.

By section 49 of the Civil Service Act special power is given to the Head or Deputy Head of a Department to grant leave of absence for three weeks to persons who come under the Civil Service Act as permanent employés. From the fact of this special power being given in the case of permanent employés, it was fair to assume that it was intended to convey that no further power could be exercised by the Department in this direction, and therefore, that there is no authority for granting leave of absence to temporary employés. It therefore seemed to me clear that temporary employés could be permitted absence from duty only on Sundays and Statutory holidays. As far as temporary employés engaged by the day are concerned, I am not prepared to argue that they are entitled to so favourable a construction of the Civil Service Act ; but certainly no injustice would be done them by applying the same restrictions to them as to those employed by the month. It is in my opinion arguable that they are entitled to pay for no day of absence from duty ; but I am not yet quite clear on this point.

In addition to what is contained in the circular, I beg to point out that the only way by which the law, as I interpret it, can be carried out, is by paying only at the end of each period for which payment is made.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 1, 1891.

SIR,—Referring to my letter of August 15 last with regard to the payment of temporary clerks, I beg to say that I have been informed by the Clerk of the Privy Council that an Order in Council has been passed providing that temporary clerks shall be paid only at the end of the month or period of service.

The payment of Sunday and Statutory holidays referred to in that letter has not been taken up by the Treasury Board. I hope that it will be done now, so that I may be in possession of full information on the whole matter.

I am, Sir, your obedient servant.

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, October 9, 1891.

SIR,—I have the honour to inform you that at a meeting of the Treasury Board held on the 2nd instant, a minute was adopted requiring that accounts for payments of all extra clerks and extra messengers and of all temporary employés should, from and after the 1st September, 1891, be certified as follows by the proper officer :—

"I hereby certify that the clerk (or messenger) has been in attendance at this office every day except Sundays and Statutory holidays during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and Statutory holidays in cases in which payments for such days have not hitherto been made.

The Auditor General. J. M. COURTNEY, *D.M.F.*

CERTIFIED COPY *of an extract from the minutes of a meeting of the Honourable the Treasury Board, held at Ottawa, on the 27th day of November, 1891.*

Treasury Minute, Nov. 27, 1891.—The Board, referring to their minute of the 2nd October, 1891, setting forth a certificate to be given in all requisitions for the payment for the services of extra clerks and messengers in the several Departments, direct that in the case of temporary employés in the outside service of the Post Office Department, the following certificate be substituted therefor :

"I hereby certify that the above named extra employés have been in attendance on their duties ever day—with the exception in some cases of Sundays and Statutory holidays—for which payment is asked."

The Auditor General. J. M. COURTNEY, *Secretary.*

Treasury Minute, Nov. 27, 1891.—The Board grant the authority required to exempt Mesdames Baudry and Macdonell, temporary employés of the Privy Council Office, from the operation of the Treasury Board minute of the 2nd October, 1891,—requiring that accounts for payment to all extra clerks and extra messengers and of all temporary employés be certified as follows by the proper officer.

"I hereby certify the clerk (or messenger) has been in attendance every day, except Sundays and statutory holidays, during the period for which payment is asked."

The above, however, not to be taken as a precedent.

J. M. COURTNEY, *Secretary.*

Extra Clerks employed since July 1st, 1882.

(*Circular*).

AUDIT OFFICE, OTTAWA, June 25, 1891.

SIR,—I enclose herewith a copy of a recent decision of the Treasury Board with reference to extra clerks, which, in my opinion, involves the principle that extra clerks at Ottawa, no matter from what source paid are, unless privileged by the Census Act or some other Act, subject to all the restrictions as to the employment of extra clerks which are laid down in the Civil Service Act.

Those extra clerks, therefore, who have not been continuously employed since the 1st July, 1882, and who are not specially exempted by the Civil Service Act or some other Act from the qualifying examination, should have passed that examination.

You will, I trust, see that the employment of all extra clerks is for the future in accordance with the Statutes interpreted by the aid of this decision of the Treasury Board.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

(*Circular*).

AUDIT OFFICE, OTTAWA, Oct. 14, 1891.

SIR,—I beg to draw your attention to Revised Statutes, Chap. 17, Sec. 47, part of Sub-sec. 2, which reads as follows :—

" Persons who were in the temporary employment of the several Departments on ".the first day of July, one thousand eight hundred and eighty-two, may be continued " in such employment so long as the Heads of the respective Departments deem it " necessary, &c."

In connection with the above please also note 51 Vic., Chap. 12, Sec. 11, which reads as follows :—

" Sub-section 2 of Section 47, is hereby repealed, &c."

" 2. The said Section 47 is hereby further amended by adding the following Sub- " section thereto :—

" 4. Temporary clerks employed continuously since the first day of July, one thou- " sand eight hundred and eighty-two, may be appointed permanently, if otherwise quali- " fied, at a salary equal to their average pay during the two years previous to such " appointment, but in no case exceeding the maximum salary of a third class clerk."

Under this provision it appears to me that persons who were in the service of the Government as temporary clerks before July 1, 1882, and have since been continuously employed, may, if otherwise qualified, receive permanent appointments, but are not eligible as extra clerks unless they have passed the Civil Service examination and are otherwise qualified.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of ————

Medical Certificate for New Appointments.

(*Circular.*) TREASURY BOARD, OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you for your guidance in future, that His Excellency the Governor General in Council on the 21st instant, approved of the following regulation of the Treasury Board :—

"That no person be hereafter appointed to a position in the Civil Service, which would entitle him to the benefit of the Superannuation Act, unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health."

I am Sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Sec. Treasury Board.*

Explanations by the Deputy Minister of Militia :—

a. The Major General Commanding paid from 20th November, 1890. *b*. Claims outstanding. *c*. Appropriation not sufficient to meet the requirements. The same applies to the other overdrawn appropriations. In the cases of balances unused, claims against them had not been received at the closing of the accounts.

This account has been examined under my direction and is correct.

J. L. McDOUGALL,
Auditor General.

This account has been examined under my direction and is correct.

J. L. McDOUGALL,
Auditor-General.

Examined,
FREDERICK HAYTER.

Note by Auditor-General.—The Secretary of the Public Works Department states, in his letter on page C—289, concering extra clerks at Ottawa, "it has always been the practice to charge the pay-lists to any of the various works upon which they were engaged, as warranted by the state of the appropriation-balances."

I am therefore obliged to exclude the extra clerks' wages from my certificate of examination and correctness, as not having been charged, item by item, to the different votes corresponding to their actual services.

Halifax Graving Dock		10,000 00			10,000 00

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,
Auditor-General.

Examined,
FREDERICK HAYTER.

Note by Auditor-General.—The Secretary of the Public Works Department states, in his letter on page C—289 concerning extra clerks at Ottawa, that "it has always been the practice to charge the pay-lists to any of the various works upon which they were engaged, as warranted by the state of the appropriation balances."

I am therefore obliged to exclude the extra clerks' wages from my certificate of examination and correctness, as not having been charged, item by item, to the different works corresponding to their actual services.

Explanations by Deputy Supt.-Gen. :—

a. No considerable portion of the Oka Indians removed to Gibson during the year. *b*. $350 for grants to missionaries should have been voted under New Brunswick. *c*. Appropriations insufficient owing to general sickness and prevalence of "la grippe." *d*. The general explanation for the lapsing of these balances lies in the fact that the contract prices were considerably lower than the estimated contract rates, and the excellent crops harvested by the Indians. In the case of day schools many buildings estimated for were not erected and the salaries to teachers not paid, and in the industrial schools the building at Red Deer River was not undertaken. *e*. Caused by the survey at Montreal Lake, which cost more than was anticipated. *f*. The principal portion of this overexpenditure occurred in the Manitoba superintendency where the cost of farming operations on Treaty No. 1 exceeded the amount allowed, and the cost of medical attendance upon Indians of Treaties Nos. 5 and 2 was larger than expected. At several agencies in the North-West Territories the cost of management was slightly increased. *g*. The Industrial Institution on Comoraux Island was not erected, and the expenditure on day schools was not as large as expected. *h*. Owing to the illness of one of the surveyors and the resignation of another, less work was done than was anticipated. *i*. The Reserve Commission did not cover as much ground as was intended.

This account has been examined under my direction and is correct.

J. L. McDOUGALL,
Auditor-General.

Examined,
J. W. Reid.

Explanations by Comptroller.—*a*. Severity of the winter. *b*. Members of the force are allowed to draw cash compensation equal to two-thirds the value of the articles to which they are entitled. This privilege has not been taken advantage of to so great an extent as was anticipated, necessitating the purchase of more clothing than was contemplated. *c*. Large number of outposts. *d*. A portion of this over-expenditure should be charged to "Pay of Force." The balance was due to the "Messiah Craze" among the Indians in the North-West Territories and the consequent necessity for increased vigilance and extra patrol duty along the frontier during the winter months.

This account has been examined under my direction and is correct.

Explanation by Commissioner of Inland Revenue :—
The differences between grant and expenditure are so slight that no explanation seems called for.

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,
Auditor-General.

Examined,
J. H. P. GIBSON.

J. L. McDOUGALL,
Auditor-General.

EXECUTIVE REGULATIONS.

I have thought it advisable to collect for reference several Orders in Council and letters relating to economy in public expenditure, which are quoted frequently in the following pages.

J. L. McDOUGALL, *A.G.*

Powers of Attorney.

Rules prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.

1. No officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payments of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on Letter of Credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not, and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "Duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary.*

Accounts for Advertising.

Order in Council, December 17, 1875.—On a memorandum from the Hon. Mr. Mackenzie, on the subject of Departmental advertising, proposing a scheme for adoption as absolutely necessary to prevent the recurrence of abuses which seem inseparable from isolated action, and an inefficient audit by those Departmental officers who may not have the means of ascertaining facts necessary to an accurate correction of advertising accounts.

Mr. Mackenzie states that if this scheme is adopted, he recommends that the Secretary of State shall at once communicate to each Department information of the mode of proceeding for the future.

The Committee advise that the scheme and recommendation submitted be adopted.

Certified. W. A. HIMSWORTH, *C.P.C.*

Memorandum referred to above.—With a view to similarity of action by the various Departments in respect of orders and accounts for advertising, it is recommended that all such orders as are issued at the Seat of Government be given through the Queen's Printer, and that the Queen's Printer certify to the accounts before payment.

The copy to be sent to the Queen's Printer, accompanied by Ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer to procure the printing by the contractors of a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These to be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for purposes of display; and accompanied also by an instruction to the publishers to render the accounts to him, with a copy of the order attached, and with marked copies of the papers in which advertisements are printed.

The Queen's Printer to ascertain the established tariffs for advertising of the several papers on the list; and on receipt of the accounts, certify to the same in accordance with these rates, and to transmit the accounts for payment to the Departments from which the orders issued, having first satisfied himself that publication has been had as directed.

Accounts for advertising required by the outside services to be also rendered with the orders, and marked copies of the publications, to the Queen's Printer, and

the advertisements to be by him measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer to keep, with each paper, accounts of the advertisements directed to be published in it, under the different Departmental headings, so as at all times to show the state of each account.

A. MACKENZIE.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above recommendation for your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council:

(1.) That, for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form: "Pay to the order of ———;" and not in either of the forms: "Pay to ——— or bearer," or "Pay to ——— or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes: (List not printed).

JOHN J. McGEE, *C.P.C.*

Stationery Office.

Order in Council, June 26, 1889, *as amended by O. C., July* 11, 1889.—His Excellency in pursuance of the powers vested in him by the Revised Statutes, Chap. 27, Sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order:—

1. In every Department the Deputy Head shall sign all requisitions in accordance with Sec. 7, Chap. 27, of the Revised Statutes, and a clerk, to be named by the Head of the Department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printing work and articles of stationery ordered and supplied, and grant receipts for the same, superintending also their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the Departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O.C., Nov. 29. 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several Departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any Department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence bearing relief stamp, cameo, or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any Department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief-bags shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each Department upon requisition, with the total cost of the supply to such Department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. McGEE, *C.P.C.*

Pamphlets and Books.

Order in Council, April 16, 1880.—The Committee of Council have had under consideration the subject of advertising in pamphlets, and the question of the subscription by Departments to books, and they recommend :—

(1.) That no advertisements be authorized in connection with the publication of any pamphlet or book whatever, save only that, where any department of the Government causes to be published a pamphlet or book, the Head of such department may cause to be inserted therein such advertisements connected with his own Department as he thinks expedient in the public service.

(2.) That as regards subscription to books, no Department be allowed to subscribe for or purchase any book whatever unless such book be deemed by the Head of the Department one which will be useful for reference in the administration of the Department, and that not more than four copies shall be taken in any such case.

The Committee further recommend that the foregoing Minute be published in the *Canada Gazette* for the information of the public.

Certified. J. O. COTÉ, *C.P.C.*

Order in Council, November 1, 1881.—Ordered that the Immigration Branch of the Department of Agriculture be excepted from the provisions of O. C., April 16, 1880, relative to the purchase of pamphlets, books or other publications, and that the same rule of exception be applied to advertisements.

J. O. COTÉ, *C.P.C.*

Order in Council, July 1, 1889.—The Committee, on the recommendation of the Secretary of State, advise that the Order in Council of April 16, 1880, be interpreted so as not to apply to, or to limit, the number for distribution among Departments of publications purchased by the Government for their use under authority of an Order in Council.

JOHN J. McGEE, *C.P.C.*

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past, of the granting of authority by Council for the purchase of books for Library exchanges, and for distribution among the Departments, and he recommends that in the future no such authority be granted; but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal, and that all purchases of books for the use of any Department of the Government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee, and to each Department of the Public Service.

JOHN J. McGEE, *C.P.C.*

Legal Services.

Order in Council, April 12, 1879.—On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the Departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the Departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the Departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the Departments of the Government.

Certified. W. A. HIMSWORTH, *C.P.C.*

Order in Council, Oct. 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters who may be designated as occasion may require by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the Reporter for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of $3.50 per diem over and above actual moving expenses be allowed to such Reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the Official Staff is not available, be 25 cents per folio of 100 words, the Reporter for such remuneration to supply the Government with four copies of the proceedings and evidence in each case.

That the sum of $3.00 per diem, in addition to actual moving expenses, be allowed to such Reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days,

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such Reporters during the last Session of Parliament.

That in all cases when a Reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of $5 per day, he shall be entitled to receive $5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any Reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. McGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of

officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of Feb. 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases, deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. McGEE, *C.P.C.*

Salaries.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

Certified. W. A. HIMSWORTH. *C.P.C.*

Order in Council, July 29, 1871.—On a report, dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month, and recommemding that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved. W. H. LEE, *C.P.C.*

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. McGEE, *C.P.C.*

Order in Council, Jan. 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. McGEE, *C.P.C.*

Order in Council, March 22, 1887.—The Committee, on the recommendation of the President of the Privy Council, advise that the Order in Council of the 13th January last, authorizing the issue of the pay lists on the 15th day of each month, be amended so as to include the temporary clerks of the inside service who are continuously employed.

JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, April 1, 1887.

SIR,—Please define the meaning which is to be attached to the word "continuous" in the O.C. of March 22, with reference to the time of paying certain extra clerks.

Yours truly,

The Clerk of the Council. J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL, April 2, 1887.

SIR,—In answer to yours of the 1st inst., respecting the O.C. of March 22, authorizing payment on the 15th of each month to temporary clerks who are continuously employed, I have the honour to state that it is only applicable to those employed by Order in Council.

Yours truly,

The Auditor General. JOHN J. McGEE, *C.P.C.*

Order in Council, Feb. 18, 1889.—That the payment of salaries of temporary employees in the several departments who are not employed under the authority of an Order in Council, be made on the following days: Feb. 18, Mar. 21, April 24, May 27 and June 28, 1889; and thereafter on the last day of the month.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 14, 1885.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the Departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several Departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. McGEE, *C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of Jan. 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several Departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 1, 1886.—The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor General.

Taking these statements into consideration, the Board are of opinion, and recommend to Council, that, with the following exception, from and after July 1, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several Post Office and Government Savings Banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. McGEE, *C.P.C.*

Order in Council, October 16, 1886.—That the Order in Council of July 1, 1886, founded on a Minute of the Board dated June 24, 1886, providing that no payment be made for any Extra Service of any kind whatever, be amended by excluding from the operation thereof "payments for services performed by persons in the Customs and Fisheries Departments in connection with the distribution of the Fishing Bounty, and collection of statistics," for which a vote of Parliament is taken.

JOHN J. McGEE, *C.P.C.*

Civil Service Act of 1888, 51 *Vic., cap.* 12, *sec.* 12.—Sub-sections 1 and 2 of section 51, of the Civil Service Act (R.S.C., cap. 17), are hereby repealed, and the following substituted therefor:—

"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service.

FINANCE DEPT., OTTAWA, Oct. 9, 1891.

SIR,—I have the honour to inform you that at a meeting of the Treasury Board, held on the 2nd instant, a Minute was adopted, requiring that accounts for payments to all extra clerks and extra messengers and of all temporary employees should, from and after Sept. 1, 1891, be certified as follows:—

"I hereby certify that the clerk (or messenger) has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

I am, Sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D.M.F.*

Superannuation.

Order in Council, Jan. 7, 1884.—The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favourably on the cases submitted to them, but at the same time the Board have to direct the notice of Council to the fact that placing these officers on the permanent list has the effect of

bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the 1st inst. it shall be optional with temporary officers, on receiving permanent appointments, to place themselves, as far as regards their temporary services, under the operations of the Superannuation Act; but that in the cases where officers desire to avail themselves of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

Certified. JOHN J. McGEE, *C. P. C.*

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—"(34.) When any "officer has an official residence or other similar perquisite, his salary shall be "stated at such higher sum as may fairly represent these advantages, and he shall "pay the abatements on such higher salary, otherwise his superannuation allowance "shall only count on the salary on which he has paid abatement;"—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. McGEE, *C. P. C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations of Public Servants, as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several Departments recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

Your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. *See* 38 *Vic.*,

Cap. 13.) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 *Vic.*, *Cap.* 13).

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Secretary, Treasury Board.

(*Circular.*) OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board :—

"That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act, unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health."

I am your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Auditor General.

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Hon. the Treasury Board to call your attention to the 5th sub-section of section 7 of 46 Victoria, chap. 7 (C.S. Act), wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary;" and in connection therewith I have to call your attention to the *Hansard* of last Session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the Service in the practice of their professions, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to sub-section 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not

required, as, for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Deputy Minister of Finance.

Travelling Expenses.

Order in Council, Sept. 8, 1871.—The Committee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted :—

"*Removal Allowances.*—No removal allowance can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the Head of the Department. A removal allowance is not to exceed the actual cost on account rendered."

Order in Council, Nov. 29, 1882 (*as amended by O. C. June* 28, 1886).—Ordered, that the Order in Council of May 6, 1878, governing travelling expenses, be modified, and that from July 1, 1882, with the exception of the Major General commanding the Militia, and the judges who are otherwise provided for, there be paid to all officers travelling on public service in the Dominion, except in those parts hereafter specified, over and above the actual moving expenses, a uniform rate of $3.50 per diem—the days of leaving and arriving to be counted as full days—and to those officers who may be called upon to travel in British Columbia, or out of Canada, the rate of $5 per diem.

Certified. JOHN J. McGEE, *C.P.C.*

NOTE.—The Lieutenant Governor of the N. W. T. is allowed $5 a day by O. C Jan. 12, 1888; and the Registrar of the Exchequer Court $4.50 a day, by O. C. July 5, 1888.

Order in Council, Nov. 10, 1886.—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows:—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor General a detailed statement of such travelling expenses.

JOHN J. McGEE, *C.P.C.*

Order in Council, Dec. 17, 1889.—The Board, having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers

in the employ of the Government, while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses as follows:—"The whole of the expenditure was incurred on Government business;" said certificate to be signed by the officer who has incurred the expense.

JOHN J. McGEE, *C.P.C.*

Insurance.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every Department of the Government.

J. O. COTÉ, *C.P.C.*

"Copying."

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several Departments of the Government and in the preparation of returns for the Senate and House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. McGEE, *C.P.C.*

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: "That an Appropriation Account can be kept open for any time fixed by Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of the accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: "The question is, whether, upon an Order in Council having been passed as specified in the section, a Department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a Department to pay after June 30 liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30 shall lapse and be written off. The proviso does not either expressly or by implication give a Department power to make a new expenditure, and if that power is not contained in the proviso it is nowhere: it does not exist. The only meaning to be drawn from the proviso is that the extension is

made for the purpose of paying after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the Departments, the Auditor General having intimated that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. McGEE, *C.P.C.*

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditnre of over $5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That with all tenders submitted, a money guarantee, or approved accepted cheque shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent. deposit, hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than $1,000, nor more than $5,000. That upon acceptance of a tender, and notification by the Department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent. of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified, J. O. COTÉ, *C.P.C.*

(*Circular.*)

FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on the 16th June, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, *D.M.F.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. McGEE, *C.P.C.*

Small Balances Due to Estates.

AUDIT OFFICE, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice, indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

The Auditor General. J. M. COURTNEY, *Sec. T.B.*

Franking Privilege at Ottawa.

Order in Council, Oct. 10, 1870.—That with a view of introducing uniformity of practice in franking letters, and of preventing any improper use of the privilege, the following be adopted :—

Letters may be franked in writing or by a stamp. If by a stamp, it should be kept in possession of and only used by the deputy head, or by a confidential officer intrusted with it.

A printed frank on an envelope can only be used where the direction itself is also printed.

A stamp should be a *fac-simile* of the signature of the franking officer.

The right of franking should be confined to the deputy head of the department, besides the political head.

All letters should be initialed by the sender. No franking of blank envelopes.

All letters received should pass through the hands of the deputy head, or the person he may intrust with the duty.

A pass-book with each department should be kept by the post office, in which postage charged on unofficial letters received, and prepaid on foreign letters sent, shall be entered.

Certified extract. JOHN J. McGEE, *C.P.C.*

Order in Council, Oct. 26, 1875.—1st. That in view of the difficulties which arise in exacting from the general public conformity to particular forms of official address upon letters intended for the public departments, and of the inconvenience to the public service which might ensue if any want of such conformity were suffered to remain a reason for not forwarding directly to destination any part of said correspondence, postmasters in Canada be directed to forward to Ottawa, free of Canada postage, as correspondence intended for the public departments, all mail matter addressed to the respective Ministers and deputy heads, as well as all mail matter on which the name or designation of one of the said departments, or of its branches at Ottawa, forms part of the address.

2nd. The mail matter sent from the several public Departments in Ottawa shall be sent under the regulations approved by the Order in Council of Oct., 10, 1870.

Certified extract, JOHN J. McGEE, *C. P. C.*

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, *Sec.* 33.—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts, in each case.—J. L. McD.

Privy Council Office Contingencies.

To the Accountant of Contingencies.—Please state why the cab-hire of Sir John Macdonald, Minister of Railways and Canals, and of his Private Secretary, are not charged to that Department, instead of the Privy Council Office.—J. L. McDougall, Dec. 23, 1890.

To the Accountant of Contingencies.—I really am quite unable to give you any reason why Sir John Macdonald's travelling expenses and cab-hire are charged to the Privy Council instead of to the Department of Railways and Canals, except that Sir John so directed. He did not consult me in the matter, which was arranged with the Clerk of the Privy Council. When we left that office for the Railways, Mr. McGee informed me, that not only Sir John's cab-hire and travelling expenses, but also his telegraphing, stationery, &c., would continue, as before, to be borne by the Council. As long as my requisitions were honoured, it was a matter of indifference to me, so I asked no questions. Perhaps Mr. McGee could throw some light on the point. I presume that the amounts are charged to the Privy Council on the ground of Sir John being Prime Minister.—Joseph Pope, Jan. 15, 1891.

To the Accountant of Contingencies.—Cheque 121, R. W. Baldwin, per Joseph Pope, $100. The application for this cheque is signed "W. Horace Lee, per Clerk of Privy Council." This is contrary to Section 14 of the Civil Service Act, which states that "in the absence of any Deputy Head, a Chief Clerk named by the Head of the "Department shall perform the duties of such Deputy Head, unless the performance "of such duties is otherwise provided for by the Governor in Council." Mr. Lee is not a Chief Clerk, and therefore cannot act for the Clerk of the Council, unless under an Order in Council, which I do not find.—J. L. McDougall, Dec. 12, 1890.

To the Accountant of Contingencies.—In Mr. McGee's trip to Halifax, in July last, appears the item "cabs, porters and ferries, $5.25;" and in his Toronto trip "cab and "porter, $4.25." Dates for all outlay for travelling expenses should be given, and each item separately described.—J. L. McDougall, Dec. 12, 1890.

To the Accountant of Contingencies.—In Mr. McGee's travelling accounts are three charges: "On trip to Quebec, July 28, cabs, $2.50; on trip to Kamouraska, Aug. 12, cabs, $1.75." The items which go to make up these amounts should be given in detail, as well as the place and date for each.—J. L. McDougall, Dec. 23, 1890.

To the Accountant of Contingencies.—Cheque 297, D. Burke, services in July, $91.66; cheque 298, Wm. Loux, services in July, $91.66. The applications for the above cheques are returned herewith for the certificates required by the Civil Service Act that the services performed by Messrs. Burke and Loux are technical, for which they are specially qualified, and that the list of passed candidates does not furnish a suitable person for the occasion. The accounts of A. F. Sladen and J. M. Lefebvre also are returned for the certificate regarding the Civil Service examination. In future please do not allow a cheque to issue unless the necessary certificates are on the application.—J. L. McDougall, Dec. 12, 1890.

To the Accountant of Contingencies.—I do not find that Messrs. D. Burke, W. Loux, and J. M. Plunkett, Miss K. Macdonell, and Mrs. E. Baudry, extra clerks employed in the Privy Council office, previous to November, 1890, qualified themselves at the last Civil Service examination for continued employment as required by Sec. 47, sub-sec. 1 of the Civil Service Act.—J. L. McDougall, Jan. 17, 1891.

To the Accountant of Contingencies.—Kavanagh Bros., amount of account rendered, $45.13. Please furnish the detailed account. It was not intended that petty cash

should be used in payment of accounts so large as this, or of this nature. Application should have been made for a cheque in the usual way.—J. L. McDougall, Dec. 12, 1890.

To the Accountant of Contingencies.—Kavanagh Bros., June 16 ; goods to date, $54.68. Please furnish a detailed account.—J. L. McDougall, Sept. 10, 1891.

To the Accountant of Contingencies.—C. S. Shaw & Co., 1 water filter, $8. Supplies of this nature are furnished by the Public Works Department upon requisition.—J. L. McDougall, Dec. 23, 1890.

To the Accountant of Contingencies.—The Privy Council Petty Cash Account for October covers a payment of $17.75 to Messrs. Durie & Son for the following supplies which should have been procured through the Stationery Office : Foolscap journal, 25c.; Stormonth's dictionary, $7.50 ; 11 memo-books, $2.80 ; 3 pass-books, 75c.; 1 record-book, $1.25 ; 1 map, $4.50.—J. L. McDougall, Jan. 17, 1891.

To the Accountant of Contingencies.—Jas. Hope & Co., exchange tables, $1. These should have been procured through the Stationery Office.... D. & J. Sadlier & Co., Montreal, June 1 ; 50 leather boxes at $3, $150. Is not this purchase in violation of the Printing and Stationery Act, which says that "all paper, books and all other articles of "stationery of whatsoever kind shall be purchased and supplied by the Superintendent "of Stationery?" It is not expected that so large an amount as this should be paid from Petty Cash.—J. L. McDougall, Sept. 10, 1891.

To the Auditor General.—I may say, in answer to your question regarding a particular item of the expenditure of the Privy Council Office, that I certainly agree with you that said purchase is in violation of the Printing and Stationery Act ; but I am, as you are aware, absolutely powerless in the matter, under the present Petty Cash system and regulations.—W. H. Hayes, Sept. 11, 1891.

Justice Department—Contingencies.

To the Accountant of Contingencies.—Cheque 696 is in favour of Miss E. M. Armstrong for $2.40 for typewriting. This payment is contrary to the Civil Service Act, and should be refunded, inasmuch as Miss Armstrong was at the same time an employé of the Customs Department.—J. L. McDougall, Dec. 23, 1890.

To the Accountant of Contingencies.—I have by direction of the Minister of Justice to state that, if the Auditor General by his reference to the Civil Service Act refers to Section 51 of the Civil Service Act as altered by the provisions of Chapter 12 of the Acts of 1888, he is in error in supposing that that provision has any relation whatever to temporary employés. It only relates to persons in the permanent employment of the Government. Under these circumstances and holding this view of the law, I cannot ask Miss Armstrong to refund the amount paid to her.—Robt. Sedgewick, Jan. 26, 1891.

To the Accountant of Contingencies.—Cheque 1352 in favour of J. M. J. Lefebvre for $6 for typewriting, is irregular and should be refunded, inasmuch as Mr. Lefebvre was at the same time employed continuously in the Privy Council Office.—J. L. McDougall, Jan. 17, 1891. (*See* reply *re* Miss Armstrong.)

To the Accountant of Contingencies.—In Mr. Sedgewick's travel accounts for Sept., Oct. and Dec. 1890, a receipted account should be furnished in support of the payment of $30 for "clerk at Washington to assist in shorthand and telegraphing."—J. L. McDougall, Nov. 11, 1891.

Secretary of State's Department—Contingencies.

To Accountant of Contingencies.—Cheque 4051 : Dr. P. Chapleau, for preparing a list of the persons who passed the Civil Service examinations from 1882 to 1890, $324.80. Please explain why this account was paid from Civil Government Contingencies. There does not appear to me to be any provision made in the Contingencies Act or the Civil Service Act for the payment of an account of this nature. The Civil Service Act seems in every case to contemplate payment on the basis of time spent. —J. L. McDougall, Sept. 10, 1891.

To the Auditor General.—Concerning the payment to Dr. Chapleau of $324.80 for preparing list, I am sorry that I am unable to say why this account was paid from Civil Government Contingencies, except in a general way that I do not suppose it occurred to Mr. Baxter that there was any reason why it should not be so paid. It is for clerical assistance rendered to the Department ; and as to payment other than on the basis of time spent, while the Civil Service Act may not contemplate it, still as a matter of fact it is done very often, and no exception taken, for instance, to copying by the folio.—W. H. Hayes, Sept. 11, 1891.

To the Accountant of Contingencies.—With reference to your letter of Sept. 11, in which you state that payment for services other than on the basis of time spent is often made under the Civil Service Act, mentioning as an example copying by folio, I beg to point out that the rate for all copying is fixed by Order in Council, while there is no such authority so far as I know for paying at the rate of $2.90 a page for preparing the List referred to above.—J. L. McDougall, Oct. 10, 1891.

To the Auditor General.—I am in receipt of your letter of 10th inst. referring to mine of 11th ultimo concerning the payment of $324.80 to Dr. P. Chapleau, and would say that my reference to the fact that copying by the folio was, and had always been paid for through Contingencies, was not intended, and I do not think can be so read, as a justification of the payment in the case under review of $2.90 a page for an entirely different sort of work, but rather as an answer to your exception to payment for work on any other basis than that of time spent. Now the fact is that copying by the folio was paid for before the passing of the Order in Council referred to by you, and said Order in Council was passed, not to justify such a mode of payment, but to determine a fixed rate for a certain kind of work. In my opinion, under the Civil Service Act, the certificate "Technical services, requiring special qualifications" is the justification so far as the Accountant of Contingencies is concerned for paying at the rate which the Department, knowing the nature of the work, asks shall be paid.—W. H. Hayes, Oct. 12, 1891.

To the Accountant of Contingencies.—I do not find that Messrs. G. Delaporte, M. DesGeorges, and J. M. Lalonde, extra clerks employed before November, 1890, qualified themselves at the last Civil Service examinations for continued employment, as required by Sub-sec. 1, Sec. 47 of the Civil Service Act.—J. L. McDougall, Jan. 17, 1891.

Printing and Stationery Department—Contingencies.

To the Auditor General.—I have the honour to enclose herewith for your information copy of a letter which I have addressed to the Hon. the Secretary of State concerning the extra charge for expenses made by Mr. Senécal and myself in connection with our trips to New York, Philadelphia, Washington and Chicago in 1887, 1889 and 1890.—B. Chamberlin, Nov. 18, 1890.

To the Secretary of State.—In submitting our accounts for expenses of our recent trip to New York, Philadelphia and Washington, Mr. Senécal and I have made a charge of $5 extra per day during two days in New York, one in Philadelphia and one in Washington, for expenses incurred in procuring information. On consultation with the Auditor General on the subject, while not denying the reasonableness of the charge, he

informed me that he feared he could not pass the item, as the Order in Council on the subject was very strict in its terms. May I ask you to submit the matter to the Hon. the Treasury Board? As you are aware, no one can get such lodgings as a Deputy Minister or Head of a great Government establishment is surely entitled to, at less than from $2 to $3 per diem. His food costs as much more, unless he resorts to cheap "dives" or "gast" houses for his meals. If he then sets out in search of information he must pay for everything out of his own pocket, or throw himself on the generosity of his local friends, a very humiliating alternative when left without means to acknowledge fitly the trouble and expense to which such friends are put. The consequence has been that in each of the three trips to the cities named, made by Mr. Senécal and myself, we have been from $25 to twice that amount out of pocket. In 1889 we were two days at work in Philadelphia, two in New York and one in Washington. In 1887 we were two days in New York, one in Philadelphia, one in Washington and two in Chicago. I trust that you will recognize our claims to these accounts as entirely legitimate, and that the Treasury Board will deem it but just that payment thereof be made.—B. Chamberlin, Nov. 17, 1890.

To the Accountant of Contingencies.—B. Chamberlin and A. Senécal; travelling expenses to New York, Philadelphia and Washington $228.60. The first item in this account is as follows:—"Oct. 10, 1890, Insurance against accidents, $7.50." As this charge is of a personal nature the amount should be refunded. Another item in the account reads as follows:—"Expenses for obtaining information, 2 days in New York, 1 day in Philadelphia and 1 day in Washington, at $10 for two persons, $40.00." Details are required of any expenditure not covered by the per diem living-allowance.—J. L. McDougall, Sept. 10, 1891.

To the Accountant of Contingencies.—I don't find that Messrs. A. H. Beaulieu and J. A. Verge, extra clerks employed in the Printing and Stationery Department previous to November, 1890, qualified themselves at the last Civil Service examination for continued employment, as required by Section 47, Sub-sec. 1 of the Civil Service Act.—J. L. McDougall, Nov. 17, 1891.

To the Accountant of Contingencies.—Concerning Mr. Verge, the statement contained in your letter appears to be correct, although he has passed the Preliminary examinations.—B. Chamberlin, Jan. 24, 1891.

To the Accountant of Contingencies.—Cheque 3563, Ottawa "Journal," subscription from Jan. 1, 1886, to Dec. 31, 1891, $30. Please obtain an explanation of the delay in rendering this account.—J. L. McDougall, Sept. 10, 1891.

To the Accountant of Contingencies.—The pay-lists of the charwomen, for cleaning the Printing Bureau, are returned herewith for proper receipts. In every instance where a charwoman cannot write, please obtain her mark, and a witness thereto.—J. L. McDougall, Sept. 10, 1891.

Interior Department—Contingencies.

To the Accountant of Contingencies.—Mr. W. F. King of the Interior Department has neglected to furnish receipts in support of the following outlay which appears in his travel account in connection with the examination of monuments on International boundary line between Rouse's Point and St. Regis in October, 1890; R. Russell, horse-hire, 3 days, $5.00; D. C. Cameron, services 3 days as driver and guide, $6.00; J. Gilmour for driving, $2.00; H. Russell, as guide in Dundee Swamp, $1.00; A. W. Mooney, hotel bill and expenses, $4.00.—J. L. McDougall, Jan. 17, 1891.

To the Accountant, Interior Department.—The other items I have no vouchers for, but I will most likely be able to get, if required, vouchers for the items of $5, $6, and

$4. The payment of $1 to Hiram Russell was of the nature of a gratuity for which I would not like to ask a voucher; and for the payment of $2 to Gilmore for driving I did not take a voucher at the time as I paid him in a driving rain, and I do not know where to find him.—Wm. King, Jan. 27, 1891.

To the Accountant of Contingencies.—The Interior Department Petty Cash Account for February covers a payment of $2.40 to C. S. Shaw & Co. for 6 gallons of coal oil, which should have been procured through the Public Works Department, and charged to the vote for "lighting Ottawa buildings." J. L. McDougall, March 19, 1891.

To the Accountant of Contingencies.—Harris & Campbell, 5 mirrors, $5.—These should have been obtained by requisition on the Public Works Department.—J. L. McDougall, Sept. 10, 1891.

To the Accountant of Contingencies.—These mirrors were bought for five rooms vacated by the staff of the Mounted Police which were then transferred to this Department. I understand that articles such as soap, towels, brushes, whisks, mirrors, &c., appertaining to the dressing-rooms have always been paid out of Petty Cash. However if that practice is objected to, I will order that in future mirrors shall be requisitioned from the Public Works Department. John R. Hall, Sept. 22, 1891.

Indian Affairs—Contingencies.

To the Accountant of Contingencies.—I observe in examining the vouchers of this Department that you accept the signature of Mr. W. A. Austin for the Deputy Head on requisitions and applications. Please let me know if Mr. Austin, he being under a Chief Clerk in official position, is authorized under an Order in Council to act for Mr. Vankoughnet, as required by Section 14 of the Civil Service Act. I do not find that a copy of such an Order has reached this office.—J. L. McDougall, Dec. 23, 1890.

To the Accountant of Contingencies.—Re Austin, see Order in Council of July 30, 1890, which, as the greater contains the less, should cover the signature of minor documents as well as Letters Patent.—R. Sinclair, Jan. 15, 1891.

To the Accountant of Contingencies.—I beg to call your attention to my letter of Dec. 23, in which I asked if Mr. W. A. Austin of the Department of Indian Affairs had the authority of Council to sign requisitions and applications for the Deputy Head. The only reply I have received to this letter is a memo. from Mr. Sinclair to Mr. Baxter quoting the Order in Council of July 30, 1890, as Mr. Austin's authority. The Order referred to limits the authority of Mr. Austin to sign Letters Patent until Aug. 31, 1890. His signature on Contingent applications should not be accepted without the authority of Council.—J. L. McDougall, Dec. 8, 1891.

To the Accountant of Contingencies.—I do not find that Rev. Wm. Scott and Mrs. M. C. Fraser, extra clerks employed previous to November, 1890, qualified themselves at the last Civil Service examination for continued employment, as required by sec. 47, sub-sec. 1 of the Civil Service Act.—J. L, McDougall, Jan. 17, 1891.

To the Accountant of Contingencies—The persons named were employed in the interests of the service, and under the following circumstances :—1st. Mrs. C. Fraser was appointed temporarily by Order in Council of the 13th Oct. last, to perform a certain duty, for which she was peculiarly fitted; her employment to continue until the work was completed. It has now been completed, and Mrs. Fraser's employment has therefore terminated. 2nd. The Rev. Mr. Scott has been employed under the authority of Council since May 5, 1885, on which date an Order passed, amending a previous Order of April 7, 1885, and stating "that the lists of persons who had passed the Civil Service exami-
" nation did not furnish a person qualified for the service he was required to perform;
" that the service in question was technical, requiring special qualifications, and that he
" being a professional man, and from an educational point of view quite competent, it

"was unnecessary that he should be called on to pass the Civil Service examination." I have also to refer you to the Order in Council of June 18 last, continuing Mr. Scott's technical services at an increased rate of pay ; and I may add that, owing to advanced age, he is debarred from presenting himself for examination.—L. Vankoughnet, Jan. 27, 1891.

To the Accountant of Contingencies.—Cheque 2372, Sorel "Sorelois," $14, in payment of subscription for 7 years ending Dec. 31, 1891. Please obtain an explanation of the delay in rendering this account.—J. L. McDougall, Mar. 19, 1891.

To the Deputy Minister of Finance.—It is regretted that the account from "Le Sorelois" was so long delayed, but care will be taken to have such accounts paid regularly in future.—L. Vankoughnet, April 30, 1891.

To the Accountant of Contingencies.—In giving details of his travelling expenses, I notice that Mr. Dingman does not separate his cab-hire and railway fares. For instance he has "cab-hire and railway fares: Montreal to Ottawa, $4.50 ; Toronto to Brantford, $2.85 ; Ottawa to Toronto, $10.55." Please ask him to distinguish in future between these two items of expenditure. In travel accounts each item of expenditure should be described separately.—J. L. McDougall, March 19, 1891.

To the Deputy Minister of Finance.—The receipts required for Mr. Dingman's accounts are enclosed herewith ; and that gentleman's attention will be called to the requirements of the Audit Office, as respects the separating of items of cab-hire and railway-fares.—L. Vankoughnet, April 30, 1891.

To the Accountant of Contingencies.—Thos. Starmer, messenger, received $1 a month for 10 months to pay his street car-fares. Why is a fixed sum paid each month?—J. L. McDougall, Sept. 10, 1891.

To the Accountant of Contingencies.—When tickets were required, Starmer always purchased $1 worth, and gave vouchers therefor ; and the tickets were used in almost every case in going to McKay's mill at the Chaudière, with samples of flour for examination.—L. Vankoughnet, Sept. 23, 1891.

Finance Department—Contingencies.

To the Accountant of Contingencies.—In examining the travel account of Mr. J. M. Courtney, Deputy Minister of Finance, covering his visit to England in December last, I find that in the charge of $10 per day for living allowance while absent from Canada there is included $150 for fifteen days while on board the steamer. I refer you to correspondence between this office and yours regarding a similar charge made by the Deputy Minister of Justice. The correspondence is shown in the Audit Office Report of 1890, page B-91. I have to remind you that I was not furnished with any information as to the action of the Treasury Board in Mr. Sedgewick's case, if any was taken ; and to point out that, for the reasons given by me in that case, the charge in this seems to be illegal.—J. L. McDougall, Nov. 19, 1891.

To the Auditor General.—I have the honour to acknowledge the receipt of your letter of yesterday concerning Mr. Courtney's account for travelling expenses on trip to England in December last ; and to inform you that I have submitted the matter to the Treasury Board for consideration.—W. H. Hayes, Nov. 20, 1891.

DEPT. OF JUSTICE, OTTAWA, Dec. 7, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Nov. 27, asking to be advised as to the legality of a certain charge made by you in connection with your official visit to London some time ago, and enclosing a letter from the Auditor

General to Mr. Hayes, Accountant of Contingencies, dated 19th November, 1891. I have now, by direction of the Minister of Justice, to state that the contention of the Auditor General as stated in the correspondence to which he refers is not a tenable one. The two Orders in Council dealing with your travelling expenses and Mr. Sedgewick's, dealt fully with the whole subject, without reference to any previous Orders in Council regulating the general question of travelling expenses; and in so far as they differ from previous Orders in Council, they and not the previous ones are to be considered as the authority for the expenditure. I wish, however, to state, as has already been stated, that no officer of the Government is entitled, whether directly or indirectly, in the shape of travelling allowances, to an increase of salary, notwithstanding any Orders in Council on the question. These Orders have the effect only of limiting as well as authorizing the extent of an officer's proper expenditure while travelling on the public business.

I am, Sir, your obedient servant,

A. POWER, for *D.M.J.*

The Deputy Minister of Finance.

AUDIT OFFICE, OTTAWA, Dec. 10, 1891.

SIR,—I have your letter of yesterday, enclosing one from the Department of Justice with reference to the travelling expenses of Mr. Courtney, the Deputy Minister of Finance.

In that letter it is stated that my contention is not tenable. I must have been misunderstood, because my view is precisely that of the Department of Justice, *i.e.*, that no officer of the Government is entitled, whether directly or indirectly, in the shape of travelling allowances, to an increase of salary, notwithstanding any Orders in Council on the question. These Orders have the effect only of limiting as well as authorizing the extent of an officer's proper expenditure while travelling on the public business. My view on this point is what it was when I wrote to the Treasury Board Nov. 8, 1886. (*See* Audit Office Report, 1886, page VII) :

"These objections are against the allowance of $5 being increased to $10. I, however, see objection to any allowance for travelling expenses. As long as the allowance was confined to a sum that was well known to be about what was required for comfortable economical living one was not so apt to question the legality of an allowance; but when there is granted the double of the allowance ordinarily given under similar circumstances, one is led to examine into the authority which is necessary to legalize an allowance. It appears to me that an Act of Parliament is required. I do not raise any objection to the fixing of the style of living by the Government, and consequently a limit to the expenditure; and I think it would be my duty to pass, within such a limit, any reasonable expenditure which it was proved had been made.

"I can suppose that, for an important service, on which the welfare of the country is closely dependent, it may be advisable to spend much more than the sum charged by Messrs. Courtney and Burbidge, and therefore I do not argue that the hands of the Government are tied in any respect in that direction; but, on the other hand, it seems to me equally clear, that there is no inherent authority in the Government to allow any more than what is actually spent, and for the purpose of the Government. I find that this is the view taken in the United States. (*See* Lawrence, First Comptroller's Report, 1880, Vol. 1, page 322, which reads as follows) :—

"'*The Head of a Department may limit the allowance for expenses, but cannot in general fix a sum, as and for, expenses to be allowed, in cases where they do not in fact reach the limit fixed. If he could, he would virtually have the power to give additional compensation to the extent in which the sum paid would exceed the actual expenses incurred. By the terms of section 2077 of the Revised Statutes, persons who are required in the performance of their duties, under Chap. 1 of the Title of the Statutes, relating to the Indians, to travel from one place to another, may be allowed either their actual expenses or a reasonable sum in lieu thereof; with an exception not material to our present purpose. The circumstance that Congress has specially authorized in this case, the allowance of a reasonable sum in lieu of actual. expenses, is sufficient evidence that there is no general*

authority to do so. (See also Revised Statutes 4017.) The order of the Secretary of the Interior of July 1, 1874, is therefore in proper form. An order to allow a fixed sum per day for hotel expenses would not be authorized.'"

"I assume that the Government has not the power to say what amount (within the limit) should be given for outlay, because the correct determination is dependent on an examination of a statement of the outlay, and upon nothing else. It appears to me (1) that a person who makes a claim for travelling expenses should make a declaration that the expenditure has all been made on the journey stated, which occupied the time from to ; (2) that, unless very exceptional circumstances, he should give his expenditure in detail, with dates ; (3) that he should furnish accounts and receipts when under similar circumstances a private individual would, in the ordinary course of business, receive such accounts and receipts."

"If an allowance exceeding the amount expended be made to an officer receiving a salary under the Civil Service Act, sec. 51 of that Act is clearly violated, for the excess over the actual outlay paid to the officer must be considered an additional remuneration for services."

Under the opinion of the Minister of Justice, Mr. Courtney is required, I believe, to give evidence by a statement of details &c., as is done, for other travelling expense accounts, to show that the money claimed was actually expended, and that is all I ask.

I am Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Accountant of Contingencies.

FINANCE DEPARTMENT, OTTAWA Dec. 19, 1891.

SIR,—Mr. Hayes, the Accountant of Contingencies, has placed in my hands your letter to him of the 10th instant, having reference to my travelling expenses to England, and a copy of his reply thereto. I deem it now better to dispense with an intermediary and attend to the matter myself, and I regret that through illness and pressure of work I have been unable to give my attention earlier to the business.

If I may be permitted to say so, it seems to me that you are changing altogether the ground which you first took when you entered upon the discussion of the matter. In that instance the criticism you passed upon my charges was that I should deduct therefrom $10 for each day I was upon the ocean. My answer to that was (and the Minister of Justice concurred with me in the opinion) that the Order in Council fixing my allowance at $10 a day included all the time I was absent, whether on sea or on land. Your letter does not touch that question.

As to the point which you now for the first time raise, while I hold the opinion that there is nothing in the Orders in Council under consideration which justifies your demand for further details of my expenditure, neverthess had it been in my power I would have had no personal objection to comply with your wishes—but I have only kept details as rendered, and in a manner I have followed without objection for years. I can, however, state that the amount charged was spent, and on public business, and that in no manner was my income increased thereby. If you desire, I am prepared to show you my rough jottings of cab-hire, &c., from which I made up the account.

Yours very truly,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

Inland Revenue Department—Contingencies.

To the Accountant of Contingencies. —Cheque 368 covers a payment of $18 to H. Bossé for services at $2 a day, and $38.75 for travel. The certificates required by the Order in Council of Dec. 17, 1889, and by the Civil Service Act, Sec. 47, Sub-secs. 1 and 2, are not on the voucher. The voucher in support of cheque 364, for $44 for services and travel of Barry R. Plant, lacks similar certificates. The accounts are returned herewith. —J. L. McDougall, Dec. 23, 1890.

To the Accountant of Contingencies.—Cheque 1654 covers a payment of $20 by the Inland Revenue Department to E. Hartt, for 10 days' services at $2. The certificates called for by the Civil Service Act, Sec. 47, sub-secs. 1 and 2, are not on the vouchers.—J. L. McDougall, Jan. 17, 1891.

To the Accountant of Contingencies.—No reason has been given why the expenses in connection with the trip of Messrs. W. J. Gerald and A. McGill, of the Inland Revenue Department, to Buffalo, Rochester, and other American cities, have been charged to "Customs Department."—J. L. McDougall, March 19, 1891.

To the Accountant of Contingencies.—W. Ricard, driving E. Miall to State Dinner, $2. This item is of a personal nature, and should be refunded.—J. L. McDougall, Sept. 10, 1891.

To the Accountant of Contingencies.—I observe that, from July 1 to March 31, $45.22 was expended by the Inland Revenue Department for 2,261 copies of the Ottawa "Citizen." As the number procured was very large, I should like an explanation of the outlay. Also, please state whether any efforts were made to secure a lower rate than 2 cents a copy.—J. L. McDougall, May 27, 1891.

To the Accountant of Contingencies.—I am directed by the Hon. Minister of Inland Revenue to inform you that the copies of the "Citizen" were purchased at different times by his order for distribution; articles of public importance being published therein which it was considered should be distributed.—Wm. Himsworth, June 3, 1891.

Customs Department—Contingencies.

To the Accountant of Contingencies.—In the account of Mr. J. Johnson for travel, each item should be given for the outlay of "Railway fares, etc., to and from Shediac, Summerside and Charlottetown, $47.50."—J. L. McDougall, Dec. 23, 1890.

To the Accountant of Contingencies.—As regards the item of $47.50 in Mr. Johnson's expenses, I am desired by him to state that at this late date it is impossible for him to furnish the items for railway fares, etc., as requested; and if the Auditor General feels that he is unable to pass the account in its present form, if you will return it the amount will at once be deposited to the credit of the Receiver General.—W. G. Parmelee, Jan. 21, 1891.

To the Accountant of Contingencies.—I do not find that Mr. Dawson Kerr, employed before November 1890, qualified himself at the last Civil Service examination for continued employment, as required by sub-sec. 1, sec. 47, of the Civil Service Act.—J. L. McDougall, Jan. 17, 1891.

To the Accountant of Contingencies.—In Mr. W. G. Parmelee's account for travel to British Columbia in August and September the following items appear: "Horse-hire, Nelson to Sproat's, $8; guides and scouts in mountains, $10.50." Vouchers should be furnished in support of these charges.—J. L. McDougall, Jan. 17, 1891.

To the Accountant of Contingencies.—The vouchers were not procured, nor were they procurable. The items were simply my share paid of the expenditure on these accounts. For instance, the amount of the first item, "Nelson to Sproat's," was paid to the man in charge of the animals (eight in number) which conveyed us by the mountain trail between the two places named, the total amount being $40, and as there were five of us my share was $8. The second item, "guides and scouts," was paid in a similar manner, a portion of it being to Indians so employed. The party made periodical settlements among themselves of the amount expended, and I find that I have a charge on my memo. of amount paid while at or about Crossman's Ranche on the Kootenay River as my share for guides and scouts, $10. I also paid 50 cents to an Indian to guide the police constable in charge of our horses from Rykert's, on the Kootenay, by a mountain trail, to avoid a slough on the direct route, back to Crossman's.—W. G. Parmelee, Feb. 18, 1891.

To the Accountant of Contingencies.—"Thos. J. Watters, travel, $92.15." One of the items in this account is as follows :—"Cab-hire going between Custom house and "general offices of two sugar refineries, Montreal, and to each of the refineries, which are 4 miles apart, June 22 to 30, $33." Please ask Mr. Watters to furnish a statement in detail showing the outlay for each trip.—J. L. McDougall, Sept. 10, 1891.

Post Office Department—Contingencies.

To the Accountant of Contingencies.—I do not find that the following extra clerks, employed before November, 1890, qualified themselves at the last Civil Service examination, for continued employment, as required by sub-sec. 1, sec. 47, of the Civil Service Act : Mrs. D. Wilkinson, Messrs. H. S. Ferguson, W. A. Jones, W. R. Morris, E. F. Macdonell and E. W. R. Swinyard.—J. L. McDougall, Jan. 17, 1891.

To the Accountant of Contingencies.—Mrs. Wilkinson has left the service, and Mr. W. A. Jones has been permanently appointed by Order in Council. With reference to the remaining four, I shall call the attention of the Postmaster General to the matter without delay.—Wm. White, Jan. 30, 1891.

To the Accountant of Contingencies.—Cheque 2390, Post Office Department, is for $7.50 in favour of the Digby "Courier," for 5 years' subscription, ending Dec. 31, 1891. Please obtain an explanation of the delay in rendering this account.—J. L. McDougall, March 19, 1891.

Agriculture Department—Contingencies.

To the Accountant of Contingencies.—I do not find that Messrs. S. E. Gregory, Geo. Bourret, F. H. Heath, T. H. Morgan, N. F. Boissonault and John Thomson, employed previous to November, 1890, qualified themselves at the last Civil Service Examination for continued employment, as required by sec. 47, sub-sec. 1, of the Civil Service Act.—J. L. McDougall, Jan. 17, 1891.

Computing Savings Bank Interest.

To the Superintendent, Savings Bank Branch, P.O.D.—I have your letter of yesterday enclosing the usual annual pay-list for balancing your ledgers for the past fiscal year. I beg to point out that the rates should be fixed by Order in Council. A difficulty in connection with the pay-list, about which I am not yet quite decided is whether this work can be charged for unless it was all done outside of office hours. If you can give a certificate now that the work was all done outside of office hours this difficulty need

not arise. The only thing necessary then would be to get an Order in Council fixing the rates of pay. In the meantime I return the pay-list. J. L. McDougall, July 25, 1891.

Repairing Type-writers.

To Accountant of Contingencies.—Holland Bros., repairing type-writers: Militia, $3.25; Post Office, $1.50; Railways, $2.50. Repairs of this nature should be made by requisition on the Stationery Office.—J. L. McDougall, Dec 23, 1890.

To Accountant of Contingencies.—H. Hudson, repairing type-writers for Public Works Department, $2.75. These repairs should have been ordered through the Stationery Office.—J. L. McDougall, Jan. 17, 1891.

To Accountant of Contingencies.—Holland Bros., repairing type-writers for Interior Department, $1.25. Repairs to type-writers should be obtained by requisition on the Stationery Office.—J. L. McDougall, March 19, 1891.

To Accountant of Contingencies.—J. A. Fisseault, repairing type-writer and caligraphs for Agriculture Department, $21.25. Repairing of this nature should be obtained by requisition on the Stationery Office.—J. L. McDougall, May 27, 1891.

To Accountant of Contingencies.—The items composing the amount of $21.25 for repairing type-writer and caligraphs, were paid as petty undefined contingencies, under the authority of sub-sec. *h* of sec. 2 of the Contingencies Act.—John Lowe, June 2, 1891.

To Accountant of Contingencies.—The circumstance that the items amounting to $21.25 for repairing typewriters were paid as Petty Cash, is no reason why they should not be subject to all the restrictions of the Contingencies Act.—J. L. McDougall, Oct. 2, 1891.

To the Auditor General.—I enclose copy of requisition made by me on the Queen's Printer, Feb. 23, and the correspondence relating thereto. There is nothing in the Order in Council of Oct. 8, 1880, to which Mr. Bronskill refers me, which relates to accounts for repairs of instruments for use in the Department. As the amounts are small, I hope the convenience of the Department will be considered. Even from the point of view of economy, it would be more profitable to have these small repairs made immediately when wanted than to wait for the formality of a requisition, and the action of the Department of Public Printing. If we cannot get our type-writers repaired promptly, the alternative will be to purchase some spare machines for use when any break occurs.—A. M. Burgess, March 10, 1891.

To the Deputy Minister of Interior.—The attached requisition No. 1640 of yesterday covering repairs to five drawing pens by Messrs. Hearn & Harrison of Montreal, and type-writer repairs by Mr. H. Hudson, reached me to-day. Relative thereto I beg to refer you to Order in Council of Oct. 8, 1880.—H. J. Bronskill, Feb. 24, 1891.

To the Queen's Printer.—I am in receipt of a letter from the Superintendent of Stationery, returning requisition No. 1640 of this Department, for repairs to five drawing pens and repairing type-writer. Mr. Bronskill refers me to the Order in Council of Oct. 8, 1880; but on looking at that Order in Council I do not find that it has any reference to accounts for repairs to instruments in the use of the Department. It will be impossible to consult Mr. Bronskill every time a type-writer or drawing pen needs repairing.—A. M. Burgess, March 3, 1891.

To the Dy. Minister of Interior.—Neither Mr. Bronskill nor I desire to have anything to do with the repairs therein mentioned; but when required to certify an account it is absolutely necessary that we should know what work was done and the authority on which it was ordered. We shall be delighted if you will make arrangements with the Auditor General to save us this bother.—B. Chamberlin, March 4, 1891.

To the Dy. Minister of Interior.—I am of the opinion that payments of this nature come within the meaning of the Order in Council of Oct. 8, 1880. Type-writers and type-writer supplies, being treated as stationery, must be procured through the Stationery Office, and the repairs should be made through the same channel. Any change of practice can be made properly only under an amendment to the Order in Council, which would exempt repairs to type-writers from the provisions of the General Order.—J. L. McDougall, March 16, 1891.

The Auditor General.—I am in communication with the Department of the Secretary of State with a view to having the general Order in Council modified, so that repairs of type-writers at least may be made on the Order of the Deputy Minister. Meantime I will be glad if you can see your way to passing this small account, which is enclosed herewith. Until some new arrangement is made, of course no more repairs will be made except in accordance with your views as to what the Order in Council prescribes.—A. M. Burgess, April 2, 1891.

Gratuities to Telegraph Messengers.

To the Accountant of Contingencies.—Gratuities to Telegraph Messengers by Fisheries Department, $2.25, charged Dec. 28, 1890. Please explain why this account is included again when exception was taken to it in 1889-90 and the amount refunded. The following extract from my letter of Sept. 9, 1890, has reference to it: "Fisheries "Department Petty Cash Account for June covers a payment of $2.25 as a gratuity to "telegraph messengers, paid Dec. 28, 1888. Please obtain an explanation of the cause "of delay in bringing this item to account. I beg to call your attention to the portion "of my letter of May 19 last, regarding gratuities." The refund was made on Sept. 11, 1890. I bring to your notice also the payment of $4.75 during the past fiscal year by the Justice Department, and similar amounts by Railways and Canals, Customs and Inland Revenue Departments, as gratuities to telegraph messengers. The attention of these Departments, with the exception of the Customs, was called to the irregular nature of similar payments last year. Please see that these items are refunded.—J. L. McDougall, Oct. 6, 1891.

To the Accountant of Contingencies.—As to the item of $2.25 gratuity to telegraph boys, charged with the Contingencies Account of 1889-90, I was informed that in no other Department had a refund been exacted for similar charges. If, however, I am mistaken in this, and other Departments have not been permitted to make this charge, it will be refunded.—John Tilton, Oct. 26, 1891.

To the Accountant of Contingencies.—With reference to the letter of Oct. 26, from the Deputy Minister of Fisheries, respecting the payment of $2.25 as a gratuity to telegraph messengers, in which he states that he was informed that in no other Department had a refund been exacted for similar charges, please inform him that the attention of all the other departments making the payment from public funds was called to its irregular nature and refunds were asked for. The matter will now be referred to the Treasury Board.—J. L. McDougall, Nov. 7, 1891.

Order in Council, Dec. 23, 1891.—Authority is hereby granted to each Department to expend a sum not exceeding $10 out of "Petty Expenses," as gratuities to the messengers of the two Telegraph companies doing business in Ottawa.—John J. McGee, C.P.C.

AUDIT OFFICE, OTTAWA, Aug. 3, 1891.

SIR,—I beg to direct your attention to two payments made in connection with the Manitoba Penitentiary during the fiscal year 1890-91 for medical services. In February last the sum of $200 was paid Dr. Gordon Bell for two months' attendance at the penitentiary, and in June $288 to Dr. Lynch for attendance on the late Warden Bedson. Both of these payments seem to me irregular, as there is a permanent medical officer attached to the institution, and I shall be obliged for further explanation in reference to them.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, Aug. 5, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Aug. 5, calling attention to two payments made in connection with the Manitoba Penitentiary in the year 1890-91 for medical services. You state that the payments seem to you to be irregular as there is a permanent medical officer attached to the institution. It does not seem to me that any explanation is called for. I may, however, inform you that according to the practice the resident physician at a penitentiary is obliged to give his professional services gratuitously to all the officers of the institution. It so happened that, at the time stated, the present physician, Dr. Sutherland, was absent on sick leave, and it was necessary to engage the services of Dr. Gordon Bell and Dr. Lynch, in order to perform the services which otherwise would have been performed by Dr. Sutherland.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, Aug. 17, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Aug. 5, stating that the payments made to Doctors Bell and Lynch, at the Manitoba Penitentiary, during the past fiscal year were for medical services rendered during the absence on sick leave of the regular physician, Dr. Sutherland. The only authority for the payment of medical services in a penitentiary appears to be contained in Section 22 of the Act respecting penitentiaries: "The Governor in Council may appoint * * a surgeon." I do not see how, under that authority alone, it can be argued that there is no need of an explanation of the payment to Dr. Bell of $300 for his services as a substitute for Dr. Sutherland whose salary was running on at the same time, and of the payments to Dr. Lynch and Dr. Dunn of $288 and $12 respectively, for medical attendance on the late Warden. I find nowhere an undertaking by the Government to provide medical attendance for officials of the penitentiaries. So far as I can see, any Civil Servant or other employé has as good a claim against the Government to be repaid the charges against him for medical services as the Warden or other official of a penitentiary has.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, Jan. 30, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Jan. 13, having further reference to the salaries paid to the Rev. Mr. Fulton and James Fitzsimmons. In reply, I beg to state, that the salaries named having been voted to these officers under their official titles, at pages 25 and 28 of the Estimates for 1890-91, this virtually acts as a repeal *pro tanto* of the provisions of the Penitentiary Act, fixing their salaries at a less amount. It is not necessary that their *names* should be specially mentioned in the Supply Bill, it is sufficient to have designated them by their official titles, although the rule may be different as regard to officers under the Civil Service Act.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, Feb. 3, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Jan. 30, stating as your opinion that the Rev. Mr. Fulton and Mr. Fitzsimmons are entitled to the salaries at present paid them, because the insertion opposite the official titles "chaplain" and "assistant warden" of the respective amounts in the estimates submitted to Parliament is virtually a repeal *pro tanto* of the Act of Parliament regulating the salaries of Penitentiary officials.

It appears to me in regard to this matter that if the special restrictions placed upon salaries by a general statute may be removed in the manner you point out, without calling attention to the fact that a repeal of such restrictions is contemplated, then every member of Parliament would be expected to have at his fingers' ends all the statutes, in order to guard himself against the probability of the general laws being amended without notice to that effect.

Further, with reference to the special items under consideration, it seems clear to me that they were voted in the belief that they were in accordance with the statute under which such salaries were regulated. Otherwise, and if as you maintain, the mere insertion of the amounts in the estimates is sufficient to repeal the statute *pro tanto*, how is it to be known which chaplain—the Protestant or Catholic—at St. Vincent de Paul is legally entitled to the higher salary, and which to the lower?

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Dec. 17, 1890.

SIR,—With reference to the question, brought up by the Lieutenant Governor of Keewatin, of a claim against the Government of Ontario for the maintenance of certain lunatics, confined in the Manitoba Penitentiary, charged to the appropriation for Keewatin, but who really belong to the disputed territory, I beg to say that I have been advised that the Ontario Government have positively declined to assume the care of such lunatics. The position taken by the Provincial Government in the matter, as I understand, is that the care of lunatics is not obligatory upon the Province, either by statutory provision or otherwise, and that it is merely as a matter of public charity and in the exercise of its function as having the charge of the good government of the province that the Provincial Government undertakes to provide for this class of people. There is, therefore, no hope of immediately—if at all—getting rid of the expenditure incident to the care of the Ontario lunatics now charged to the Keewatin vote. I have so informed the Lieutenant Governor, and at the same time have requested him to amend his estimate for next year by providing for these lunatics from Ontario. Under all the circumstances, there would not appear to be any ground for delaying longer the payment of these accounts.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS, *D.M.I.*

AUDIT OFFICE, OTTAWA, Dec. 22, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of Dec. 17, in explanation of your application of the same date to transfer to the credit of Manitoba Penitentiary $3,673.73 and debit the appropriations for expenses of Government in the North-West Territories and Keewatin with a like amount—it being the expenditure for the quarter ending 30th September last in connection with the care and maintenance of the lunatics confined in the Manitoba Penitentiary. I find on examining the vouchers sent me in support of this expenditure, that the lunatics—5 in number—who it has been ascertained were brought from the Province of Ontario and consequently have no claim on the appropriations in question, are included in the lists furnished you from the penitentiary. After I had been made aware of the fact that the maintenance

of these lunatics was made a charge on the Federal Treasury, I intimated to you that, as the expenditure for nine months of the year 1889-90 had then been transferred in total to the credit of Manitoba Penitentiary, I should be willing, so that the whole expenditure for the year might appear together, to treat the expenditure for the remaining three months in the same way. As there are no circumstances of a like nature in connection with your present Application, and as the expenditure on account of the lunatics from the Province of Ontario is not connected with the Appropriations you name, I beg to return herewith your Application and the vouchers supporting it, so that both may be amended by the omission of all expenses not connected with lunatics belonging to Keewatin and the North-West Territories. It appears to me that there should be a special Appropriation for the support of the five lunatics named if the Province of Ontario is not to provide for them. I have seen the Minister of Justice on this subject and I beg to suggest that you confer with him.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A. G.*

Audit Office, Ottawa, Jan. 23, 1891.

Sir,—I have the honour to acknowledge the receipt of a certified extract from an Order in Council granting a gratuity of $616.70 to Samuel McCormack, a guard in the Manitoba Penitentiary, and beg to say that the information given in the extract is not sufficient to enable me to ascertain if the amount mentioned is correct. Heretofore, in similar cases, the Order in Council gave the length of service and the yearly salary upon which the gratuity was based, and also the cause of retirement. It is essential to a proper audit of the amount granted that I should be made acquainted with these particulars as embodied in the Order in Council, and I shall be obliged to hold over the Department's application for payment until I receive them.

I am, Sir, your obedient servant,

The Clerk of the Privy Council. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Dec. 15, 1890.

SIR,—In examining the vouchers of the House of Commons for the payments made in August last, I notice that Mr. J. R. E. Chapleau, translator of Votes and Proceedings and a permanent employé of the House of Commons, was paid the sum of $200 as compensation for services during the last Session in fulfilling the duties of Assistant Clerk of the House. Would you let me know under what authority this payment was made?

I am, Sir, your obedient servant,

The Clerk, House of Commons. J. L. McDOUGALL, *A.G.*

HOUSE OF COMMONS, OTTAWA, Dec. 16, 1890.

SIR,—Your letter of the 15th instant to the Clerk of the House was handed to me by him, with a request that I should answer it.

The authority for the payment of the $200 to Mr. J. R. E. Chapleau was conveyed to me in a letter from His Honour the Speaker, dated the 5th August last, which stated that I was to pay to Dr. Chapleau "the sum of $200 which has been awarded to him "as a compensation for his services during the last Session, in fulfilling the duties of "Assistant Clerk of the House during the sickness of Mr. Rouleau."

"This sum has been awarded to him by a majority of the Board of Internal Econ-"omy and may be taken out by you from the unforeseen account."

I have the honour, &c.,

The Auditor General. HENRY HARTNEY,

Accountant, House of Commons.

AUDIT OFFICE, OTTAWA, Dec. 17, 1890.

SIR,—With reference to your letter of yesterday regarding the payment of $200 to Mr. J. R. E. Chapleau, I would be obliged by your sending me the certified minute of the Internal Economy Commission authorizing the payment.

I would draw your attention to the 12th section of 51 Vic., chap. 12. It seems to me that the latter part of the section, "or to any other person permanently employed in the public service," prevents a legal payment of anything in addition to his salary to Mr. Chapleau.

I am, Sir, your obedient servant,

The Accountant, House of Commons. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 24, 1890.

SIR,—I have the honour to draw your attention to the following accounts:—

(1)	Sept. 27, Geo. Cox, printing 8 packs of cards.....	$ 3 00
(2)	Oct. 28, Geo. Bishop, Engraving "at home" cards and envelopes.....	16 30
(3)	Nov. 1, expenses to New York, business of the House, D. W. Macdonell	32 00

(1) and (2) should have been purchased through the Department of Printing and Stationery. So far as I can determine from the voucher (2) should have been met by Mr. Speaker. With reference to (3) details should be given.

I am, Sir, your obedient servant,

The Clerk, House of Commons. J. L. McDOUGALL, *A. G.*

HOUSE OF COMMONS, OTTAWA, Jan. 9, 1891.

SIR,—In reply to your letter of the 24th ult. respecting the payment of two accounts for engraving and printing of cards, and for deta ls of expenses of the Serjeant-at-Arms to New York on business of the House, I have to say that the engraving of card plates

and printing of cards has up to the present been paid for out of "Miscellaneous," but as you now think this class of work should go through the Printing and Stationery Department I have given directions to that effect.

The Serjeant-at-Arms account details are:—

Travelling expenses	$	12 50
4 days living allowance at $5		20 00
Total	$	32 50

I have the honour to be, &c.,

J. G. BOURINOT, *Clerk of the Commons.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 18, 1890.

SIR,—Please find enclosed three accounts for printing and printing paper which are amongst the vouchers for the payments made since 1st July last on account of Printing of Parliament. Kindly explain why, besides giving the quantity of paper used in printing the several reports, returns, &c., as given on each account, there is an amount for paper for nearly every item of printing.

I am, Sir, your obedient servant,

The Clerk, Printing Committee, House of Commons. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 4, 1891.

SIR,—In examining the vouchers of the payments made during December last, on account of the House of Commons, I find one of $20 paid to Charles Scrim for one floral pillow for the late Mr. Perley's funeral. Would you let me know under what authority this purchase was made?

I am, Sir, your obedient servant,

The Clerk, House of Commons. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 13, 1891.

SIR,—I notice on the pay-list of the officers of the House of Commons for the month of April last, that Mr. E. Gelinas, Secretary to the Ex-Speaker Hon. Mr. Ouimet, has been paid for the whole month while Mr. Ouimet received payment for 28½ days only

Please have Mr. Gelinas refund the amount which was over paid to him.

Kindly let me have the report of the Internal Economy Commission of the House raising Mr. McCord's salary from $1,950 to $3,200.

I am, Sir, your obedient servant,

The Clerk, House of Commons. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 17, 1891.

* SIR,—I send you herewith the vouchers for the expenditure of the House of Commons for the years 1890-91 under the heads of "Tradesmen and Miscellaneous." Kindly have a statement made of the different items expended for the restaurant rooms and the Speaker's department and rooms. As I am preparing my manuscript report for the printers the information will be of service only if is provided at once.

I am, Sir, your obedient servant,

The Serjeant-at-Arms, House of Commons. J. L. McDOUGALL, *A.G.*

---

AGRICULTURAL DEPT., OTTAWA, Jan. 21, 1891.

SIR,—In answer to an enquiry in your letter of the 10th ult., in which you ask on what authority the payment of the municipal tax on Mr. Wills' house and office, in this city, was first made, I have to state that the records of this department do not furnish the information ; but Mr. Wills states that the authority was given about thirty years ago, before the organisation of this Department, when he was first appointed by the Hon. Mr. Vankoughnet, at that time a member of the Provincial Government, under whose supervision he was placed. It appears from the records of this Department, so far back as they go, that this tax has been uniformly paid as at present.

As a definition, it would be more accurate to refer to the immigration office of this Department, in Ottawa, at which Mr. Wills resides. The immigration building is rented for an office. The residence of the agent in it is simply incidental. But it has been thought, for many reasons, to be advisable that the agent should reside in it. This ensures his presence at all hours, his duties very frequently, and in some seasons even generally, requiring his presence out of ordinary office-hours, and often on arrival of trains during the night. It seems to follow, as an elementary matter, that when the Department rents a building for the purpose of an office, it must meet such municipal incidents as are connected with such renting—a position which is not altered by the further incident of the agent living in the building as caretaker.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Jan. 24, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, referring to the payment of the taxes on the house and office of Mr. Wills, immigration agent of this city.

In reply I have to say that I think the residence of the agent in the office can hardly be considered simply incidental.

Is thery any reason why the Government and Mr. Wills should not be considered joint tenants, and each pay a share of the tax imposed ?

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture, J. L. McDOUGALL, *A.G.*

AGRICULTURAL DEPT., OTTAWA, Jan. 24, 1891.

SIR,—In reply to the suggestion in your letter of this day's date, on the subject of the building rented for an Immigration Agency in this city, that the Government and Mr. Wills should be considered joint tenants and each pay a share of the tax imposed, the difficulty in the way of such an arrangement is that there is not joint tenancy as indicated by you. The building is rented by the Department for an Immigration Agency, and it is thought to be in the interest of the immigration service, for the reasons which I before stated to you, that Mr. Wills should live on the premises.

I am, Sir, your obedient servant,

The Auditor General. JOHN LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Jan. 28, 1891.

SIR,—I have your letter of the 24th instant, urging that Mr. Wills cannot be considered joint tenant with the Government, of the Immigration Office in this city ; and in reply have to say that I think the permission of the Governor in Council should be obtained, allowing an agent to live in a building, the whole rent of which is paid by the Government.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of to-day's date, requesting the issue of a cheque in favour of the administrator of the estate of the late Elzéar Joseph D'Auteuil, as a gratuity, equal to two months' salary.

In reply I have to say that while the payment to the widow of a deceased officer of a two months, gratuity has been so long tacitly allowed as to make its continuance seem justifiable, yet the payment to the estate of such an amount is in my opinion not legal.

I am, Sir, your obedient servant,

Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Feb. 2, 1891.

SIR,—I have to acknowledge your letter of the 29th ult. in relation to the payment of a gratuity to the administrator of the estate of the late Elzéar Joseph D'Auteuil, in his lifetime a first-class clerk in this Department.

You remark that while the payment to the widow of the deceased officer of a two months gratuity has been so long tacitly allowed as to make its continuance justifiable, you yet think the payment to the estate of such a gratuity is illegal.

In reply, permit me to point out that the authorization for the payment of a two months' gratuity to the widow or family of a deceased clerk in the Civil Service has the sanction of a general Order in Council dated February 1, 1868, which order recommends the payment of the gratuity in "all cases of the decease of an officer of the Government on the permanent list," and it further prescribes that the gratuity shall be payable to the widow, orphan children, or such members of the family or household, as His Excellency may approve; and the amended general order of December 26, 1887, defines that the gratuity may be paid to the "widows or other representatives" of the deceased.

There seems to be no doubt from the wording of these general orders, that the particular order to which you refer in your letter did not go beyond the discretion attributed to His Excellency by the general orders above referred to.

In the case of the family of Mr. D'Auteuil, I may explain that the intended beneficiaries are his widowed mother, brother and sisters, who were largely depending on him for support; Mr. Duquet, as the administrator of the estate, being simply selected as a medium for making payments to the family.

I have, therefore, to request, in view of these circumstances, that you will issue an official cheque, as directed and authorized by the Order in Council to which you refer in your letter.

I am, Sir, your obedient servant,

J. LOWE, *D.M.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Feb. 3, 1891.

SIR,—I have your letter of yesterday's date referring to the payment of a gratuity to the estate of the late Elzéar Joseph D'Auteuil, and stating that the case in question is made allowable under general Orders in Council dated February 1, 1868, and 26th December, 1887.

In reply I have to say that I regret my inability to accept the view expressed, and still hold the view that the payment requested by you is not legal.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Dy. Minister of Agriculture.

AUDIT OFFICE, OTTAWA, June 3, 1891.

SIR,—I beg to offer the following remarks on your Immigration, Quarantine, Agriculture and Statistics vouchers for the six months ended December 31, 1890:—

Immigration.

Departmental Travel.—I find the following charges against Immigration:—

John Lowe	$327 86
H. B. Small	221 78
J. B. Lynch	57 05
J. L. Payne	147 55
	$754 24

Messrs. Lowe, Small and Lynch are paid from Civil Government, and I have to ask you to transfer their travelling expenses to Civil Government Contingencies. The decision of the Treasury Board is given on page A—8 of my last Report. Mr. Payne is paid from the Census vote, and you will please explain why his travel should not be charged to that vote.

Miscellaneous Cheques.

No. 448. This includes $4 paid by the Winnipeg agent for one dozen pads. Such articles should be ordered through the Stationery Office. I find that this item was disallowed in the account paid by cheque 262. Why was it paid by this cheque?

No. 464. The Hamilton agent is paid $3 for ink. Why was not this also ordered from the Stationery Office?

No. 495. In this cheque is a payment of $10.50 by J. A. Donaldson, Toronto, for cab-hire. Please obtain date and details.

No. 580. By this cheque M. Sutherland, Vancouver, is paid $10 for a cab to allow Hon. Mr. and Mrs. Joyce to attend the New Westminster Exhibition. Please indicate why this is chargeable to general immigration?

No. 775. Montreal Agency. I find here a payment of $2.50 for the admission of Farmer Delegates to the Cyclorama. Please explain why this charge, to a place of amusement, is paid by the Government.

Nos. 3912 and 827. The former of these two cheques is for $600, and is to pay Dr. F. Montizambert for "additional services during the year 1889." In the latter is a charge of $225, being an increase in pay of $75 a month for April, May and June, 1890. The Order in Council, dated August 7, 1890, places Dr. Montizambert's salary at $3,000 a year from July 1, 1890. Hence it would seem that the above additional allowances are not warranted, and Dr. Montizambert has been overpaid $825. The superannuation tax was not deducted.

The following is the expenditure at Montreal for cab-hire:—

Months.	J. F. Scott.	M. C. Baker.	C. McEachran.	D. Campbell.
	$ cts.	$ cts.	$ cts.	$ cts.
July	54 25	37 25	5 25	
August	48 00	27 50	13 25	
September	16 50	8 00	16 50	27 50
October		34 50	10 00	44 25
November		26 95	5 50	37 50
	118 75	134 20	50 50	109 25

The amount spent on each day by each person is given, but these amounts range from 75 cents to $4.25. Will you please give me details of each day's charge, stating trips taken, distances traversed, and if the charges are according to city tariff?

No. 470. Filteau & Frère, Quebec, present an account for $2.15 for ink. Why was not this obtained through the Stationery Office?

No. 678. In this cheque I find D. McEachran, of Montreal, within three weeks, charges $7 each for round trips between Montreal and Ottawa. Why were not the usual return tickets purchased?

Jamaica Exhibition.

No. 676.	J. L. Payne, special services	$ 15 00
6011.	H. K. Brown, services	25 00
6326.	Archibald MacNeill, services	75 00

Please furnish details.

Public Archives.

I find the following vouchers:

Joel Minsell's Sons, Albany	$ 3 15
W. Gibbons, Cornwall	2 00
Estes & Lauriat, Boston	38 00
Filteau & Frère, Quebec	17 90
E. Senécal & Fils, Montreal	5 50
W. Kingsford, Ottawa	3 00
Houghton, Mifflin & Co., Boston	12 00
G. L. Woodward, New York	0 75
A. J. Waterman, Boston	5 31

These purchases are not included in the exceptions in the Printing and Stationery Act, and if you consider it inexpedient to purchase through the Stationery Office such works as are required by the Archives Branch, I would again suggest (see my letter to you on page B—218 of my last report) that the Act be amended to meet the case.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL. *A.G.*

AGRICULTURE DEPT., OTTAWA, Jan. 19, 1892.

SIR,—I have to furnish you the following information under the several heads of enquiry in your letter of June 3 last.

Immigration.

In reply to your request of having the items of travelling mentioned by you transferred from the immigration vote to contingencies, and your reference to a decision of the Treasury Board on page A—8 of your last report, I have to state that I only understand such decision to be special in relation to the particular cases submitted and not a general order.

I have already furnished you detailed statements of the reasons why the charges in question were made to the immigration vote, and I still fully adhere to those statements. I understand also that the definition in the Contingencies Act is permissive simply and not prescriptive, and that there is nothing in the definitions of that Act to prevent any travelling charges which may be necessary being paid from particular votes of Parliament. If, however, a general order is made that all travelling expenses shall be charged to contingencies such will only render necessary some modification of our estimates.

Cheque No. 495. The explanation of this charge is that it was for cab-hire for the Tenant Farmer Delegates.

Miscellaneous Cheques.

Cheques Nos. 448 and 464. These cheques are for special articles of stationery obtained by the Winnipeg and Hamilton Immigration Agents. I am aware that they are in contravention of the regulations in relation to the mode of obtaining stationery; and the attention of the officers was duly called to the fact. After the articles had been obtained, however, it was thought necessary to pay for them. The reason alleged by the agents was urgency to obtain supplies in the circumstances.

No. 580. This is an item of $10 for cab-hire which was allowed by the Minister after explanations, it being for the services of the Hon. Mrs. Joyce, who was visiting the country for report in matters relating to immigration.

No. 775. This was an item of $2.50 paid by Mr. Daley for the admission of the Tenant Farmer Delegates to the Cylclorama, whom he was attending in the vicinity of Montreal. It is found by the Departuent that the item was not strictly in the line of expenditure contemplated, but in view of the fact of its having been incurred for the Tenant Farmer Delegates who visited the country to obtain all possible information for reports in the service of immigration, was passed by the Minister after the facts.

Nos. 3912 and 857. The two payments of $600 and $225 to Dr. Montizambert cover extra services arising out of the amended quarantine regulations from January 1, 1889, to June 30, 1890, and were duly authorized by the Minister of Agriculture. As the increase of salary was made a permanent one by Order in Council, I think Dr. Montizambert should pay the superannuation tax on the $825. I shall write to him on this point.

Cattle Quarantine.

You ask for explanations and details of expenditure for cab-hire for the quarantine officers in Montreal. An application will be made to Professor McEachran to furnish the details required, and his reply, as soon as received, will be forwarded to you.

Cheque No. 470 is an item for $2.75 for ink obtained for the service of cattle quarantine in Quebec. My answer to this is precisely the same as that above furnished in relation to the Winnipeg and Hamilton agency. The attention of the officer was called to the fact of the contravention of the regulations. The ink was obtained for convenience in circumstances of urgency.

No. 678. The attention of Mr. McEachran has been called to this item, and he explains that for convenience of time he usually comes up by the Canadian Pacific Railway and returns by the Canada Atlantic Railway.

Jamaica Exhibition.

Nos. 676, 6011 and 6026. The details of the services rendered by Mr. Payne are sent to you herewith in the form of a memorandum. The payment for services to Mr. H. K. Brown was an allowance sanctioned by the Minister on the report of the Honorary Commissioner, and that to Mr. A. McNeil for services and travelling expenses, in Prince Edward Island is a specific allowance, having been made by the Minister.

Purchase of books for Archives.

I have nothing to add to my letter to you of August 6, 1890, in reference to the purchase of books for Archives. See page B–213 of your Report for 1889–90.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

OFFICE OF THE INSPECTOR OF STOCK, MONTREAL, Jan. 25, 1892.

SIR,—In answer to Mr. Lowe's letter of the 21st inst., enclosing an extract from a letter of the Auditor General, I beg to say that during the months referred to the following numbers of cattle and sheep were inspected :—

	No. of Ships	Cattle	Sheep	No. of Owners
July	42	17,507	18,397	283
August	36	21,849	10,305	309
September	33	19,744	6,643	247
October	35	19,745	4,484	188
November	23	13,669	2,438	114

If any one of these months be taken, and considering that the stock yards are about three miles apart, that at that time three men had to do not only the inspection of the different lots of cattle and sheep belonging to the numerous different owners at the two yards, but they had to oversee the fittings on each ship, see that the proper spaces were allowed, inspect each ship before she could receive the inspector's bill of health necessary for her clearance, and personally deliver said bill at all hours of departure night or day, therefore cabs were in constant use during the loading of the ships, but occasionally there would be days when they would have little to do. In many instances while all the inspectors would be engaged at the stock yards or ships or both, one would be telephoned for to the other yard, he might at the same time have notice of a ship waiting for inspection, he would thus keep his cab as he could not always get one at the yards. In such cases he would pay by the hour. As a rule, however, they paid off a cabman each trip, calling another when ready for him. Often, too, the cab-hire would be late at night or early in the morning after 3 or 4 o'clock.

No record of mileage was kept. The charges are not by the mileage but by the trip or by the hour, and each inspector totals up his cab-hire each day. They are not provided with any forms on which to keep such a minute and elaborate account of places, distances, time, &c., which would occupy too much of the time of overworked men as they are during the busy season.

The charges are all at the city tariff rates and are paid cash every trip.

On the resignation of Mr. Scott, Mr. Campbell was appointed, who continued to the end of the season. Neither is now in the service. I doubt very much if they kept note of each drive in such a way as to give the details asked for. Drs. Baker and C. McEachran did not do so and cannot now from memory correctly, although they can do so approximately if that will serve the purpose. Of course now that their work is to be lessened by the Marine Department officers relieving them of all duties at the wharves, if it is thought necessary they can be furnished with prepared note books to enable them to note such details as are asked for.

Yours very truly,

Acting Dy. Minister of Agriculture. D. McEACHRAN, *C.I.*

AUDIT OFFICE, OTTAWA, Mar. 3, 1891.

SIR,—I have examined the vouchers in support of your expenditure for July last, and herewith return a number of them, offering the following remarks :

Military Stores.—Cheque 94, E. Garrett, Bradford "Witness :" This account is certified by the Queen's Printer at $4, yet the bill as originally drawn out was paid, an overcharge of $1.16.

Drill Sheds and Rifle Ranges.—Cheque 3, N.S. : I would draw your attention to the signatures on the abstracts of payments made by Cheque 3. You will notice that the account for $7.48 and the receipts for vouchers 39, 40, 41 and 44 (that is the signatures "Ed. Kennedy," "L. J. Bland," and "A. Lockhart,") are all apparently in the same handwriting. This seems to require some explanation.

Quebec Cavalry School.—The accounts for advertising of the "Gazette" Printing Co., Montreal; of the "Star," Montreal; of "La Presse," Montreal; and of the "Morning Chronicle," Quebec, have not been certified by the Queen's Printer.

I would also call your attention to the fact that quite a number of the vouchers, particularly those of the institutions of instruction, are not the originals, but have been made out by some officer in your service. Please have the original account, as made out by the one claiming the money, sent whenever it is possible.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 22, 1891.

SIR,—In reply to remarks in letter of March 3rd, 1891 :

Military Stores,—Cheque 94 : E. Garrett, Bradford "Witness," overpaid $1.16 by mistake—has been asked to refund.

Drill Shed and Rifle Ranges,—Cheque 3, N. S. : Signatures on abstract of payments. Note of explanation from Major Gordon, acting D.A.G. : "Edward Kennedy and A. Lockhart gave L. J. Bland permission to sign their names for these cheques. Kennedy and Lockhart have signed (in red ink) the abstract returned herewith."

Quebec Cavalry School.—Accounts for advertising for recruits. These claims had to be paid for in advance by the recruiting sergeant.

Your remarks with regard to forwarding to you the original claims instead of copies will be noted and attended to. All vouchers returned herewith.

C. EUG. PANET, *Dy. M. M. & D.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Mar. 13, 1891.

SIR,—On your vouchers for August and September of last year, I have the following remarks to make :—

Quebec Cavalry School.—The accounts for advertising, presented by the Montreal "Star" and "La Presse," lack the certificate of the Queen's Printer. These advertisements are for "Recruits wanted," and in the month of July are accounts from these same papers (which I sent to you for certificate in my letter of the 3rd inst.) for the same kind of service. Are these vouchers entirely distinct from each other? Some may be for advertising and some for printing, but the vouchers do not seem to be very definite.

Drill Sheds and Rifle Ranges.—Cheque 215 : The two accounts presented by Alex. Workman & Co. for $3.77 and $6.77, together $10.54, are charged to the rifle range here, and yet they are certified correct by the store clerk. Were these supplies for the military stores or for the range? If they were for the latter, should not Mr. H. Cawdron, the caretaker, certify them? You see the necessity of the proper person giving the certificate.

"C" Battery.—In the September vouchers is one from Blanchard & Co., Victoria, B.C., amounting to $92.15 for medicines. This account is certified as having been

presented before, and yet it is forwarded and recommended for payment. I cannot find that the account ever reached this office before, but would ask what these peculiar certificates mean.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 16, 1891.

SIR,—I have the honour, in reply to your letter of the 13th ult., to furnish the following further information respecting the vouchers of this Department for August and September of last year:—

Quebec Cavalry School.—The advertising accounts which you mention are expenses incurred by the recruiting officer, and paid by him on the spot, and are part of the contingent expenses of the Recruiting Service, which service could not be carried out if a recruiting officer had to wait for the certificate of the Queen's Printer before he could settle with printers the small item of printing notices "Recruits Wanted."

"*C*" *Battery—Blanchard & Co.'s Account.*—The District Paymaster should have added to his certificate "but not yet authorized for payment." The first account alluded to by the paymaster does not seem to have reached the Department. The present account is correct.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *Dy.M.M. & D.*

AUDIT OFFICE, OTTAWA, Oct. 1, 1891.

SIR,—In a letter dated March 3 last I drew your attention to the fact that many vouchers sent to this office were not original accounts made out by the persons claiming the money, and in your reply of June 22 you promised to attend to this in the future.

I wish to make some further remarks on your vouchers for last year, which, I hope, will show you that this method of rendering accounts should be changed.

In my former letter it was said that the institutions of instruction especially required attention. On examining the vouchers for expenditure at "B" School, St. Johns, I find that for general supplies (not including allowances for clothing, &c.) there are given 157 vouchers, representing $13,458.09. Of these, only 40 seem to have been made out by the creditor, and these forty cover only $950.34. Thus the expenditure of $12,507.75 is supported by vouchers made out by officers in the Government employ at St. Johns. Of these, 108 are in the handwriting of Quartermaster Sergeant A. Leger, and the other 9 are all in one handwriting.

At the Kingston Military College it would appear that 28 vouchers, covering $374.39, were written by Sergeant Major Leaden, 3 by Major King, superintendent of stores, while 4 others appear to be copies also. Amongst the receipts I find that Paymaster Strange signed A. Sutherland's accounts four times, placing "F. S." after the name. The paymaster cannot receipt his own payments.

There are 199 vouchers for general supplies to "A" Battery—not counting the printed forms for allowances, travel, &c.—and Quartermaster Fraser seems to have written 57 of these, while at least 23 more are not written by the creditors. These 57 represent over $5,000. In the receipts here, too, I find Captain Strange signing for McKelvey & Birch, and G. S. Hobart, without any apparent reason. In the case of E. Roddy, who seems unable to write his name, no third person signs as witness.

For the general supplies to "B" Battery, Quebec, Quartermaster Imlah appears to have written 45 vouchers, representing $1,758.07, J. C. Fitzpatrick, 3 for $246, and J. B. Z. Genest, 2 for $9.85. Besides these, at least 21 seem to be copies, and cover an expenditure of over $3,000.

For construction and repairs, Quebec, there are 129 vouchers, covering $23,005.34. Of these, 24 represent salaries of clerk and inspector of works. Twenty-two are made out on the form supplied by the Engineer's Branch of your Department for large tenders, and of these 21 are filled out by L. J. Mathieu, clerk of works, and by J. C. Fitzpatrick, an employee in the Quebec Armoury. Of the remaining 83 vouchers, 33 appear to be in the handwriting of J. C. Fitzpatrick and cover $4,510.04 ; 2 are by L. J. Mathieu, and 5 others by some person in the offices at Quebec. Thus, only 43 accounts appear to have been made out by the persons claiming the money.

In construction and repairs generally, 66 accounts were written by Government employés, as follows:—H. James, Chief Engineer, Militia Department, 2 ; F. W. White, Assistant Engineer, 12; J. O. Dion, Superintendent of Works, Fort Chambly, 13; Paymaster Fletcher, 1 ; Paymaster Dogherty, 2 ; Paymaster Dawson, 1 ; B. M. Aylmer, 1 ; B. M. Irving, 2 ; Major W. D. Gordon, 1 ; L. J. Bland, Halifax, 3; A. Leger, St. Johns, Que., 8 ; others, 20.

The votes I have quoted are only examples, as the same method obtains in almost every one. In the schools and batteries the blank forms for rations, &c., are almost invariably filled out by officers at the institutions, not by the person who supplied the material. It appears also that in many cases blank bills are given by the shopkeeper or tradesman, to be filled by some person who deals with the accounts. This is objectionable.

Please see therefore that the vouchers furnished to this office are made out by the creditors themselves, as such are the best evidence of liability.

I am, Sir, your obedient servant.

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 2, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of yesterday's date, pointing out the number of instances in which accounts against this Department have been made out and receipted by officers and employés of the Militia service. In reply, I beg to enclose for your information a copy of a very stringent circular which I have issued this day to all the District Paymasters of Militia, to the Director of Stores and the Architect of the Engineer Branch ; also to the Superintendent, Government Cartridge Factory, Quebec. A copy has been referred to the Accountant of the Department for his information and guidance ; and a copy has been referred likewise to the Major General Commanding the Militia, for promulgation to the Force at large, in General Orders.

These measures, I trust, will put a stop effectually to the irregular mode of making out the vouchers, to which you have drawn my attention.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *Dy. M., M. & D.*

Circular.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 2, 1891.

The following rules in regard to accounts and vouchers for payments on Militia service are to be enforced strictly ; and any accounts or vouchers received by this Department, that are not made out in conformity therewith, will be returned forthwith. to the District Paymaster through whom they are received.

1. With the exception of the regular pay-lists of the Service itself, no accounts for Militia payments are to be made out by Officers or Clerks of this Department or of the District Staff, or by any Militia Officer, Non-commissioned Officer or man employed in connection with the service for which such account is rendered. Creditors will make out their own accounts.

2. In no case will the signature of any of the Officers, &c., above specified, be accepted in receipt of such accounts. Creditors are to receipt their own accounts, either

by themselves or by their legally constituted agent, not being one of the parties above described.

3. In cases where the creditor cannot write, his accounts must be made out, and his receipt witnessed by some other party than an officer, &c. of the militia service, as above set forth.

C. EUG. PANET, *Col.*, *D. M. M. & D.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Nov. 17, 1891.

SIR,—Adverting to your letter of the 1st ultimo, and my reply of the 2nd :

I have the honour to inform you that representation has been made of the inconvenience caused in certain instances, by strict adherence to the letter of the instructions which, at your request, I caused to be issued to the Militia Force, respecting creditors making out their own accounts and signing their own receipts.

I enclose copies of the General Orders containing these instructions, of the protest sent in from "B" Battery, of the form used for payment of contractors for supplies, alluded to in the latter, and of a memorandum which I have issued on the subject, and which I believe deals with this difficulty in the only practicable manner.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D. M. M. & D.*

AUDIT OFFICE, OTTAWA, Sept. 26, 1891.

SIR,—I find the following payments made at Montreal against Military Stores for the year 1890–91 :

Joseph Vincent, ferry service between Montreal and St. Helen's Island, April 17 to Dec. 26, 1890—253 days at $2	$ 506 00
J. Vincent, conveying stores to and from St. Helen's Island by boat	303 00
J. Trudeau, cartage of stores in Montreal during the year	56 95
R. Phillips, use of horse on St. Helen's Island, 365 days at 50 cts	182 50

The voucher for $506 is not made out by Joseph Vincent. In support of the $303 are seven vouchers all made out apparently by R. Phillips, who is employed continuously in the Montreal Public Armoury. For the sum of $56.95 are ten vouchers all made out by R. Phillips, and for the last sum $182.50 one voucher is apparently in the handwriting of Lieut.-Col. Fletcher. The accounts should not in any case be made out by a clerk in the disbursing office. I find also that the receipt for every payment except that for $506 is written by R. Phillips, "per R. P." being placed after names other than his own. The receipts for Messrs. Blackford, Rowe, Taylor and Stalford, employed on Public Armouries, also, in almost every instance, are signed "per R. P.", without power of attorney or any reason being given.

Will you please inform me why the vouchers and receipts were not made out by the persons receiving the money? Without a written authority from the creditors, allowing Phillips to sign for them, his receipts, "per R. P.", are entirely valueless.

Are Joseph Vincent and J. Vincent the same person? Does not the ferry service include the conveyance of stores? Why are charges made for ferry service and use of horse on Sunday? There is no Militia service on that day, I suppose.

In every instance the Audit Office, as examining for the House of Commons, needs the original vouchers made out by the creditors themselves, since they are the best evidence of liability. When a creditor is unable to write he should sign by a mark which should be witnessed by a third person, who should certify that the cash was paid by the paymaster and that the creditor expressed his inability to sign his name in writing.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

DRILL HALL, MONTREAL, Oct. 22, 1891.

DEAR COLONEL HOUGHTON,—I beg to submit the following explanations and answers to the queries in the Auditor General's letter of Sept. 26th, 1891 :—

Query 1. The reasons why the vouchers and receipts were not made out by the persons receiving the money, are, that these persons could not make out the vouchers themselves. In the case of receipts for "R. P.," Robert Phillips had written authority (which is enclosed) from all the men on the Island to sign receipts for their monthly pay, as each man would lose a half-day if he came to the Brigade Office to sign the pay-list.

Query 2. Joseph Vincent and J. Vincent are one and the same person.

Query 3. The ferry service does not include the conveyance of stores. When H.M. troops were withdrawn from Montreal—some twenty years ago—an agreement was made by the Militia Department with Joseph Vincent, to provide and maintain a boat service to the Island from the date of the breaking up of the winter road on the ice in the spring, until the formation of the winter road in the beginning of winter, at the rate of $2 per diem, Sundays included. For the conveyance of stores to and from the Island, requiring heavy bateaux, a separate agreement was made ; he was to charge by weight or by boat load.

Query 4. An agreement was made some years ago by the Militia Department with R. Phillips, to keep a horse on the Island for cartage of stores to and from the wharf, at the rate of 50 cents per diem all the year round, Sundays included as the horse must be fed on that day.

In future, the rules laid down in the circular from the Department of Militia and Defence dated Oct. 2, 1891, will be adhered to strictly in this office.

I am, Sir, your obedient servant,

JOHN FLETCHER, *Lt.-Col., Acting Supt.*

Lt.-Col. HOUGHTON, *D.A.G.*

AUDIT OFFICE, OTTAWA, June 15, 1891.

SIR,—I wish to call your attention to the following overpayments and other irregularities in your Annual Drill vouchers for the six months ended Dec. 31, 1890 :—

District 1.

1st Cavalry, Troop 1.—Wm. P. Glen was paid as 1st Lieutenant, while his rank is only 2nd Lieutenant. Overpayment, 12 days at 30c. $3.60.

21st Battalion, Co. 2.—W. B. Alderton, 2nd Lieutenant, paid as 1st Lieutenant, $3.60.

27th Battalion, Co. 2.—J. F. O'Neill was paid as 1st Lieutenant, though only 2nd Lieutenant. Overpaid, $3.60.

29th Battalion, Co. 1.—F. P. Harrigan paid as Captain, 12 days at $2.82. Is this name on the list?

District 2.

37th Battalion, Co. 1.—R. Knox was paid as 1st Lieutenent though holding a 2nd Lieutenancy. Overpayment $3.60. Co. 3, Jos. Clench received a similar overpayment of $3.60.

Districts 3 and 4.

45th Battalion, Co. 1.—W. H. Floyd, 2nd Lieutenant Co. 2, 40th Battalion, was paid as 1st Lieutenant. Overpayment, $3.60.

15th Battalion, Co. 2.—J. F. Wills was paid as Captain though only a Lieutenant. Overpayment, $14.88. C. E. Lazier acted as Lieutenant. I cannot find this name on the list.

Co. 3.—S. D. Lazier paid as 1st Lieutenant though only 2nd Lieutenant. Overpayment. $3.60.

Co. 4.—Robert Boyle, similarly overpaid $3.60.

Co. 5.—A. D. Robertson acted as Captain though only Lieutenant. Overpayment $14.88.

Co. 6.—A. E. Overill was paid as Lieutenant though only 2nd Lieutenant. Overpaid, $3.60.

57th Battalion, Co. 4.—L. M. Hayes, 2nd Lieutenant, was paid as Lieutenant. Overpayment, $3.60.

District 5.

54th Battalion, Co. 2.—D. A. Booth, 2nd Lieut. I cannot find this name on the list.

Co. 6.—G. L. Mattice, 2nd Lieutenant, not on the list except as Cadet at the Royal Military College.

58th Battalion, Co. 1.—H. R. Bishop was paid as Lieutenant while only a 2nd Lieutenant. Overpaid (10 days) $3.00.

Co. 3.—D. McLeod, similarly overpaid, $3.60. H. W. Albro, 2nd Lieutenant. I cannot find this name on the list.

Co. 9.—James Kelly was paid as Captain while but a Lieutenant; overpayment $14.88. D. B. McAuley, 2nd Lieutenant. Is this name on the list?

79th Battalion Co. 7.—A. J. Brown drew pay as Lieutenant—only 2nd Lieutenant, and thus overpaid $3.60.

Co. 8.—H. J. Silver, overpaid in the same manner, $3.60.

District 6.

64th Battalion, Staff.—L. Langevin acted as Major. Is this name on the Militia list?

Co. 3.—J. D. Brousseau of the 9th Batt. and J. J. Cadieux both drew pay as 1st Lieutenants. Can this be done?

Co. 6.—Capt. J. E. Daoust and Lieut. W Lebœuf do not appear on the list.

76th Battalion, Co. 5:—Arthur Laberge acted as lieutenant. Is this name on the list? In this company only 31 were enrolled, though rations for 35 were charged.

83rd Battalion, Co. 1.—Oscar Amyrauld, 2nd lieut. in No. 2 Co., 52nd Batt., was paid as lieut. in this Company. Overpayment of $3.60. O. C. Macpherson, paid as 2nd lieut., was a cadet at the R. M. College.

Co. 2.—Beaumont Joubert, 2nd lieut. was paid as lieut., an overcharge of $3.60.

Co. 5. W. H. Grant drew pay as 2nd lieut. I cannot find this name on the list.

85th Battalion, Co. 2.—H. Taschereau was paid as 1st lieut. though only 2nd lieut. Overpayment $3.60.

Co. 4.—J. V. B. Giroux similarly overpaid $3.60.

Co. 5.—U. Brousseau also thus overpaid $3.60.

86th Battalion, Co. 2:—Jules Dufresne acted as 2nd lieut. I cannot find this name on the list.

Co. 4.—Joseph Bellemare acted as lieut. and Jos. Soucy as 2nd lieut. These names do not appear on the list.

Co. 5.—J. N. A. Demers drew pay as lieut. though only 2nd lieut. Overpaid $3.60.

Co. 6.—E. M. Chapdelaine paid $33.84 as captain while only lieutenant. Overpaid $14.88. François Marchand paid as lieut. $18.96. I cannot find this name on the list.

Co. 3.—No vouchers supplied.

3rd Battalion, Co. 6.—E. W. Parker paid as lieut. while only 2nd lieut. Overcharge $3.60.

Montreal, B. Garrison Artillery, Battery 2, J. H. Major, 2nd lieut., was paid as 1st, and W. D. Macfarlane, 1st lieut., was paid as 2nd lieut.

65th Battalion, Co. 5.—J. A. David, 2nd lieut., drew pay as 1st, thus making an overcharge of $3.60.

Co. 6.—J. M. A. Gravel was paid as lieut. though only 2nd lieut. and F. Charbonneau was paid as 2nd lieut., while holding the rank of 1st lieut.

Co. 7.—L. C. de Tonnancour was paid as lieut. though only 2nd lieut. Overpayment $3.60.

Montreal Engineers, J. J. Head, 2nd lieut., drew pay as 1st. Overpayment $3.60.

District 7.

23rd Battalion, Staff.—O. Evanturel acted as Major at $3.90 a day. He is lieut. in Co. 6, Batt. 9. Overpayment $27.84. Lieut. de M. Taschereau of Co. 1, 87th, Batt., acted as captain and adj't. ; an overcharge of $4.56. Chas. Ed. Elliott, M. D. acted as surgeon. I cannot find his name on the list.

Co. 3.—Bruno Bernier, 2nd lieut., draws pay as 1st lieut. An overcharge of $3.60.

61st Battalion, Staff.—Alf. Pages, Major, not on list ; nor can I identify Capt. and Adj. Bergeron

Co. 3.—P. P. Belanger who acted as lieut. is 2nd lieut. in the Quebec Field Battery. An overpayment of $3.60.

Co. 5.—J. Blais, 2nd lieut., does not appear on the list.

Co. 6.—Armand Tessier, 2nd lieut., drew pay as 1st lieut. Overpayment $3.60. E. M. A. Savard acted as 2nd lieut. I cannot see this name on the list.

I have to call your attention to the fact that almost every receipt in the paylist of this Battalion is not the signature of the person drawing pay. This is exceedingly irregular and cannot be accepted by this office as satisfactory. I have therefore to ask you to furnish paylists duly signed by each man whose name appears on the roll. In Company 2, Capt. Horace Talbot certifies every name but two. The commanding officer of a company cannot certify.

Co. 1.—Joseph Drolet acted as lieut. This name does not appear on the list.

Co. 3.—J. Arthur Bedard was paid as lieut. while being only 2nd lieut. Overpaid $3.60. Frs. Jos. Bedard acted as 2nd lieut. I cannot find this name on the list.

Co. 6.—J. A. Guay receipts lieutenant's pay, and also captain's pay in Co. 5. In the latter case there is the note "for Brunet, resigned." Mr. Brunet's name does not appear in the paylist, and so there is no certificate that he drilled at all. I would also remark that such a receipt cannot be accepted at any time without a power of attorney being attached. Ed. Bergeron acted as 2nd lieut. I cannot find this name on the list.

89th Battalion, Staff.—J. D. Freve acted as Major. This name does not appear on the list, except this person is "David Freve," capt. of No. 2 Co. If such is the case there is an overpayment of $12.96.

Alf. Rochon also acted as Major. Is this person Captain of Co. 1, 81st Batt. ? If so, there is an overpayment of $12.96.

Co. 1, Pierre G. Roy, 2nd Lieut. in Co. 2, 17th Batt., acted as Lieut. here. Overcharge of $3.60. E. E. Roy acted as 2nd Lieut.. I cannot find this name on the list.

Co. 3.—J. O. Thibault, 2nd Lieut., was paid as Lieutenant. Overpayment, $3.60.

Co. 6.—Hector P. Labelle acted as Lieut. ; Alex. Simard as 2nd Lieut. ; and in

Co. 7.—J. Chas. Gauvreau acted as Lieut., and Joseph Gauvreau as 2nd Lieut. I cannot find these four names on the list.

Co. 8.—H. R. Fiset acted as Lieut. Is this person regularly commissioned ?

Quebec Garrison Artillery, Batt. 1.—Joseph Drolet acted as Lieut. I cannot identify this man in the list. A person of this name appears in Co., 1, 87th Batt.

District 8.

Brighton Engineers, J. R. Tompkins was paid as Captain, though only Lieutenant, and was thus overpaid $14.88. G. B. McLeod, R. M. Courtney, and E. St. J. Maunsell acted as Lieutenants. They are cadets at the Royal Military College.

73rd Battalion, Staff—A. S. Templeton acted as Major, though holding the rank of Captain and Adjutant, thus receiving $12.96 overpay.

Co. 1.—H. C. Tilley, who acted as 2nd Lieut., belongs to the N. B. B. G. A. and drilled with it.

Co. 4.—Robert McNaughton was paid as Lieut., though only 2nd Lieut. An overpayment (11 days) of $3.30.

74th Battalion, Co. 1.—W. E. Cook, 2nd Lieut., is a cadet of the Royal Military College.

Co. 4.—A. N. Shirreff was paid as Lieut.. He is 2nd Lieut. in Co. 6, 67th Batt. Overpaid $3.60.

Woodstock Field Battery.—J. F. Doherty, who holds rank of Lieut., drew Captain's pay, an overcharge of $14.88. Wm. C. Good was paid as Lieutenant, though being only a 2nd Lieutenant. Overpayment, $3.60. Augustus C. Gilman, V.S., is not on the list.

62nd Battalion, "A" Co.—W. C. Sterling was paid as Lieutenant. He is only 2nd Lieutenant. Overpayment, $3.60.

District No. 10.

91st Battalion, Co. 6.—E. A. C. Hosmer was paid as Lieutenant, while only 2nd Lieutenant. An overpayment of $3.60.

Will you please inform me if there is any regulation permitting officers to drill in any battalion other than their own; also, if the Cadets of the Royal Military College have the privilege, which they seem to have made use of, of entering any company as Lieutenants; and if any person can act as officer except those on the militia list.

I am, Sir, your obedient servant,

The Dy. Minister of Militia. J. L. McDOUGALL, *A.G.*

Dept. of Militia and Defence, Ottawa, Sept. 9, 1891.

Sir,—Adverting to your letter of June 15 last, calling attention to over-payments and other irregularities in the annual drill vouchers for six months ended Dec. 31, 1890, I have the honor to inform you that the respective cases have been duly investigated, and that all the officers implicated in such irregularities have now been called upon to refund, by deposit receipt to the credit of the Receiver General, the amounts which they have been improperly paid. The Minister of Militia and Defence has likewise ordered that stoppages of pay, to the amounts overcharged, be made in all cases of officers serving in present or future camps or at annual drill or on other service, where it is shown that the refund has not taken place.

In reply to the enquiry contained in the last paragraph of your letter, I have the honor to state that officers drilling for pay in other corps than their own must obtain authority from headquarters. So also must graduates of the Royal Military College; but these latter are expected to join for such duty every year if possible.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *Dy. M.M.&D.*

Audit Office, Ottawa, Sept. 23. 1891.

Sir,—I find from vouchers in support of expenditure on "Drill Sheds and Rifle Ranges" that Jean Drolet, of Quebec, was paid during the year ended June 30 last,—in amounts ranging from $10 to $25 a month,—the sum of $181. The work done, as indicated by the accounts,—not one of which, however, was made out by the person claiming the money,—was supplying water to the Drill Hall, and the price paid was $1 a barrel. Will you please give particulars of this service? Is not the price, $1 a barrel, somewhat exorbitant? I might inform you that for water supplied to the Port Arthur immigration buildings the Department of Agriculture pays only 15 cents a barrel.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 13, 1891.

SIR,—In reply to your letter of the 23rd ult., I have the honour to inform you that Jean Drolet has supplied water to the Drill Hall at Quebec since the 8th. March 1888, under the terms of an agreement bearing that date, approved by this Department.

The water had to be brought from the neighbouring municipality of St. Sauveur, as the Quebec Corporation then asked prohibitory rates for supplying the Drill Hall.

At first the price paid to Mr. Drolet was seventy-five cents per barrel of 120 gallons, but when the lease of the St. Sauveur water tank changed hands, a higher price was demanded for water there, and, by a protective clause in his agreement, the contractor was enabled to charge a little more, and a dollar was considered then a fair price for paying for and carting up 120 gallons from St. Sauveur and distributing them through the various apartments in the Drill Hall.

Drolet's contract has terminated and the Department now pays the Quebec Corporation $300 per annum for this service. The original demand was $500, when the Minister of Militia, in the interest of economy preferred to have the water brought from the adjoining municipality at a cost of say $181 to Jean Drolet, in consequence of which the former have reduced their demand from $500 to $300.

Had no friction existed, and had this Department been able to obtain its water supply for the Drill Hall from the Quebec Corporation, at one of their tanks near the Hall, the water could doubtless have been procured as in the instance quoted by you, at fifteen cents the small barrel.

With reference to your remark, that not one of Jean Drolet's accounts was made out by himself, having called the attention of the District Paymaster, Lt.-Col. Forrest, to the matter, I deem it but just to that officer to communicate to you his report in reply, viz. :—That he has never spoken to the man, and does not even know him by sight ; but that, previously to my very stringent circular of the 2nd instant (of which I sent you a copy), one of the clerks assisted illiterate claimants in making out small bills.

I am Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *Col.*, *D. M. M. & D.*

AUDIT OFFICE, OTTAWA, April 15, 1891.

SIR,—I wish to call your attention to the following seeming irregularities in connection with the attaching of officers at the Batteries and Schools :

"B" Battery, Quebec.—Lieut. J. C. DeWolfe was attached during the year 1889-90 for 200 days, and I find from the vouchers for the first five months of the current year, which you have forwarded to this office, that he was retained for 108 days longer. Total 308 days.

R. S. Mounted Infantry, Winnipeg.—Lieut. W. F. Godson, attached 1889-90 for 155 days, this year 62. Total 217 days.

"B" School St. Johns, P. Q.—Lieut. E. G. Piché, 1889-90, 187 days ; this year 50 ; Total 237 days. 2nd. Lieut. H. Taschereau, 1889-90, 143 days ; this year 84 ; Total 227 days.

"C" School, Toronto.—Capt. W. G. Mutton has been attached for the last $2\frac{1}{2}$ years at least.

"D" School London.—Lieut. A. H. Macdonell, 1889-90, 205 days ; this year 153. Total 358 days.

From article 1051, Regulations and Orders, 1887, it would appear that the limit of time for paying attached officers is six months, except for Artillery schools when the time is nine months, three months of which however, must be spent at the Royal Military College.

Will you therefore please inform me by what authority the time is extended? I would also ask if these officers resided in barracks and received daily instruction thereat during all the time for which they were paid as "attached" officers; as otherwise Sec. 2 of above quoted article prohibits payment at all.

I am Sir, your obedient servant,

The Deputy Minister Militia. J. L. McDOUGALL, *A. G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 28, 1891.

SIR,—Having referred to the General Officer Commanding the Militia, for report, your letter of the 15th inst., respecting the officers attached to the Schools of Military Instruction, I have now the honour to forward for your information the reports received from the proper officers in reply to your queries.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *Col.*, *D.M.M. & D.*

Lieut. J. C. DeWolfe.

Lieut. DeWolfe's time was extended on account of his absence at Kingston interfering with the course at Quebec in Field Artillery. His extended time, however, expired on the 10th September. What with the D.A.A. camp at the Island, where he was attached with his corps, my absence at Sidney inspecting, a Board on Infantry Officers on my return, and numerous other duties, I was unable to complete the long course examinations of this Officer as soon as they should have been.

R. MONTIZAMBERT, *Lt.-Col.*, *Com. R.S.A.*

SIR,—I beg to apply for permission to remain attached to the R.S.A., Quebec, for a further period of three months in order to complete my Field Artillery course, which is required by regulations, and which I was unable to do, having to leave for the course at the R.M.C., Kingston, a month before the examinations took place, and also to finish the long course of lectures and practical instrnction which was interfered with at the same time.

I am, Sir, your obedient servant,

J. C. DEWOLFE, *Hfx. G. A.*

The Commandant R.S.A., Quebec.

Lieut. W. F. Godson.

I beg to say that on the 30th October, 1889, I received from Headquarters the customary printed form informing me that Second Lieut. Godson, 90th Batt., was authorized to attend here for a Short Course, which he duly passed through; and on the 31st Jan., 1890, I received the customary printed form (29773) of Jan. 28, 1890, by which he was authorized to be admitted here for a Long Course. Part of this course he was at R.M.C., Kingston, as required. JOHN B. TAYLOR, *Com. R.S.M.I.*

Lieut. E. G. Piché.

Lieut. G. Piché was authorized to join for a Short Course on the 3rd Sept., 1889, a Long Course on the 24th Dec., 1889. When returning from Kingston to complete his long course I was allowed to retain him until Aug. 31, 1890, being short of officers.

G. D'ORSONNENS, *Com. R.I.S.*

Lieut. H. Taschereau.

Mr. Taschereau was allowed to join for a Short Course Jan. 7, 1890. Having failed to obtain a first class he was allowed a second Short Course, April 29, 1890, and a Long Course Dec. 9th same year. Being short of officers at the time the Hon. the Minister of Militia made Mr. Taschereau's services available with "B" Co. *until further orders* (A. G. orders 16, 12, 90,). He is still here.

G. D'ORSONNENS, *Commanding R.I.S.*

Lieut. A. H. Macdonell.

On the 2nd Sept., 1889, this officer was authorized to take a Short Course. On the 20th December, 1889, (A. G. O. 26626) authority was given for a Long Course. On 4th August, 1890 (A. G. O. 33493), authority was given to retain him till after the return of Lieut. Denison; and after that he was permitted to remain on the strength of a letter which Lieut. Macdonell produced and which is in the words following: "Minister's Office, Ottawa, 23rd Sept., 1890. Dear Col. Denison,—I find that "authority was asked by the commandant of the London school to allow Mr. Arch. "Macdonell to remain some time longer at the school. I have granted the authority "and I take it to be sufficient. If there should be any difficulty in the way about it "please let me know immediately. Believe me yours truly, A. P. CARON."

K. SMITH, *Lt.-Col., Commanding R.I.S., London.*

AUDIT OFFICE, OTTAWA, May 5, 1891.

DEAR SIR,—I am in receipt of your letter of the 28th ultimo referring to officers attached to the schools of Military Instruction.

I find that, with the exception of Lt. Godson of the Winnipeg school the time allowed by article 1051, R. & O,, 1887, has been exceeded in every case. This paragraph appears to be one of your departmental orders, to be obeyed by all concerned, and, without another departmental order, I cannot see how this action can be upheld.

In the case of Capt. Mutton, who has been attached to "C" School for some years, no explanation has been given.

I am, Sir, your obedient servant,

The Deputy Minister, Militia and Defence. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Aug. 4, 1891.

SIR,—Will you please send to me at your earliest convenience any Orders in Council which have been passed referring to the appointment of Major General Herbert, and Captain Streatfeild as his A. D. C.; also any order in reference to the payment of the passage of Major General Herbert to this country.

I am, Sir, your obedient servant,

JOHN J. McGEE, Esq., Clerk of the Council. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Sept. 5, 1891.

DEAR SIR,—On the 4th ultimo I wrote you requesting copies of Orders in Council relating to the appointment of Major General Herbert and Captain Streatfeild, his A. D. C., and to the payment of the passage of the former to this country. Will you kindly attend to this matter at your early convenience?

I am, Sir, your obedient servant,

JOHN J. McGEE, Esq., Clerk, Privy Council. J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL OFFICE, OTTAWA, Sept. 7, 1891.

DEAR SIR,—With reference to your letter of the 5th September 1891, is it not possible for you to indicate what Orders in Council you require? Your request entails much labour, and my office work is severely overtaxed at present.

Yours truly,

The Auditor General. JOHN J. McGEE, *Clerk, P.C*

AUDIT OFFICE, OTTAWA, Sept. 9, 1891.

DEAR SIR,—Your letter of September 7, asking further details of Orders in Council required, is received. My letter of August 4 read as follows:—"Orders in Council————referring to the appointment of Major General Herbert and of Capt. Streatfeild as his A.D.C.; also any order in reference to the payment of the passage of Major General Herbert to this country." The last was passed, I believe on Jan. 31, 1891. The others I wish are those making the appointments. That appointing Major Herbert was, I believe, Sept. 27, 1890, but I cannot give the date of the other.

I am, Sir, your obedient servant,

JOHN J. McGEE, Esq., Clerk, Privy Council. J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL OFFICE, OTTAWA, Dec. 11, 1891.

SIR,—As there is no intimation of the dates of the Orders in Council you require on the subject of your letter, I have thought it best to refer your communication to the Department of Militia and Defence, as this office is overwhelmed with work at the present moment.

I am, Sir, your obedient servant,

The Auditor General. JOHN J. McGEE, *Clerk, P.C.*

Farm-gates	No.	136	2 50	340 00
Iron pipe, 3-ft. diameter	tons.	2	40 00	80 00
Carried forward				1,254,632 62

Cape Breton Railway—*Continued.*	Quantity.	Rate.	Amount.
Contract 6, Isbester & Reid, Final Estimate—Canso to Grand Narrows.		$ cts.	$ cts.
Brought forward			1,254,632 62
Work not covered by contract schedule—*Continued.*			
Cut-out on road-diversion			101 80
Change of grade in cut at Point Tupper			300 30
Taking up bottom of cut at station 90, for change of grade			375 57
Moving buildings at Point Tupper			22 00
Re-hauling iron pipe between Millbrook and River Dennis			64 35
Taking out bottom of cut at station 108, for change in grade			238 31
do do 82 do			475 77
Change of location of culvert at 765			70 12
Men and horse idle, from change of culvert at 390			26 16
do do do 408			28 49
Extra work at foundation of steel trestle at Dowling's Gulch			83 95
Digging, filling and packing at piles, Millbrook			46 55
Moving pile-driver back from Millbrook to McDonald's Gulch			46 50
Placing rock around masonry of McDonald's Gulch bridge			37 40
Bridge from embankment to west abutment of steel trestle 247			58 56
Placing brush in small lake at 1300, to hold embankment			88 00
Filling at abutment of trestle 255			138 05
Repairing west abutment of steel trestle 257			69 00
Checking west abutment at Jamesville, 30-ft. span			11 00
Extra work at foundation of steel trestle, McDonald's Gulch			360 25
Filling at pedestals, and diverting stream, Walker's Gulch			243 37
Moving timber from marsh 908 to Orangedale and Gillies' Cove			86 90
Extra work on freight shed at Point Tupper			59 63
Extra work on slope of cut, station 145			200 75
Re-hauling gravel for concrete for changed culvert, 1087 east			15 67
Filling around pedestals of steel trestle at Millbrook			42 90
Building retaining-wall at Marine Slip, Point Tupper			469 12
Moving buildings at Point Tupper			59 55
Removing slide from culvert, station 190			6 18
Extra work at embankment, station 372½			8 25
Placing brush in embankment, 848 and 858			72 38
Filling around pedestals of steel trestle, Ottawa Brook			207 62
Removing slide from culvert, 828, and timbering same			175 53
Rebuilding ends of culvert demolished by slide			26 62
Filling at foundations of pier, River Inhabitants			18 70
Stone instead of gravel in concrete, between River Dennis and Millbrook			141 90
Brush and poles hauled to small lake, 1297			4 00
Cleaning slide from mouth of culvert, 829			110 68
Changing culvert on road-diversion			31 90
Scraping and filling at Walker's Gulch			242 00
Extra excavation in passenger-station at Point Tupper			90 20
Rebuilding west trestle abutment at Walker's Gulch, after slide			47 04
Extras in foundations of engine-house, Port Hawkesbury			454 61
Putting up trestle at Walker's Gulch			109 43
Protecting earth-work around shore at Point Tupper			42 91
Extras in turntable at Point Tupper			138 67
do foundations of tank at Point Tupper			85 50
do do McIntyre's Lake Station			23 90
do flag-station at Mims' Road			27 15
Cleaning out slides in cuttings after rails were laid			5,126 34
Wooden drain from cut to marine slip, Point Tupper			6 58
Raising east end of trestle, McDonald's Gulch, and drawing bolts			21 44
Repairing road at station 870			2 75
Building stone walls in cut at Point Tupper			1 37
Cleaning out channel at Millbrook			10 56
Erecting fence at ballast pit			58 85
Rebuilding walls and coping of box culvert at McNeil's Beach			118 07
Levelling earth around pedestals at Walker's Gulch			14 30
Cutting drain between settling basin and well, Point Tupper			128 88
Cleaning out and filling hole near marine slip			213 65
Cutting drain, laying pipe and baling water, Point Tupper			912 61
Cleaning and filling sink holes west of marine slip			333 42
Excavating ditch from well to engine house, Point Tupper			749 00
Laying iron pipe from well to engine house do			80 30
Filling up water-hole near passenger station do			22 55
Excavating and building well at McKinnon's Intervale			657 13
Laying pipe from settling-well to engine house, Point Tupper			151 76
Carried forward			1,269,127 37

Cape Breton Ry.—Isbester & Reid.

AUDIT OFFICE, OTTAWA, April 8, 1891.

SIR,—Let me acknowledge receipt of your application, No. 388, for $31,856.76 in favour of Isbester & Reid, being the balance of their final estimate on Contract 6 of the Cape Breton Railway, dated Feb. 25, 1891.

A comparison of this with Estimate No. 41, to Jan. 31, shows that the total of "Wages, with 10 per cent added" (covering services not elsewhere scheduled), has increased from $2,450.13 to $14,820.09. The most of these vouchers are of much older date than the estimate. Please let me know whether Sections 25 and 26 of the contract have been adhered to, namely, those fixing 14 days as the period within which claims must be presented.

The number of cofferdams, at $1,000 each, stands at 33 in the January estimate, and at 53 in the February estimate. Since cofferdams belong generally to the early part of the bridgework, it would be well to have on record the explanation of the delayed increase.

Voucher No. 48, for $5,126.34, is marked "Expense of cleaning out cuttings, owing to slides after rails were laid." The items are labour and carting. Please give the reason for not paying this as described in Section 9 of the specification: "In the event of a slide in a cutting after it is formed, the contractor shall remove the debris, and be paid for it as loose rock or as earth."

I am, Sir, your obedient servant.

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, April 9, 1891.

SIR,—The Auditor General's letter of Apl. 9, asking for certain information in relation to the final estimate of Contract No. 6, on the Cape Breton Railway, having been referred to me, I have the honour to make the following explanation:—

1. The 10 per cent days' wages accounts were duly presented from time to time, but action upon a large number of them was deferred until I could make a full enquiry into them, and this I only did when the time for preparing the final estimate arrived. The accounts I believe to be correct and proper charges. Clauses 25 and 26 of the contract were not literally complied with.

2. There were 53 piers for which cofferdams were used, as shown in the final estimate, which is correct.

3. The voucher No. 48, $5,126.34, is for days' labour in removing slides in cuttings, which were in such shape that they could not be measured accurately; hence the day's labour charge.

I am, Sir, your obedient servant,

COLLINGWOOD SCHREIBER,

The Secretary, Railways and Canals. *Chief Engineer.*

AUDIT OFFICE, OTTAWA, April 11, 1891.

SIR,—Let me acknowledge receipt of your letter of April 10, covering information given by the Chief Engineer of Railways concerning the final estimate of Isbester & Reid.

Mr. Schreiber has overlooked that part of my letter which asked for an explanation of the fact that only 33 cofferdams were returned in January, while 53 were returned in February. Please bring this again to his notice.

If the claims for extras were not presented within 14 days, and if the slides in cuttings could not be paid by the yard as loose rock or earth, I think that both variations will come under Section 36 of the contract: "Any change in the terms of this contract * * * must be sanctioned by Order of the Governor in Council."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, April 13, 1891.

SIR,—The Auditor General, under date the 11th inst., asks for an explanation of the fact that only 33 cofferdams were returned in January, while 53 were returned in February.

The matter of cofferdams, except the larger and more costly ones, was withheld by the resident chief engineer until he could discuss the matter with me upon the closing up of the contract works and the issuing of the final certificate.

I am, Sir, your obedient servant,

The Secy. Rys. and Canals. COLLINGWOOD SCHREIBER, *Chief Engr.*

AUDIT OFFICE, OTTAWA, April 27, 1891.

SIR,—With further reference to the number of cofferdams in the final estimate of Isbester & Reid :

When obtaining information on several items at the Department in the usual way, to save unnecessary correspondence, the Examiner of Railway Accounts understood that the number 53, entered under the head of cofferdams, was made up by counting some of the larger structures as two cofferdams each, when they enclosed two piers.

This seemed fair enough at the time ; but it was noticed subsequently that the estimate reads "cofferdams, 53 at $1,000." The estimate should represent the facts literally, if there were less than 53, and whether or not the $53,000 is their total value.

If this understanding of the work is correct, please divide the item into "cofferdams at $1,000" and "cofferdams at $2,000." Those at $2,000 will need an Order in Council to bring them under the contract.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, April 28, 1891.

SIR,—In reply to yours of the 27th instant, *re* cofferdams included in final estimate to Messrs. Isbester & Reid, under their contract on the Cape Breton Railway, I am to say that the Chief Engineer to whom your letter was referred reports that "the estimate represents the facts literally, and that there are 53 cofferdams."

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 4, 1891.

SIR,—I am passing the item of $53,000 for cofferdams in Isbester & Reid's estimate, on Mr. Schreiber's two statements : of April 13, that they were withheld by the resident engineer for discussion with himself ; and of April 28, that the estimate represents the facts literally, and that there were 53 cofferdams.

If the reasons for withholding and discussing the cofferdams were not too technical, it would be well to place them on record along with the other details of the final estimate, for publication in my next report.

About the items for extras, and for slides in cuttings, there is still the difficulty mentioned by me April 11, that any changes in the contract should be authorized by Order in Council. If the contract pays for slides by the yard, the difficulty of measuring them does not warrant my paying for them in any other way.

If an Order in Council cannot be obtained without delay, these items might be deducted from the application now in hand. If you prefer this course, please calculate the amount.

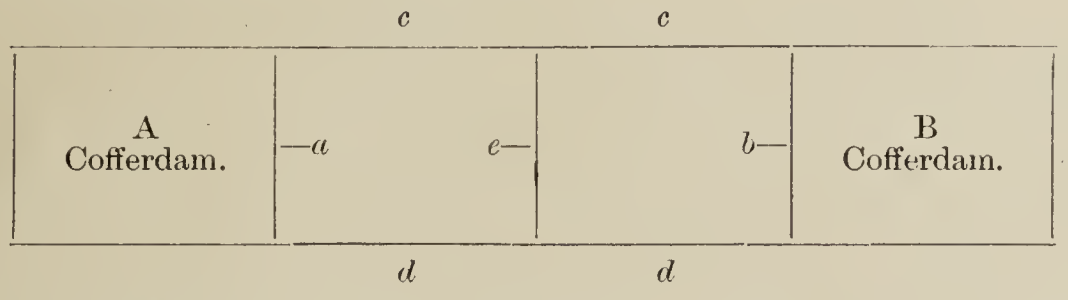
I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 27, 1892.

SIR,—In preparing, for publication in my report, the correspondence concerning the cofferdams in Isbester & Reid's final estimate, I find that the following section of my letter of May 4, 1891, has been overlooked by your Department :—

"If the reasons for withholding and discussing the cofferdams were not too technical, it would be well to place them on record along with the other details of the final estimate, for publication in my next report."



Please ask the Chief Engineer of Railways if there is any more information which would be intelligible to the general public.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, Jan. 29, 1892.

SIR,—Referring to the Auditor General's letter of Jan. 27, with regard to the 53 cofferdams on contract 6 of the Cape Breton Railway, the explanation is as follows :—There were 53 piers to be enclosed in temporary cofferdams, and the contractor requested to be allowed to build some of them in a certain form unlike the others he had built ; and as the new form of cofferdam served the purpose equally as well, I authorized him to so construct them ; but, before returning them in the estimate, the chief resident engineer desired to explain to me how they were built and whether or not I had authorized it, he stating that they had served the purpose equally as well as those otherwise constructed and which the chief resident engineer had examined with me on the ground during the construction of some of them. The difference in design of these temporary cofferdams is shown in the sketch herein :

A number were first built as per A and B ; the others were built by leaving out the sides *a* and *b* and putting in sides *c*, *d* and *e*.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. COLLINGWOOD SCHREIBER.

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Let me acknowledge receipt of your 63167 transmitting Mr. Schreiber's report of Jan. 29 concerning Isbester & Reid's cofferdams.

Whenever any changes are made in specifications, after a contract is made, in the direction of facilitating the work to the contractor, the difference in cost should enure to the Government, whether the service is equally well performed or not. Any differences in the other direction are always claimed by the contractor.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL OFFICE, OTTAWA, June 3, 1891.

SIR,—By an Order in Council dated June 1, 1891, authority is granted for the payment of the final estimate of works executed by Messrs. Isbester & Reid in the grading, bridging and track-laying, &c., of the section of the Cape Breton Railway between the Strait of Canso and Grand Narrows, under a contract made with them

July 21, 1887, as furnished by the Chief Engineer of Government Railways and showing that the contractors have performed work to the total value of $1,269,452.71, which amount, less previous payments, they are entitled to receive.

I am, Sir, your obedient servant,

The Auditor General. JOHN J. McGEE, *C.P.C.*

Rhodes, Curry & Co.—Contract Modified.

PRIVY COUNCIL OFFICE, OTTAWA, Sept. 17, 1891.

SIR,—By an Order in Council, dated March 28, 1891, authority was granted to modify the contract of Messrs. Rhodes, Curry & Co., for the construction of certain stations and other buildings and works on the line of the Oxford and New Glasgow Railway, as it appears from the report of the Chief Engineer of Government Railways that the contractors, though claiming to have completed the said works, have not in several respects complied fully with the terms of the specification, spruce having been used in place of pine for certain platforms, and inch in place of inch and a-quarter boards for station floorings.

The windmills also, the Chief Engineer states, are not, in his opinion, of the standard called for. Other minor details are referred to in the same terms.

The contractors urged that the works are similar to others carried out by them on the Intercolonial Railway, which statement the Chief Engineer verifies; and they asked that the contract be amended so as to admit of their acceptance as executed.

I am, Sir, your obedient servant,

The Auditor General. JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, Aug. 26, 1891.

SIR,—Let me acknowledge receipt of your application, No. 610, for $1,002.95, in favour of Rhodes, Curry & Co., to pay sums previously withheld for work not completed, but now allowed by changing the terms of the contract.

There is an item, among the extras, of $542.70 for additional masonry in Wallace station foundation—81 yards at $6.70. This masonry was entered in the estimate for October, 1889, at $465.75, or 81 yards at $5.75—at which figure it appears also in the final estimate, dated Jan. 15, 1891. Please explain the reason for the alteration in price.

I have no certificate signed by Mr. Cushing, the resident engineer, later than March 31, 1890. Please let me have a final estimate with his signature, to fix his responsibility for the completion of the work.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Aug. 27, 1891.

SIR,—In answer to your letter of Aug. 26, *re* application No. 610 for $1,002.95, in favour of Rhodes, Curry & Co., to pay sums previously withheld for work not completed, I am to inform you that the matter having been referred to the Chief Engineer for explanation, he reports as follows: "No final estimate is issued, as the work is not "completed. Upon hearing the facts as to the building of the extra masonry at Wallace, "the grading not having been done around the station at the time, and hence the stone "having to be lifted up several feet higher, increased the cost of such masonry, and I "established the price of the masonry at $6.70 per cubic yard as fair and reasonable."

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec.*

AUDIT OFFICE, OTTAWA, Sept. 26, 1891.

SIR,—I transmit to you herewith a statement received from Mr. F. J. Lynch, giving details of the $1,126 deducted from Rhodes, Curry & Co., in their estimate of Jan. 15, 1891, for station buildings on the Oxford and New Glasgow Railway. It is

understood that some of the items of uncompleted work have since been performed. Please mark these on the statement, to enable me to calculate the effect of the Order in Council of March 28, 1891, which modifies the contract in the direction of releasing the contractors from strict compliance with the specifications.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Sept. 29, 1891.

SIR,—In acknowledging your letter of the 26th inst., transmitting therewith a statement received from Mr. F. J. Lynch, giving details of the $1,126 deducted from Rhodes, Curry & Co. in their estimate of Jan. 15, 1891, for station buildings on the Oxford and New Glasgow Railway, and further stating that it is understood that some of the items of uncompleted work have since been performed, and asking to mark these on the statement ("herewith returned, and marked as requested") to enable you to calculate the effect of the Order in Council of March 28, 1891, which modifies the contract in the direction of releasing the contractors from strict compliance with the specifications.

I am in reply thereto to say that your request has been complied with, and statement accordingly herewith enclosed.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Acting Secy.*

NOTE BY AUDITOR GENERAL.—The effect of the Order in Council modifying the contract was calculated at $618.50, as shown on page C—66 ; and this sum was withheld from the amended final estimate.

Cornwall Canal—Gilbert Dredging Co.

AUDIT OFFICE, OTTAWA, July 16, 1891.

SIR,—I return herewith your application, No. 579, for $2,663.73, in favour of the Gilbert Dredging Co., being the sum due on their June estimate for Section 5 of the Cornwall Canal. The account dated Jan. 12, 1891, of $630 for 42 hours' work by the dredge "Little Giant" in July, 1890, appears to be shut out by clauses 26 and 27 of the contract form. Please let me have an explanation of the delay in presenting the claim I can pay the balance, $2,033.73, in the meantime, if the application is amended.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, July 20, 1891.

SIR,—In reply to your letter of July 16, returning application No. 579, for $2,663.73, in favour of the Gilbert Dredging Co., and asking for an explanation of the work performed by the dredge "Little Giant" in July, 1890, amounting to $630, I am directed to inform you that the work referred to therein was ordered by the resident engineer, and the time of the dredging was kept by his officers. This class of work was not embraced in the contract, and the only way to remove the timber, plank, &c., from the bottom was to dredge it by the hour. The contractors presented their account immediately after the work was completed, but it was overlooked by the local officers. The estimate above-mentioned, with certificates attached, is herewith re-enclosed to you.

I am, Sir, your obedient servant.

The Auditor General. A. P. BRADLEY, *Secy.*

Cornwall Canal—Jocks, Broder & Delorimier.

AUDIT OFFICE, OTTAWA, Jan. 24, 1891.

SIR,—In the November estimate of Jocks, Broder & Delorimier, on Section 10 of the Cornwall Canal, I find two items not covered by the contract schedule, namely :

"Nosing-cribs, $2,328.71," and "Rock-bolting mitre-sills and cribs, $219.30." Please let me have copies of the engineer's letters, fixing the rates at the time the work was ordered. I am not, however, delaying payment on this ground.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A. G.*

MORRISBURG, Dec. 10, 1890.

SIR,—I enclose to you a letter from Jocks & Broder, containing an offer to do the work in building of nosing-crib at each end of the north wall of lock upon Section No. 10, Cornwall Canal enlargement. These cribs were not described in the specification, but were absolutely necessary to protect the ends of the lock wall on north side. At the time when instructions were given to the contractors to build these cribs the only timber on hand consisted of that furnished for the weir foundation; this was used for the nosing cribs, as they required to be built without delay; and long timber had to be cut to suit the new purpose. I have the bills of all timber delivered, with the prices paid by the contractor. and was guided by these in criticising, and in some cases making alterations, which are shown in red figures. The drilling of holes for rock-bolting of mitre-sills was a matter not mentioned in our specification, but was done in execution of instructions from the late Chief Engineer.

I am, Sir, your obedient servant,

The Deputy Minister, Railways and Canals. H. H. KILLALY, *Res. Eng.*

MORRISBURG, Aug. 1, 1890.

SIR,—We will build the cribs at east and west ends of north wall of lock Section 10, Cornwall Canal at following prices:—

	$	cts.
Timber in cribs below water, per lin. ft.	0	30
Pine in superstructure, per lin. ft	0	38
Blocks under heads of ties, each	0	10
Binders, per lin. ft	0	10
Planking, per thousand B. M	25	00
Oak in caps and wales, per thousand B. M	60	00
Iron in spikes, per lb	0	09
Iron in lock-bolts, exclusive of drilling holes, per lb	0	09
Ballast in cribs, per cubic yd	1	50

Some of these prices may appear high, but it will cost fully 5c. per foot more to get out the bottom-timber now than it would in the winter. Pine cannot be got now, and we will be obliged to cut up the long pieces we have on hand for weir bottom. The ballast will have to be handled twice to get it across the dam into the cribs. The rock-bolts must be driven with a battering ram; then the cribs are to be so narrow that the measurement will be very small for the amount of carpenter work on them.

Yours truly,

H. H. KILLALY, Esq., Morrisburg. JOCKS & BRODER, per W. BRODER.

Lake St. Louis Survey—Purchase of Yacht "Josephine."

AUDIT OFFICE, OTTAWA, July 14, 1891.

SIR,—I am passing your application for June expenses of Quebec canals, with an interim deduction of $820.90 from "Lake St. Louis Survey," the proposed payment to Mr. Superintendent Benoit of the Chambly Canal, for the purchase of his steam yacht "Josephine." When a purchase is made from a Government officer, especially by his own department, there should be an explanation showing that the demand would have been filled less satisfactorily by an outsider.

I am, Sir, your obedient servant.

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

SUPTG. ENGR.'S OFFICE, MONTREAL, July 24, 1891.

SIR,—With reference to your letter, No. 85473, dated 16th inst., transmitting for report thereon a copy of a letter from the Auditor General *re* purchase of steam yacht "Josephine," I beg to state that before deciding on the purchase of Mr. Benoit's steam yacht I had applied in all directions, between Sorel and Grenville. I met with several offers, but in all cases it was found that the purchase of Mr. Benoit's yacht was by far the most advantageous bargain for the Government.

For the price ($800), cost of maintenance, and fitness for the kind of work it had to perform, no other yacht offered could compare with the "Josephine."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. E. H. PARENT, *Supt. Eng.*

Sault Ste. Marie Canal—Ryan & Co.

AUDIT OFFICE, OTTAWA, March 12, 1891.

SIR,—Let me acknowledge receipt of your application, No. 400, for $25,816 in favour of Hugh Ryan & Co., on account of Sault Ste. Marie lock. Please let me have an explanation of the item of $13 a yard for dressed stone delivered—the original Schedule reading $11 a yard placed.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, March 13, 1891.

SIR,—I am in receipt of your letter of 12th instant *re* advance on dressed face stone delivered by H. Ryan & Co., at Sault Ste. Marie Canal. The advance of $13 per cubic yard is on dressed face stone, and as there are 3 yards of "backing" to one of face stone, the value of the work may be taken as $17 for "facing" and $9 for "backing"—average $11. Allowing $4 as the cost of laying, &c., leaves $13 per cubic yard as the value of the dressed face stone delivered.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

Ste. Anne's Canal—Baskerville, O'Connor & Cassidy.

Order in Council, July 5, 1890.—On a memo. dated May 31, 1890, from the Minister of Railways and Canals, representing that under date of Nov. 26, 1879, a contract was made with Baskerville, O'Connor & Cassidy for the construction of a new lock at Ste. Anne, on the River Ottawa, and that at the completion of the work a final estimate was furnished by the Chief Engineer of Canals, together with his award as sole arbitrator on certain claims for "extras" made by the contractors, the reference to him of such claims being under authority of an Order in Council dated Jan. 10, 1885, which contained a list of the claims to be so dealt with, the date of the award and final estimate was July 30, 1885, and the amount due thereunder was paid to the contractors Aug. 6. The Minister further represents that by letters, the first of which was dated Sept. 29, 1885, the contractors have urged that certain work of excavation, 1,723 cubic yards which had been returned in their progress estimates at $5.00 per cubic yard, the schedule price for under-water-excavation, had been paid for in the final estimate at 85 cents per cubic yard, that they were not aware of the deduction until after the arbitration, and were therefore unable to have the matter rectified at that time. They claimed the amount of the difference between the two rates, the aggregate being $7,150.45. The Minister states that the matter being referred to the engineer of the Department of Railways and Canals, it appears that this work, though above the line of low water, had been executed by order at the time when the river water was high, because if the excavation had been delayed until low water, the wall for the building of which it was

requisite could not have been begun until low water of the following year, further, that it had been performed with a dredge. That the claim remained unsettled until the Chief Engineer of Canals reported Dec. 20, 1889, showing that the contractors had been called upon to do this work at the time of high water, that they had had it executed by their sub-contractors for under-water-excavation, to whom they had allowed $3.50 per cubic yard, viz. : 1,723 cubic yards at $3.50, $6,030.50 ; for which they themselves had been been paid at the rate of 85 cents per cubic yard, $1,464.55—difference, $4,565.95. The Minister further represents that the Chief Engineer advised to the effect that though this work could not come under the head of "rock excavation under water," for which $5.00 was the schedule rate, yet they might reasonably be allowed the rate $3.50, the price they had stated to have been actually paid out by them for the work, and the compromise thus suggested by the Chief Engineer has now been accepted by the contractors, subject to a request that interest be allowed them. The Minister in view of the circumstances recommends that authority be given for the settlement of this matter by the payment to them of the said sum of $4,565.95 together with interest thereon at the rate of 4 per cent from the date of the final estimate and award, namely, July 30, 1885. The Committee advise that the requisite authority be granted accordingly.—JOHN J. MCGEE, *C.P.C.*

Ste. Anne's Canal—Brewder & McNaughton.

AUDIT OFFICE, OTTAWA, July 16, 1891,

SIR,—I am passing your application No. 577 for $1,520 in favour of Brewder & McNaughton, for the sum due on their June estimate at Ste. Anne's. There are two items, amounting to $178.50 for work not included in the contract, for which I would like to have a copy of the engineer's order fixing the prices.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A. G.*

RAILWAYS AND CANALS DEPT., OTTAWA, June 20, 1891.

SIR,—Referring to the matter of the strengthening-cribs now constructing under contract with Messrs. Brewder & McNaughton, at the old Grand Trunk Railway Pier at Ste. Anne, as to which you have reported, June 17, to the effect that a difficulty is experienced in obtaining a solid rest on the sloping rock foundation which might be overcome by bolting the crib to the rock. I am directed to inform you that the department approves of the course suggested, and it appearing that this would involve certain work of drilling and bolting, items for which no provision is made in the contract, the department further concurs in your view that the prices undermentioned are reasonable, and you will be pleased to make out your estimates accordingly, namely : Drilling holes in rock per lineal foot, $2 ; Iron in rock bolts (in place) per lb., 9 cents.

I am, Sir, your obedient servant,

E. H. PARENT, Esq., Superintending Engineer. A. P. BRADLEY, *Secretary*,

---

Williamsburg Canals—Murray & Cleveland.

AUDIT OFFICE, OTTAWA, Feb. 9, 1891.

SIR,—I am passing your application No. 353 for $6,750 for Murray & Cleveland on their Galops contract. There is an item of $1,080 for 10,800 white oak treenails in the guard lock foundation, which does not appear to be in the contract schedule. Please let me have a copy of the engineer's letter fixing the price when the work was ordered.

I am, Sir, your obedient servant.

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

CARDINAL, Oct. 3, 1890.

SIR,—Re "construction of Locks and deepening Upper Entrance, Galops Canal," there being no item in the schedule to cover tree nails, I requested Mr. Cleveland to write me a letter stating price each, for white oak treenails for this work delivered. Enclosed please find his letter of October 1, 1890, offering to furnish and put them into the work for 10 cents each. Considering his offer a fair and just one, I have returned 1,875 white oak treenails (the first lot delivered) in the September estimate, 1890, at 7 cents as material delivered.

I am, Sir, your obedient servant,

The Secretary, Railway and Canals. S. H. HAYCOCK, *Res. Eng.*

Canals generally—Mr. Trudeau as Acting Chief Engineer.

RAILWAYS AND CANALS, OTTAWA, July 11, 1890.

SIR,—In view of the necessity which exists, in consequence of the death of the Chief Engineer of Canals and pending the appointment of his successor, of providing with the minimum of delay for the payment of the various progress estimates on the several canal works in hand, I have the honour by direction to suggest for your approval the following course :

1. That the progress estimates be, as heretofore, in the first instance certified by the engineer in immediate charge—and further, as an additional feature, by the member of his local staff next in responsibility to himself.

2. On reaching the department, that they be checked by the same experienced member of Mr. Page's office, who has heretofore performed that duty, Mr. Mothersill ; and that the final engineering revision of these estimates, which appears to be called for by the Revised Statutes in the Act relating to this department, be given by the Deputy Minister, himself a Civil Engineer, who will certify if satisfied as to their correctness.

It is thought that by the adoption of this course the correctness of the estimates will be well secured, and that delay which would be serious and mischievous to contractors will be avoided ; and it is hoped that you will consider the requirements of the Audit Act and of the Departmental Act sufficiently covered to enable you to accept, as satisfactory, estimates so vouched for.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secretary.*

AUDIT OFFICE, OTTAWA, July 14, 1890.

SIR,—I have your letter of July 11, making suggestions as to changes in the mode of certifying accounts, owing to the death of the Chief Engineer of Canals.

I am not quite sure that carrying out your suggestion will comply strictly with the law ; but I presume that your department and this office will be considered by Parliament as justified in making use of the best means available to supply the unexpected loss of the Chief Engineer's services.

Your suggestions seem to me to be all that circumstances will permit. I suppose that for the present all applications for payments under contracts will be well within the amounts apparently due to the contractors, and that the amounts of applications for other claims, not covered by pay lists, will be comparatively small.

Can you inform me if the office of Chief Engineer of Canals is soon to be filled ?

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

Quebec and Lake St. John—Railway Bridge over St. Charles River.

RAILWAYS DEPT., OTTAWA, Feb. 10, 1891.

SIR,—Mr. Ridout has examined the bridge constructed over the St. Charles River at Quebec, under 55 Vic., chap. 2, granting a subsidy to the Quebec and Lake St. John Railway Company for a bridge over the St. Charles River, to give access to the City of Quebec, a subsidy not to exceed in the whole $30,000, upon which shall be paid 15 per cent of the value of the work done, on monthly progress estimates certified by the Chief Engineer and upon the approval of the Minister of Railways and Canals. He informs me the bridge is well built and is completed, and Mr. Marcus Smith, who has examined the plans and taken out the strains, informs me it is a good structure. The value of this bridge I place at $101,000; 15 per cent of which will be $15,150, which amount (of $15,150) the company have earned.

It is only fair to the Quebec and Lake St. John Railway Company that I explain that they contend the bridge over a river extends from bank to bank, whether a large portion of this is earth embankment, cribwork filled with stone, or a truss or trestle structure. I have dealt with the structure as extending from tail to tail of abutment of the bridge.

I am, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

The Secretary, Railways and Canals.

PRIVY COUNCIL, OTTAWA, Oct. 16, 1891.

By an Order in Council dated April 21, 1891, it was decided that the general principle to be adopted with regard to subsidies granted in aid of railway bridge construction to the extent of 15 per cent of the value of the work, shall be payable on the value of the entire structural works forming a roadway from bank to bank of the river to be crossed, but that payments on each grant on account of a bridge subsidy shall be submitted to Council.

JOHN J. McGEE, *C. P. C.*

RAILWAYS DEPT., OTTAWA, May 4, 1891.

SIR,—A subsidy was granted by 53 Vic., chap. 2, for a railway bridge over the St. Charles River, to give access to the city of Quebec, not to exceed in the whole $30,000, upon which shall be paid 15 per cent of the value of work done, on monthly progress estimates certified by the Chief Engineer and upon the approval of the Minister of Railways and Canals. A question arose in my mind as to the intention of the Act above referred to, viz., whether the term bridge meant the way of bridge from bank to bank of the river, or what might technically be called the bridge, viz., the trusses and masonry on which they rest. The matter has been settled by an Order in Council dated April 21, 1891, and upon this basis this estimate is prepared. I make the value of the work on bridge from bank to bank of the river amount to $165,000; 15 per cent on above $165,000, $24,750; which sum according to the terms of the Order in Council afore referred to has been earned by the Quebec and Lake St. John Railway Company. If a payment is to be made, the amount of previous payments should be deducted.

I am, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

The Secretary, Railways and Canals.

Order in Council, Oct. 15, 1891.—On a memorandum dated Oct. 13, 1891, from the Acting Minister of Railways and Canals, representing that by the Railway Subsidy Act passed at the Session of Parliament now closed there was voted the following:—"To the Quebec and Lake St. John Railway Company for the railway bridge over the St. Charles River to give access to the city of Quebec, the difference between the amount already

paid to the company, and the sum of $30,000 mentioned as not to be exceeded by the Act 53 Vic., chap. 2, a subsidy not exceeding $5,250." The Minister further represents that the payments made to this company, under a contract entered into with them Dec. 2, 1890, have been based on a provision of the subsidizing Act, 53 Vic., chap. 2, admitting of payments to the extent of 15 per cent of the value of the work done, authority for such payment being made by Orders in Council, the last of which, dated May 18, 1891, brought the total amount so authorized to be paid, up to the sum of $24,750. It is the difference between this sum and $30,000, namely, $5,250, the grant of which has now been made, making the subsidy a bulk one, irrespective of cost. The Minister on the report of the Chief Engineer of Government Railways dated Feb. 10, 1891, to the effect that the bridge in question is completed, and is a good, well built structure, recommends that authority be granted to pay the sum of $5,250, making, with the various sums payment of which has already been authorized, the total of $30,000 granted by Parliament in aid of this work. The Committee advise that the requisite authority be granted.

JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, Nov. 4, 1891.

SIR,—In taking up your application No. 149 for $5,250 in favour of the Quebec and Lake St. John Railway, for balance of subsidy of $30,000 for the bridge over the St. Charles River, it occurs to me that possibly the length of the bridge has been included in the 12 miles already paid at $38,400 for the Charlesbourg Loop Line. It may be questioned fairly whether Parliament intended thus to pay a double subsidy on the bridge. Please let me know the length of the bridge from bank to bank of the river.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 10, 1891.

SIR,—In acknowledging your letter dated Nov. 4, *re* application No. 149 for $5,250 in favour of the Quebec and Lake St. John Railway, for balance of subsidy of $30,000 for the bridge over the St. Charles River, and wishing to be informed as to the length of the bridge from bank to bank of the river: I am in reply to say that the width of the St. Charles River, on the site of the bridge, is 1,200 feet; this distance is included in the subsidy for the construction of the railway, and has been so treated.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Act. Sec.*

AUDIT OFFICE, OTTAWA, Nov. 13, 1891.

SIR,—Let me acknowledge receipt of your 62277 of Nov. 10, giving the length of the St. Charles bridge at 1,200 feet. I am passing in the meantime the application for $5,250 at $4,522.73, or a deduction of $727.27, for 1,200 feet at $3,200. Mr. Scott, in his letter of Nov. 5 enclosed, mentions 740 feet over 12 miles, as the total length.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

Quebec and Lake St. John Railway—Winter Inspection.

AUDIT OFFICE, OTTAWA, Feb. 12, 1891.

SIR,—Let me acknowledge receipt of your application, No. 345, for $26,300, in favour of the Quebec and Lake St. John Railway, on account of the Charlesbourg Loop Line. Mr. Ridout's certificate is worded thus: "Owing to the ground being covered with snow, the inspection could not be made with the same degree of satisfaction as in the summer season, as many of the structures and the ballasting are not visible; but as

far as he was enabled to judge, the road had been well constructed and was completed with the following exceptions * * amounting to $12,100."

This form of certificate is not conclusive. I am holding the application until I hear from you again.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

Railways and Canals Dept., Ottawa, Feb. 14, 1891.

Sir,—In reply to your letter of Feb. 12, relative to the inspection made of the Charlesbourg Loop Line of the Quebec and Lake St. John Railway, on which an application for subsidy payment has been based, I have the honour by direction to say that the explanation given by the Chief Engineer of Government Railways shows that in the case of structures not before seen by the inspecting engineer, and now reported by him to be invisible, being buried in snow, they have been returned as amongst the works remaining to be executed. In the case of many of the culverts, the snow was dug away by a gang of men, in order to enable an inspection to be made. With regard to the ballasting, his conclusions were drawn from the general good condition of the track and a special examination made at various points.

An inspection of a road during the winter season is, of course, a matter of difficulty, and is not as satisfactory as it should be. From the explanation given above, however, you will see that all possible care has been exercised by the inspecting engineer to assure himself as to the character of the works, and that in cases of doubt he has refrained from making any estimate in favour of the company.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secretary.*

Audit Office, Ottawa, Feb. 24, 1891.

Sir,—Let me acknowledge receipt of your 59295, concerning the winter inspection of the Charlesbourg Loop Line of the Quebec and Lake St. John Railway. I should like to have a copy of the report of the Chief Engineer, referred to therein.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

Railways and Canals Dept., Ottawa, Feb. 24, 1891.

Sir,—In compliance with the request contained in your letter of Feb. 24, concerning the winter inspection of the Charlesbourg Loop Line of the Quebec and Lake St. John Railway Company, I am by direction to enclose to you a copy of Mr. Schreiber's report in connection with this inspection.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY. *Secretary.*

Report re Quebec and Lake St. John Railway.—Such of the structures as he had not seen before the inspection now reported on, as were buried in snow and invisible, are returned as work remaining to be done. From many of the culverts the snow was dug away by a gang of men employed for the purpose, to enable him to inspect them. The ballasting was not visible and the only way he had of judging was from the general good condition of the track, and special critical examinations at various points. As I have stated it is not a satisfactory way of making an inspection.—Collingwood Schreiber, Feb. 13, 1891.

St. Lawrence, Lower Laurentian and Saguenay Railway.

AUDIT OFFICE, OTTAWA, Jan. 8, 1891.

SIR,—Let me acknowledge receipt of your application No. 292 for $32,003 in favour of the Lower Laurentian Railway Company, being part of the subsidy of $217,600 of 50-51 Vic., cap. 24. The wording of the vote of 1887 conveys to me the impression that the road was expected to be nearly 50 miles in length. Please let me have your reasons for considering the road as completed by a length of 39¼ miles.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, Jan. 12, 1891.

SIR,—In reply to yours of Jan. 8, *re* our application for payment of a portion of the subsidy to the Lower Laurentian Railway Company : I am directed to say that the length of the road, on the new and better location, is 39¼ miles ; it is a mistake to say the wording of the vote is for nearly 50 miles. Such was the wording by 48-49 Vic., cap. 59 ; but by 50-51 Vic., cap. 24, it was merely from a specified point to another specified point, the length then unknown.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Jan. 20, 1891.

SIR,—I passed your application No. 292 for $32,003 in favour of the Lower Laurentian Company, January 15, after reading the Chief Engineer's explanation that the Act 50-51 Vic. removed the limiting condition of 50 miles, and left available any shorter route between the two terminal points, for the same total subsidy. It is noticeable, however, that the wording of the vote conveyed to Messrs. Cartwright and Mitchell, and to the Minister of Railways at that time, a misapprehension similar to mine (Hansard, 1887, page 1262). They all discussed the $217,600 as based on a road 50 miles in length.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Railways and Canals.

Railway Subsidies Generally—Completion of Sections.

AUDIT OFFICE, OTTAWA, Oct. 15, 1891.

SIR,—Let me call your attention to that part of the preface to my report for 1889–90 which deals with the mode of paying railway subsidies. "On page B–345, "there is a correspondence on the paying of the ten-mile subsidy before the completion "of the section, but after the track is in a state to permit the running of trains. It "will be understood that enough of the subsidy has in all cases been retained to com- "plete the section according to contract. I have felt justified in passing the applica- "tion in such cases, because the uncompleted work on the section could only be done at "increased cost, unless it were postponed until the rails were laid on a greater length. "However this is a point with which Parliament should deal, if any modification of "the strict letter of the law, as it now exists, is to be made in the future."

In considering future applications for payment on account of incomplete sections, I shall be obliged to construe literally the wording of the Subsidy Act : "The subsidies shall be payable on the completion of each section of the railway of not less than ten miles."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

Qu'Appelle, Long Lake & Saskatchewan Railway—Special Account.

AUDIT OFFICE, OTTAWA, Jan. 5, 1891.

SIR,—I am passing your application No. 282 for $31,575.34 in favour of the "Qu'Appelle, Long Lake and Saskatchewan Railway Co." as a charge in our books to an Open Account of that name. When the yearly adjustment of account is made, under section 7 of the agreement, it will be necessary to credit the Open Account, and charge the different votes (such as "Indians" and "Mounted Police") with the services performed by the railway during the year.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, June 5, 1891.

SIR,—With reference to your letter, dated Jan. 5 last, stating that you are passing an application from this department, No. 282, for $31,575.34 in favour of the "Qu'Appelle, Long Lake and Saskatchewan Railway Co." as a charge in your books to an Open Account of that name, I am directed to enquire in what way is this department concerned in the division of the payments on account of transportation of Government supplies and men over this railway?

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Jan. 21, 1892.

SIR,—Let me acknowledge receipt of your 58935, inquiring in what way the Department of Railways and Canals is concerned in the division of the payments to the Long Lake Railway.

It is necessary to charge the different votes from year to year with the services rendered by the railway; and the keeping of the account with the railway seems to be a matter which falls more naturally under the duties of the Department of Railways than under that of Finance.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, Jan. 27, 1892.

SIR,—In acknowledging the receipt of your letter of Jan. 21, *re* division of payments to the Qu'Appelle, Long Lake and Saskatchewan Railway, I am, in reply thereto, to say that this Department has no means of knowing what mails, men, material, supplies, &c., have been carried for the several Departments. Nothing has been carried for this Department, and it is suggested that each Department should, every six months, make a return to the Finance Department so long as the contract is in force, and the company be requested to furnish a similar return of men, materials, supplies, &c., carried over said railway.

I am, Sir, your obedient servant,

The Auditor General. T. TRUDEAU, *Acty. Secy.*
